Foreword

Preface

Contributors

Nutrition and Malnutrition

- 1. Anthropometric Parameters in the Assessment of Nutritional Status** **3**
P. Frascarolo, Y. Schutz, E. Jéquier
- 2. Serum and Immunological Parameters in the Assessment of Nutritional Status** **13**
P. Dionigi, V. Jemos, T. Cebrelli

- 3. Energy Balance** **23**
Y. Schutz

Pathophysiology of Malnutrition in COPD

- 4. Epidemiology of Malnutrition in Chronic Obstructive Pulmonary Disease** **35**
S.R. Braun
- 5. Energy Expenditure in Chronic Lung Disease** **45**
J.W. Fitting
- 6. Polyunsaturated Fatty Acids as Nutritional Modulators of the Pulmonary Response to Sepsis** **53**
M.J. Murray

Effects of Malnutrition on Ventilatory System

- 7. Nutritional Status and Respiratory Mechanics** **65**
N.M.T. Braun
- 8. A Preliminary Report on the Effects of Malnutrition on Skeletal Muscle Composition in Chronic Obstructive Pulmonary Disease** **77**
E. Fiaccadori, E. Coffrini, N. Ronda, G. Gonzi, L. Bonandrini,
C. Fracchia, C. Rampulla, N. Ambrosino, T. Montagna, A. Borghetti

9. Malnutrition and Lung Host Defenses: Implications for the Pathogenesis and Prevention of Pneumonia M.S. Niederman	87
10. Respiratory Muscle Function in the Obese M.G. Sampson, A. Grassino	99
11. Eating Behavior in Chronic Obstructive Pulmonary Disease G. Maiani, S. Callegari, L. Viola, A. Calvi, T. Montagna	109
<i>Clinical Aspects of Malnutrition in COPD</i>	
12. The Effects of Nutritional Support to Malnourished ambulatory Chronic Obstructive Pulmonary Disease Patients O. Nørregaard	119
13. Lung Alveolar Modifications and Nutrition in Malnourished Patients on Mechanical Ventilation: a Preliminary Report S. Zanaboni, M. Lusuardi, A. Capelli, S. Zaccaria, E.L. Spada, C.F. Donner	123
14. Nutrition in ARDS and Multiorgan Failure J.M. Kinney	137
15. Metabolic Support and Energy Supply for Acute Respiratory Failure G. Iapichino	147
16. Cachexia in Chronic Obstructive Pulmonary Disease E.F.W. Wouters, A.M.W.J. Schols	159
<i>Nutritional Therapy</i>	
17. Macronutrient Effect on Metabolism and Ventilation in Patients with Chronic Lung Disease S.A. Goldstein-Shapses, J. Askanazi	167
18. Parenteral Nutrition in Cystic Fibrosis B. Skeie, E. Søreide, O. Kirvelä, D.P. Katz, J. Askanazi	175
19. Oral Intake, O₂, Dyspnea, Dysphagia and Other Considerations in Chronic Obstructive Pulmonary Disease Patients R.D. Ferranti, M. Roberto, C. Brown III, C. Coelho	181
20. Influence of Body Mass Index on Maximal Static	191

Respiratory Pressures

N. d'Aloya, S. Subiaco, S. Antenori, L. Lentini

**21. The Effect of Resistive Breathing Training Combined with
Nutritional Supplementation in Malnourished Chronic Obstructive
Pulmonary Disease**

197

D. Gross, E. Meyron, D. Schindler
