

Contents

Part I: Pre-Mesozoic Basement and Alpine Structures

Map with indication of the discussed areas and index of contributions.	1
The Structure of the Alps: An Introduction.	3
O. A. PFIFFNER	
Basement-Cover Relationship in the Western Alps. Constraints for the Pre-Triassic Reconstructions	7
P. C. DE GRACIANSKY	
Palinspastic Reconstruction of the Pre-Triassic Basement Units in the Alps: The Central Alps	29
O. A. PFIFFNER	
Palinspastic Reconstruction of the Pre-Triassic Basement Units in the Alps: The Eastern Alps	41
L. RATSCHBACHER, W. FRISCH	

Part II: Pre-Mesozoic Basement of the Alps

Index of contributions	53
History of Geological Investigations in the Pre-Triassic Basement of the Alps . . .	55
J. F. VON RAUMER, F. NEUBAUER	
Stratigraphy, Biogeography and Climatic Relationships of the Alpine Palaeozoic	65
H. P. SCHÖNLAUB	
The Pre-Alpine Evolution of the Continental Crust of the Central Alps – An Overview.	93
D. GEBAUER	
Ultramafic Rocks in the Pre-Mesozoic Basement of the Central and External Western Alps	119
H. R. PFEIFER, G. BIINO, R. P. MÉNOT, P. STILLE	
Pre-Alpidic Ore Deposits in the Central, Eastern and Southern Alps	145
V. KÖPPEL, F. NEUBAUER, E. SCHROLL	
Palaeomagnetic Data from the Palaeozoic Basement of the Alps.	163
H. J. MAURITSCH	
Late Variscan Magmatic Evolution of the Alpine Basement.	171
B. BONIN (COORD.), P. BRÄNDLEIN, F. BUSSY, J. DESMONS, U. EGGENBERGER, F. FINGER, K. GRAF, CH. MARRO, I. MERCOLLI, R. OBERHÄNSLI, A. PLOQUIN, A. VON QUADT, J. F. VON RAUMER, U. SCHALTEGGER, H. P. STEYRER, D. VISONA, G. VIVIER	

Late Palaeozoic – Early Mesozoic Plate Reorganization: Evolution and Demise of the Variscan Fold Belt	203
P. A. ZIEGLER	

Part III: Specific Descriptions of Pre-Alpine Basement

Chapter 1: The Helvetic Realm

Map with indication of the discussed areas and index of contributions.	219
The Pre-Alpine Evolution of the External Massifs.	221
J. F. VON RAUMER, R. P. MÉNOT, J. ABRECHT, G. BIINO	
Geodynamic Significance of Basic and Bimodal Magmatism in the External Domain	241
R. P. MÉNOT, J. L. PAQUETTE	

Chapter 2: Penninic Realm

Map with indication of the discussed areas and index of contributions.	255
Elements of the Palaeozoic History of the Ligurian Alps.	257
L. CORTESOGNO, G. DALLAGIOVANNA, L. GAGGERO, M. VANOSI	
Passing Through the Briançon Zone (Briançonnais, France)	279
J. DESMONS, D. MERCIER	
The Pre-Alpine Basement of the Briançonnais (Wallis, Switzerland)	297
P. THÉLIN, M. SARTORI, M. BURRI, Y. GOUFFON, R. CHESSEX	
The Dora – Maira Massif.	317
R. SANDRONE, P. CADOPPI, R. SACCHI, P. VIALON	
Evolution of Austro-Alpine and Upper Penninic Basement in the Northwestern Alps from Variscan Convergence to Post-Variscan Extension	327
G. V. DAL PIAZ	
The Lepontine Area, a Geochronological Summary	345
V. KÖPPEL	
Evolution of the Penninic Basement of the Eastern Alps	349
W. FRISCH, G. VAVRA, M. WINKLER	
The Habach-Formation and the Zentralgneis – A Key in Understanding the Palaeozoic Evolution of the Tauern Window (Eastern Alps)	361
V. HÖCK	
The Zentralgneis of the Tauern Window (Eastern Alps): Insight into an Intra-Alpine Variscan Batholith	375
F. FINGER, G. FRASL, B. HAUNSCHMID, H. LETTNER, A. VON QUADT, A. SCHERMAIER, A. O. SCHINDLMAYR, H. P. STEYRER	

Chapter 3: Austro-Alpine Realm

Map with indication of the discussed areas and index of contributions.	393
The Classic Fossiliferous Palaeozoic Units of the Eastern and Southern Alps ...	395
H. P. SCHÖNLAUB, H. HEINISCH	
The Austro-Alpine Quartzphyllites and Related Palaeozoic Formations	423
F. NEUBAUER, F. P. SASSI	

Palaeozoic Volcanism of the Eastern Alps and its Palaeotectonic Significance . . .	441
J. LOESCHKE, H. HEINISCH	
The Pre-Alpine Basement of the Lower Austro-Alpine Nappes in the Bernina Massif (Grisons, Switzerland; Valtellina, Italy)	457
P. SPILLMANN, H. BÜCHI	
Evolution of the Silvretta Nappe	469
M. MAGGETTI, M. FLISCH	
Evolution of the Ötztal-Stubai, Scarl-Campo and Ulten Basement Units	485
G. HOINKES, M. THÖNI	
Austro-Alpine Basement Complex to the South of the Tauern Window	495
B. SCHULZ, G. NOLLAU, H. HEINISCH, G. GODIZART	
The Austro-Alpine Metamorphic Basement East of the Tauern Window	515
F. NEUBAUER, W. FRISCH	
Late- and Post-Variscan Sediments of the Eastern and Southern Alps.	537
K. KRAINER	

Chapter 4: Southern Alps

Map with indication of the discussed areas and index of contributions.	565
Ivrea Zone and Adjacent Southern Alpine Basement	567
S. M. SCHMID	
Pre-Alpine Structural and Metamorphic Histories in the Orobic Southern Alps, Italy	585
G. B. SILETTO, M. I. SPALLA, A. TUNESI, J. M. LARDEAUX, A. COLOMBO	
The South-Alpine Metamorphic Basement in the Eastern Alps.	599
F. P. SASSI, R. SPIESS	
The Pre-Alpine Basement in the Alpi Apuane (Northern Apennines, Italy)	609
P. CONTI, A. DI PISA, M. GATTIGLIO, M. MECCHERI	

Part IV: Conclusions

Index of contributions	623
Late Precambrian and Palaeozoic Evolution of the Alpine Basement – An Overview.	625
J. F. VON RAUMER, F. NEUBAUER	
The Alpine Basement – Linkage Between Variscides and East-Mediterranean Mountain Belts	641
F. NEUBAUER, J. F. VON RAUMER	

Subject Index	665
