

Molecular Genetics of Affective Psychoses	
M. Baron	1
Molecular Genetics of Schizophrenia	
P. McGuffin, M. Owen and M. Gill	25
Clinical Observations Critical for Linkage Studies of Schizophrenia and Affective Psychose	
C.R. Cloninger	49
The Complexities of Linkage Studies for Neuropsychiatric Disorders	
K.K. Kidd	61
Clinical Aspects of Familial Forms of Alzheimer's Disease	
L. Amaducci, P. Forleo, P. Piersanti and S. Sorbi	75
Molecular Pathology and Aetiology of Alzheimer's Disease	
K. Beyreuther	88
Molecular Genetics of Familial Alzheimer's Disease	
C. Van Broeckhoven and J.-J. Martin	110
Analysis of Psychiatric Disease by Molecular Genetics	
A. Poustka and P. Kioschis	117
Molecular Genetics in Neurodegenerative Disorders	
K. Mikoshiba	126
The D₃ Dopamine Receptor Gene as a Candidate Gene for Genetic Linkage Studies	
P. Sokoloff, L. Lannfelt, M.P. Martres, B. Giros, M.L. Bouthenet, J.C. Schwartz and J.F. Leckerman	135
Structure and Function Relationships of the G-Receptor Family	
M.G. Caron	150

GABA Receptor Genes: Applications to Neuropsychiatric Disorders	
E.A. Barnard	153
Gene Assignment by Random Search in Human Genome	
L. Peltonen	160
Family Studies of Affective Disorders with 11p15.5 DNA Markers	
J. Mallet, A. Malafosse, M. Leboyer, T. d'Amato, S. Amadeo, D. Campion, O. Canseil, D. Castelnau, A. DesLauriers, F. Gheysen, B. Granger, B. Henriksson, H-Loo, M.-F. Poirier, O. Sabate, D. Samolyk, E. Zarifian and F. Clerget-Darpoux	164
Clinical Phenotypes: Problems in Diagnosis	
M. T. Tsuang	173
Biological Markers in Schizophrenia and the Affective Psychoses	
D. Blackwood and W. J. Muir	193
Cotransmission and Comorbidity of Affective Disorders, Anxiety Disorders and Alcoholism in Families	
W. Maier and K. R. Merikangas	207
Biological Marker Studies in Families	
B. Bondy, M. Ackenheil, M. Ertel, H. Giedke, P. König, C. Mundt, H. Sauer and G. Schleuning	225
Twin Research	
A. Bertelsen	234
Assessing the Evidence for Linkage in Psychiatric Genetics	
J. Ott and J. D. Terwilliger	245
Editors and Co-Editors	251
Workshop Participants and Senior Authors	252
Coauthors	260
Acknowledgements	267
