

Contents

Preface — V

List of Contributors — IX

Terry A. Berger

1 A history of supercritical fluid chromatography (SFC) — 1

Eric R. Francotte

2 Achiral preparative supercritical fluid chromatography — 23

Abhijit Tarafder, Steven M. Collier, Jason F. Hill

3 Addressing robust operation and reproducibility in SFC — 73

Craig White, Andreas Kaerner, Alfonso Rivera, Eric Seest, Matthew Belvo,
John Burnett, Thomas Perun, Arancha Sonia Marin, Thomas Castle,
Maria Luz de la Puente, Cristina Anta, Pilar Lopez

4 SFC within early drug discovery research – a user's perspective — 95

Vincent Desfontaine, Raul Nicoli, Tiia Kuuranne, Jean-Luc Veuthey, Davy Guillarme

5 What is the potential of SFC-MS for doping control analysis? — 111

Alexander Marziale

6 SFC as a novel approach to assess polarity and identify intramolecular hydrogen bonding — 129

Eric Lesellier and Caroline West

7 Applications of supercritical fluid chromatography: Natural products in pharmaceutical, cosmetic, and food applications — 139

Chandan L. Barhate, Erin E. Jordan, Philip A. Searle

8 Analytical chiral supercritical fluid chromatography — 173

Index — 199
