<i>Foreword</i>	9
<i>Acknowledgments</i>	11
<i>Summary</i>	13
<i>Zusammenfassung</i>	17
<i>Résumé</i>	21
1 INTRODUCTION	25
1.1 Problem statement	25
1.1.1 Waterlogged wood	25
1.1.2 Societal and political impact	26
1.1.3 Long-term preservation	27
1.1.4 Museum presentation	28
1.2 Terminology	28
1.2.1 Conservation documentation	28
1.2.2 Preventive conservation	31
1.2.3 Spatial monitoring	32
1.2.4 Documentation vs monitoring	33
1.3 Summary chapter 1	34
1.4 Structural overview	35
2 BACKGROUND	37
2.1 Digitisation of museum collections	37
2.1.1 New era in museums	37
2.1.2 Goals of collection digitisation	38
2.1.3 Choice and process of digitisation	39
2.1.4 Forced closure, forced change	41
2.2 The on-going preventive conservation debate	41
2.2.1 From fixed values to paradigm change	41
2.2.2 New approach	42
2.2.3 Climate effects on objects	44
2.3 The road to sustainability	45
2.3.1 Green museum movement	45
2.3.2 Sustainable conservation	46
2.4 Conservators in museums	48
2.4.1 Guardians of ethics	48
2.4.2 Role in museums	49
2.4.3 Conservators' education	50
2.5 Summary chapter 2	51
3 AIMS AND DELIMITATION OF RESEARCH TOPIC	53
3.1 Research questions	53
3.1.1 Geodetic measuring systems as an alternative for monitoring	53
3.1.2 Spatial monitoring as part of preventive conservation?	54
3.1.3 Integrate geodetic measuring systems to conservator's workflow	54
3.1.4 Sustainability of spatial monitoring in museum context?	55

3.2	Research aims	55
3.2.1	Investigate geodetic measuring systems to monitor archaeological wooden ships	55
3.2.2	Prove the relevance of spatial monitoring in preventive conservation	56
3.2.3	Embed geodetic measuring systems in conservation-restoration practice	57
3.2.4	Build a connecting bridge between geodetic measuring systems and conservation	57
3.3	Target audience.....	58
3.3.1	Conservators	58
3.3.2	Digital professionals in cultural heritage	60
3.3.3	Decision and policy makers.....	61
3.3.4	Geodetic measuring engineers	62
3.4	Summary chapter 3	63
4	STATE OF RESEARCH	65
4.1	Measuring and monitoring three dimensions: fundamentals	65
4.1.1	Spatial monitoring - Principles	65
4.1.1.1	Typical workflow.....	66
4.1.1.2	Mathematical description of movement	67
4.1.2	Building a framework	68
4.1.2.1	Coordinate system	68
4.1.2.2	Targeting	69
4.1.3	Geodetic measuring systems applied in spatial monitoring	70
4.1.3.1	Laser based.....	70
4.1.3.2	Image based techniques.....	73
4.1.4	Processing and assessing data	76
4.1.4.1	Quality control	76
4.1.4.2	Evaluation	78
4.1.4.3	Processing	80
4.1.4.4	Assessing	80
4.2	Spatial monitoring in moveable cultural heritage	82
4.2.1	Painting conservation	82
4.2.2	Tapestry conservation	83
4.2.3	Three-dimensional wooden objects	84
4.3	Spatial monitoring of archaeological ships in museums.....	85
4.3.1	Ships in museums	85
4.3.1.1	Historical ships under spatial monitoring	85
4.3.1.2	Relevance of spatial monitoring	86
4.3.2	The warship <i>Vasa</i> (Sweden)	88
4.3.2.1	Short history	88
4.3.2.2	Conservation	89
4.3.2.3	Set up spatial monitoring.....	90
4.3.2.4	Monitoring outputs	91
4.3.3	The Flagship of Henry VIII <i>Mary-Rose</i> (England)	92
4.3.3.1	Short history	92
4.3.3.2	Conservation	93
4.3.3.3	Set up spatial monitoring.....	94
4.3.3.4	Monitoring outputs	95
4.3.4	The Roman barge <i>Arles Rhône 3</i> (France).....	96
4.3.4.1	Short history	96
4.3.4.2	Conservation	97
4.3.4.3	Set up spatial monitoring.....	98
4.3.4.4	Monitoring outputs	99
4.3.5	The Viking ship <i>Oseberg</i> (Norway).....	100
4.3.5.1	Short history	100
4.3.5.2	Conservation	101
4.3.5.3	Set up spatial monitoring.....	102

4.3.5.4	Monitoring outputs.....	103
4.4	Summary chapter 4	104
5	CASE STUDY.....	105
5.1	The Bremen Cog.....	106
5.1.1	Short history	106
5.1.1.1	A sensational discovery.....	106
5.1.1.2	Excavations	107
5.1.1.3	Reconstruction	108
5.1.2	Conservation and presentation.....	109
5.1.2.1	Wood assessment and first conservation plan	109
5.1.2.2	Two steps method.....	110
5.1.2.3	Suspended support	111
5.1.3	First surveys	111
5.1.3.1	Stereo camera survey 1980	111
5.1.3.2	Digital photogrammetry 2003	114
5.1.3.3	Laser scanning 2009	115
5.1.4	Motivation(s).....	115
5.1.4.1	Correction, stabilisation, and presentation	115
5.1.4.2	Long-term preservation	117
5.2	Aims	118
5.2.1	Restrictions and constraints	118
5.2.2	Setting up goals	120
5.3	Preliminary trials – COSCH (2014-2016).....	121
5.3.1	COSCH project.....	121
5.3.2	Structure-from-Motion (SfM)	122
5.3.2.1	Set up.....	122
5.3.2.2	Results	123
5.3.3	Terrestrial laser scanning (TLS)	124
5.3.3.1	Set up.....	124
5.3.3.2	Results	124
5.3.4	Total station (TS)	124
5.3.4.1	Set up.....	124
5.3.4.2	Results	125
5.3.5	Data fusion.....	126
5.3.5.1	Set up.....	126
5.3.5.2	Results	126
5.3.6	Discussion	127
5.4	Spatial monitoring 2016-2019.....	128
5.4.1	Evaluation and monitoring concept	128
5.4.1.1	Collaboration with Jade University of Applied Sciences	128
5.4.1.2	Reassessment specifications and former datasets	129
5.4.1.3	Choosing photogrammetry	129
5.4.2	Monitoring set up <i>Bremen Cog</i>	130
5.4.2.1	Selected parameters.....	130
5.4.2.2	Coordinate system	130
5.4.2.3	Targeting	132
5.4.3	Acquisition protocol	133
5.4.4	Data assessment	135
5.4.5	First results	136
5.5	Summary chapter 5	137

6	CONCLUSIONS.....	139
6.1	Review on archaeological ships monitoring	139
6.1.1	Other initiatives.....	139
6.1.1.1	Measuring systems.....	139
6.1.1.2	Expertise involved.....	142
6.1.2	Bremen Cog	143
6.1.2.1	Measuring systems.....	143
6.1.2.2	Equipment	145
6.1.2.3	Expertise involved.....	147
6.1.3	European working group MoPS.....	147
6.2	Lessons learned.....	148
6.2.1	Initiate spatial monitoring.....	149
6.2.2	Speak '3D measuring'	150
6.2.3	Standard 'recipe'	151
6.3	General recommendations.....	152
6.3.1	Recommended workflow.....	152
6.3.2	Necessary infrastructure.....	154
6.3.2.1	Expertise.....	154
6.3.2.2	Equipment	155
6.3.3	Useful readings	156
6.4	Discussion.....	156
6.4.1	Answering research questions and aims.....	156
6.4.2	Scientific contribution	158
6.5	Future Perspectives	159
6.5.1	Bremen Cog	159
6.5.2	Capacity building	159
6.5.3	Further work	160
6.6	Final words	161
7	AUTHOR'S CONTRIBUTIONS.....	163
8	REFERENCES AND BIBLIOGRAPHY.....	169
9	LIST OF FIGURES	181
10	LIST OF TABLES	183
11	LIST OF ABBREVIATIONS.....	185
12	GLOSSARY.....	187
<i>Appendix A.</i>	<i>Non-Exhaustive List of Shipwrecks in Museums.....</i>	<i>A-1</i>
<i>Appendix B.</i>	<i>COSCH – Report STSM – Structure-from-Motion</i>	<i>B-1</i>
<i>Appendix C.</i>	<i>COSCH – Report STSM – Total Station</i>	<i>C-1</i>
<i>Appendix D.</i>	<i>COSCH – Report STSM – Data fusion.....</i>	<i>D-1</i>
