

TABLE OF CONTENTS

Preface	VII
Section 1: Introduction	
Towards a Review of Tertiary Palaeobotany in the Boreal Realm.....	1
M.C. Boulter	
Fossil Plants as Palaeoenvironmental Indicators.....	13
W.G. Chaloner	
Section 2: The Atmosphere, Tectonics and the Marine Realm	
Palaeo-Ecophysiological Studies	
on Cretaceous and Tertiary Fossil Floras.....	23
D.J. Beerling	
Cenozoic Tectono-Magmatic Events in the North Atlantic:	
Potential Palaeo-Environmental Implications.....	35
O. Eldholm, A.M. Myhre and J. Thiede	
Cenozoic Dinoflagellate Palaeoecology Elucidated,	
and Used for Marine-Terrestrial Biological Correlation.....	57
R.N.L.B. Hubbard, M.C. Boulter and S.B. Manum	
Late Eocene-Oligocene Dinoflagellate Provincialism in the North Atlantic Ocean...	73
S.P. Damassa and G.L. Williams	
Dinoflagellate Cysts and Climate Change Through the Neogene.....	93
R. Harland	
Section 3: Comparisons with other Evidence	
Comparison of Palaeo Data Based on Plant and Foraminiferal Evidence	
from the Cenozoic of Northeast Asia (Koryak Hills, Kamchatka).....	107
L.I. Fot'janova and M.Y. Serova	
Tertiary Climate Changes in the Far East Based on Palaeofloristic and	
Palaeomagnetic Data.....	115
V.A. Krassilov	
Section 4: Palaeobotanical Evidence	
A Review of Late Cretaceous Floras and Climates of Arctic Russia.....	127
A.B. Herman	
Late Cretaceous Arctic Platanoids and High Latitude Climate.....	151
A.B. Herman	
Circum-Arctic Plant Fossils and the Cretaceous-Tertiary Transition.....	161
R.A. Spicer, K.S. Davies and A.B. Herman	

Early Tertiary Vegetation of Arctic Canada and Its Relevance to Paleoclimatic Interpretation.....	175
J.F. Basinger, D.R. Greenwood and T. Sweda	
Two Conifers - <i>Tetraclinis</i> Mast. (Cupressaceae) and <i>Metasequoia</i> Miki (Taxodiaceae) – Relicts or Palaeoclimatic Indicators of the Past.....	199
D.H. Mai	
The Palaeogene Flora of Spitsbergen: Implications for Arcto-Tertiary Climastratigraphy.....	215
S.B. Manum	
Alaskan Palaeogene Climates as Inferred from the Clamp Database.....	223
J.A. Wolfe	
Invasion of Arcto-Tertiary Elements in the Paleogene of Central Europe.....	239
H. Walther	
Connecting Links Between the Arctic Paleocene and European Tertiary Floras.....	251
Z. Kvacek	
An Estimate of the Early Tertiary Paleoclimate of the Southern Arctic.....	267
B.H. Tiffney	
The Fossil of the Paleogene Climatic Optimum in North Eastern Asia.....	297
L. Yu. Budantsev	
Some Early Paleocene Species from western Kamchatka.....	315
O.D. Lavrenko and L.I. Fot'janova	
Migrations and Evolution: Computerised Maps from Computerised Data.....	327
S.M. Brown	
Floristic Changes in the Areas Surrounding the Paratethys During Neogene Time.	347
J. Kovar-Eder <i>et al.</i>	
Some Late Pliocene and Early Pleistocene Pollen Profiles from Poland.....	371
L. Stuchlik	
 Section 5: A Challenge and the Future	
Arcto-Tertiary '93: Perspectives and Prospects.....	383
M.E. Collinson	
Plans for Further International Cooperation.....	389
 Subject Index	 399
