

Table of Contents

Preface.....	1
About This Book	2
The Audience of This Book	3
No Need to Read the Whole Book	4
About the Authors	9
Acknowledgements	10
1 What Pervasive Computing Is All About	11
1.1 Times Are Changing.....	11
1.2 Decentralization Continues.....	14
1.3 Applied Pervasive Computing	16
1.4 Pervasive Computing Principles	18
1.4.1 Decentralization	19
1.4.2 Diversification	19
1.4.3 Connectivity	22
1.4.4 Simplicity.....	23
1.5 Pervasive Information Technology	24
Part I.	
Devices.....	27
2 Information Access Devices	31
2.1 Handheld Computers	31

2.1.1 Palm OS-Based Devices.....	31
2.1.2 Windows CE-Based Handheld Computers.....	35
2.2 Sub-Notebooks	41
2.2.1 Windows CE-Based Sub-Notebooks.....	41
2.2.2 EPOC-Based Sub-Notebooks	42
2.3 Phones.....	43
2.3.1 Cellular Phones.....	43
2.3.2 Data Transmission Capabilities.....	44
2.3.3 Smart Phones.....	46
2.3.4 Screenphones	48
2.4 Further Readings.....	49
 3 Smart Identification	 53
3.1 Smart Cards	53
3.1.1 What Is a Smart Card?	53
3.1.2 Smart Card Hardware	55
3.1.3 Smart Card Software	58
3.1.4 Communication Between the On-Card and Off-Card Parts	59
3.2 Smart Labels	62
3.2.1 Example Applications.....	65
3.3 Further Readings.....	67
 4 Embedded Controls	 71
4.1 Smart Sensors and Actuators.....	71
4.2 Smart Appliances	77
4.2.1 The Smart Clock	77
4.2.2 Heating, Ventilation, and Air Conditioning.....	78
4.2.3 White Goods Appliances	79
4.3 Appliances and Home Networking.....	83
4.3.1 Residential Gateway	84
4.3.2 Cellular Communication	85
4.3.3 Service Provider and Residential Gateway	87
4.4 Automotive Computing.....	87
4.4.1 Intelligent Controls, Sensors, and Actuators.....	87

4.4.2 On-Board Computing Systems.....	89
4.4.3 In-Vehicle networks	95
4.5 Further Readings	102
5 Entertainment Systems.....	105
5.1 Television Systems.....	105
5.1.1 New Applications	105
5.1.2 Analog and Digital Broadcasting	107
5.1.3 Set-Top Boxes	108
5.1.4 New Players in the Entertainment Business	109
5.2 Game consoles.....	110
5.2.1 Sega Dreamcast	111
5.2.2 Sony Playstation 2	113
5.2.3 Nintendo Dolphin.....	115
5.2.4 Microsoft X-Box	116
5.3 Further Readings.....	117
Part II.	
Software	119
6 Java.....	121
6.1 Language Characteristics	122
6.2 Java Class Libraries	123
6.3 Java Editions	125
6.4 PersonalJava and EmbeddedJava	128
6.5 Development Tools for Java	129
6.6 Further Readings.....	131
7 Operating Systems.....	133
7.1 Windows CE.....	133
7.1.1 Operating System Configurations.....	134
7.1.2 Memory Management	135
7.1.3 Processes, Threads, and Interrupts.....	138

7.1.4 User Interface.....	139
7.1.5 Communication and Networking.....	141
7.1.6 Peripherals and Device Drivers	142
7.1.7 Platform-Builder – Creating a Custom OS	143
7.1.8 Developing Applications	145
7.2 Palm OS	146
7.2.1 Memory Management	147
7.2.2 Events	150
7.2.3 User Interface.....	150
7.2.4 Communication and Networking.....	151
7.2.5 Conduits	154
7.2.6 Developing Applications	155
7.3 Symbian EPOC	157
7.3.1 Operating System Architecture	158
7.3.2 Application Architecture	159
7.3.3 Developing Applications	159
7.3.4 A Sample Application.....	161
7.4 Java Card	162
7.4.1 Java Card Framework	163
7.4.2 Lifetime of On-Card Applets and Objects	164
7.4.3 Developing a Card Applet.....	165
7.4.4 A Sample Applet	167
7.5 Windows for Smart Cards.....	169
7.5.1 File System and Access Control	169
7.5.2 Applets and Windows for Smart Cards API.....	171
7.5.3 Off-Card Application.....	173
7.5.4 Solution Manager	174
7.5.5 A Sample Card Applet	175
7.6 Further Readings.....	177
 8 Middleware Components	 181
8.1 Programming Consumer Devices.....	181
8.1.1 JavaPhone API.....	181
8.1.2 JavaTV API	183
8.1.3 WebTV	186
8.2 Smart Card Programming.....	188

8.2.1 OpenCard Framework	188
8.2.2 PC/SC	192
8.3 Messaging Components.....	195
8.3.1 MQ Everyplace.....	195
8.4 Database Components.....	199
8.4.1 DB2 Everywhere	199
8.5 Further Readings.....	200
9 Security.....	203
9.1 The Importance of Security	203
9.2 Cryptographic Patterns and Methods	204
9.2.1 Symmetric Cryptographic Algorithms	204
9.2.2 Asymmetric Cryptographic Algorithms.....	208
9.2.3 How Secure Is an Algorithm?	211
9.3 Cryptographic Tools	212
9.3.1 Hash	212
9.3.2 Message Authentication Code (MAC)	212
9.3.3 Digital Signature	212
9.3.4 Certificate	214
9.4 Secure Socket Layer (SSL)	214
9.5 Further Readings.....	215
Part III.	
Connecting the World.....	217
10 Internet Protocols and Formats	219
10.1 Hypertext Transfer Protocol (HTTP)	219
10.2 Hypertext Markup Language (HTML)	221
10.3 Extensible Markup Language (XML)	222
10.4 Further Readings	226

11 WAP	227
11.1 The WAP Architecture.....	227
11.2 Wireless Application Environment.....	230
11.2.1 Wireless Markup Language.....	233
11.2.2 WAP Binary XML Content Format	237
11.2.3 WMLScript	238
11.3 Further Readings.....	241
 12 Connectivity	 243
12.1 Wireless Wide Area Networks	243
12.1.1 Cellular Basics.....	243
12.1.2 Major Digital Cellular Systems	255
12.1.3 Advanced Cellular Radio Standards	263
12.2 Short Range Wireless Communication.....	276
12.2.1 DECT.....	277
12.2.2 Bluetooth	279
12.2.3 IrDA	288
12.3 Home Networks	292
12.4 Further Readings.....	301
 13 Service Discovery	 303
13.1 Universal Plug and Play.....	304
13.2 Jini.....	306
13.3 Salutation.....	307
13.4 Further Readings.....	308
 Part IV.	
Back-End Server Infrastructure	311
 14 Gateways	 315
14.1 Connectivity Gateway.....	316
14.1.1 Palm Webclipping Proxy Server	316
14.1.2 WAP Gateway.....	317

14.2 Wireless Gateway 319

14.3 Transcoding 320

 14.3.1 InfoPyramid Framework322

 14.3.2 ProxiNet Transcoding Gateway.....323

14.4 Residential Gateway..... 323

14.5 Further Readings 324

15 Web Application Servers..... 327

15.1 Architecture and Components..... 327

 15.1.1 Java Servlets328

 15.1.2 Enterprise Java Beans332

15.2 WebSphere Application Server 335

15.3 WebSphere Everyplace Suite 336

15.4 Oracle Portal-to-Go 337

15.5 Further Readings 338

16 Device Management 341

16.1 Tasks of Device Management Systems..... 341

16.2 Tivoli Device Support Infrastructure 342

16.3 User Profiles and Directory Services..... 344

16.4 Further Readings 346

17 Synchronization..... 347

17.1 What Synchronization Is All About..... 347

17.2 The Challenges of Synchronizing Data 348

17.3 Industry Data Synchronization Standards 349

 17.3.1 Infrared Mobile Communications (IrMC)349

 17.3.2 Mobile Application Link (MAL).....350

 17.3.3 SyncML.....350

17.4 Today’s Synchronization Solutions 353

17.5 Further Readings 353

Part V.	
New Services	355
18 Portals and Access Services	357
18.1 Internet Portals	357
18.2 Wireless Portal	358
18.3 Broadcasting Portal	360
18.4 Further Readings.....	361
19 Home Services	363
19.1 The System View.....	363
19.2 Communication Services	364
19.3 Home Automation	365
19.4 Energy Services	366
19.5 Security Services	367
19.6 Remote Home Healthcare Services.....	368
19.7 Further Readings.....	368
20 Travel and Business Services	371
20.1 Travel Services	371
20.1.1 On the Ground	373
20.1.2 ... And in the Air	374
20.2 Business Services	375
20.2.1 Field Support	376
20.3 Further Readings.....	377
21 Consumer Services	379
21.1 Interactive Advertisement	379
21.2 Loyalty.....	380

21.3 Shopping..... 380

21.4 Payment Services 382

21.5 Further Readings 383

Part VI.

Appendices 385

A Bibliography..... 387

B Glossary 391

C Index 399
