Introduction	xi
<i>Steve Parker</i>	

Part 1: **Sonority and Phonotactics**

Sonority and sonority-based relationships within American English monosyllabic words	3
<i>Karen Baertsch</i>	

The role of sonority in the phonology of Latin	39
<i>András Cser</i>	

Is the Sonority Sequencing Principle an epiphenomenon?	65
<i>Eric Henke, Ellen M. Kaisse and Richard Wright</i>	

Sonority distance vs. sonority dispersion – a typological survey	101
<i>Steve Parker</i>	

Sonority variation in Stochastic Optimality Theory: Implications for markedness hierarchies	167
<i>Jennifer L. Smith and Elliott Moreton</i>	

Sonority intuitions are provided by the lexicon	195
<i>Ruben van de Vijver and Dinah Baer-Henney</i>	

Part 2: **Sonority and Phonetics**

Sonority and central vowels: A cross-linguistic phonetic study	219
<i>Matthew Gordon, Edita Ghushchyan, Bradley McDonnell, Daisy Rosenblum and Patricia A. Shaw</i>	

Sonority and the larynx	257
<i>Brett Miller</i>	

Articulatory bases of sonority in English liquids <i>Michael Proctor and Rachel Walker</i>	289
---	-----

Part 3:
Sonority and Language Acquisition

The Sonority Dispersion Principle in the acquisition of Hebrew word final codas <i>Outi Bat-El</i>	319
--	-----

Part 4:
Sonority and Sign Language

Acceleration peaks and sonority in Finnish Sign Language syllables <i>Tommi Jantunen</i>	347
---	-----

Part 5:
Sonority and Computational Modeling

Sonority and syllabification in a connectionist network: An analysis of BrbrNet <i>Paul Tupper and Michael Fry</i>	385
