

Contents

1 Vessels 1 ---

Aorta, Vena Cava, and Peripheral Vessels 3

G. Schmidt

- ▼ **Aorta, Arteries 5**
 - ▶ Anomalies and Variant Positions 5
 - ▶ Dilatation 7
 - ▶ Stenosis 11
 - ▶ Wall Thickening 16
 - ▶ Intraluminal Mass 20
 - ▶ Perivascular Mass 22

- ▼ **Vena Cava, Veins 25**

- ▶ Anomalies 25
- ▶ Dilatation 26
- ▶ Intraluminal Mass 28
- ▶ Compression, Infiltration 31

Portal Vein and Its Tributaries 33

C. Goerg

- ▼ **Enlarged Lumen Diameter 35**
 - ▶ Portal Hypertension 35
- ▼ **Intraluminal Mass 43**
 - ▶ Thrombosis 43
 - ▶ Tumor 48

2 Liver 49 ---

M. Brandt

- ▼ **Diffuse Changes in the Hepatic Parenchyma 61**
 - ▶ Enlarged Liver 62
 - ▶ Small Liver 67
 - ▶ Homogeneous Hypoechoic Texture 68
 - ▶ Homogeneous Hyperechoic Texture 70
 - ▶ Regionally Inhomogeneous Texture 71
 - ▶ Diffuse Inhomogeneous Texture 72

- ▼ **Localized Changes in Hepatic Parenchyma 74**
 - ▶ Anechoic Masses 76
 - ▶ Hypoechoic Masses 81
 - ▶ Isoechoic Masses 87
 - ▶ Hyperechoic Masses 89
 - ▶ Echodense Masses 94
 - ▶ Irregular Masses 97

- ▼ **Differential Diagnosis of Focal Lesions 98**
 - ▶ Diagnostic Methods 98
 - ▶ Suspected Diagnosis 99

3 Biliary Tree and Gallbladder 101

Biliary Tree 103

L. Greiner and J. Mueller

- ▼ **Thickening of the Bile Duct Wall 105**
 - ▶ Localized and Diffuse 105
- ▼ **Bile Duct Rarefaction 106**
 - ▶ Localized and Diffuse 106
- ▼ **Bile Duct Dilatation and Intraductal Pressure 107**
 - ▶ Intrahepatic 108
 - ▶ Hilar and Prepancreatic 109
 - ▶ Intrapaneatic 111
 - ▶ Papillary 112
- ▼ **Abnormal Intraluminal Bile Duct Findings 112**
 - ▶ Foreign Body 112
- ▼ **Differential Diagnosis of Sonographic Cholestasis 114**
 - ▶ The Seven Most Important Questions 114

Gallbladder 119

C. Jakobeit

- ▼ **Changes in Size 122**
 - ▶ Large Gallbladder (> 10 cm) 122
 - ▶ Small/Missing Gallbladder 123
- ▼ **Wall Changes 125**
 - ▶ General Hypoechogenicity 125
 - ▶ General Hyperechogenicity 127
 - ▶ Focal Hypoechogenicity/Hyperechogenicity 128
 - ▶ General Tumor 129
 - ▶ Focal Tumor 131
- ▼ **Intraluminal Changes 134**
 - ▶ Hyperechoic 134
 - ▶ Hypoechoic 134
- ▼ **Nonvisualized Gallbladder 137**

L. Greiner and J. Müller

 - ▶ Missing Gallbladder 137
 - ▶ Obscured Gallbladder 137

4 Pancreas 141

G. Schmidt

- ▼ **Diffuse Pancreatic Change 144**
 - ▶ Large Pancreas 144
 - ▶ Small Pancreas 145
 - ▶ Hypoechoic Texture 147
 - ▶ Hyperechoic Texture 148
- ▼ **Focal Changes 152**
 - ▶ Anechoic Lesion 152
 - ▶ Hypoechoic Lesion 154
 - ▶ Isoechoic Lesion 158
 - ▶ Hyperechoic Lesion 160
 - ▶ Irregular Lesion 163
- ▼ **Dilatation of the Pancreatic Duct 164**
 - ▶ Marginal/Mild Dilatation 166
 - ▶ Marked Dilatation 167

5 Spleen 171

C. Goerg

- ▼ **Nonfocal Changes of the Spleen 176**
 - ▶ Diffuse Parenchymal Changes 176
 - ▶ Large Spleen 177
 - ▶ Small Spleen 180
- ▼ **Focal Changes 182**
 - ▶ Anechoic Mass 182
 - ▶ Hypoechoic Mass 184
 - ▶ Hyperechoic Mass 193
 - ▶ Splenic Calcification 195

6 Lymph Nodes 197

C. Goerg

- ▼ **Peripheral Lymph Nodes** 207
 - ▶ Head/Neck 207
 - ▶ Extremities (Axilla, Groin) 210
- ▼ **Abdominal Lymph Nodes** 212
 - ▶ Hepatic Portal 212
 - ▶ Splenic Hilum 215
- ▶ Mesentery (Celiac, Upper and Lower Mesenteric Station) 216
- ▶ Retroperitoneum (Para-aortic, Paracaval, Aortointercaval, and Iliac Station) 219

7 Gastrointestinal Tract 223

M. Brandt

- ▼ **Stomach** 229
 - ▶ Focal Wall Changes 229
 - ▶ Extended Wall Changes 232
 - ▶ Dilated Lumen 233
 - ▶ Narrowed Lumen 234
- ▼ **Small/Large Intestine** 235
 - ▶ Focal Wall Changes 236
 - ▶ Extended Wall Changes 241
 - ▶ Dilated Lumen 245
 - ▶ Narrowed Lumen 247

8 Peritoneal Cavity 249

D. Nuernberg

- ▼ **Diffuse Changes** 254
 - ▶ Anechoic Structure 256
 - ▶ Hypoechoic Structure 258
 - ▶ Hyperechoic Structure 261
- ▼ **Localized Changes** 262
 - ▶ Anechoic Structure 263
 - ▶ Hypoechoic Structure 264
 - ▶ Hyperechoic Structure 265
- ▼ **Wall Structures** 266
 - ▶ Smooth Margin 266
 - ▶ Irregular Margin 267
- ▼ **Differentiating Intra- and Extra-luminal GI Tract Fluid** 269
 - ▶ Intra gastric Processes 269
 - ▶ Intra intestinal Processes 270

9 Kidneys 273

G. Schmidt

- ▼ **Anomalies, Malformations** 276
 - ▶ Aplasia, Hypoplasia 276
 - ▶ Cystic Malformation 277
 - ▶ Anomalies of Number, Position, or Rotation 278
 - ▶ Fusion Anomaly 280
 - ▶ Collecting System Anomaly 281
 - ▶ Vascular Anomaly 281
- ▼ **Diffuse Changes** 282
 - ▶ Large Kidneys 282
 - ▶ Small Kidneys 287
- ▶ Hypoechoic Structure 289
- ▶ Hyperechoic Structure 290
- ▶ Irregular Structure 295
- ▼ **Circumscribed Changes** 296
 - ▶ Anechoic Structure 296
 - ▶ Hypoechoic or Isoechoic Structure 301
 - ▶ Complex Structure 307
 - ▶ Hyperechoic Structure 309
 - ▶ Echogenic Structure 311

10 Adrenal Glands 315

D. Nuernberg

- ▼ **Enlargement 318**
 - ▶ Anechoic Structure 318
 - ▶ Hypoechoic Structure 320
 - ▶ Complex Echo Structure 324
 - ▶ Hyperechoic Structure 325

11 Urinary Tract 329

G. Schmidt

- ▼ **Malformations 333**
 - ▶ Duplication Anomalies 333
 - ▶ Dilatations and Stenoses 334
- ▼ **Dilated Renal Pelvis and Ureter 336**
 - ▶ Anechoic 336
 - ▶ Hypoechoic 342
- ▼ **Renal Pelvic Mass, Ureteral Mass 344**
 - ▶ Hypoechoic 344
 - ▶ Hyperechoic 345
- ▼ **Changes in Bladder Size or Shape 348**
 - ▶ Large Bladder 348
 - ▶ Small Bladder 349
 - ▶ Altered Bladder Shape 351
- ▼ **Intracavitary Mass 352**
 - ▶ Hypoechoic 352
 - ▶ Hyperechoic 355
 - ▶ Echogenic 358
- ▼ **Wall Changes 359**
 - ▶ Diffuse Wall Thickening 359
 - ▶ Circumscribed Wall Thickening 360
 - ▶ Concavities and Convexities 362

12 Prostate, Seminal Vesicles, Testis, Epididymis 365

G. Schmidt

The Prostate 367

- ▼ **Enlarged Prostate 368**
 - ▶ Regular 368
 - ▶ Irregular 370
- ▼ **Small Prostate 371**
 - ▶ Regular 371
 - ▶ Echogenic 372
- ▼ **Circumscribed Lesion 372**
 - ▶ Anechoic 372
 - ▶ Hypoechoic 373
 - ▶ Echogenic 375

Seminal Vesicles 376

- ▼ **Diffuse Change 376**
 - ▶ Hypoechoic 376
- ▼ **Circumscribed Change 377**
 - ▶ Anechoic 377
 - ▶ Echogenic 378
 - ▶ Irregular 378

- ▼ **Testis, Epididymis 379**
 - ▶ Anatomy and Topography 379

Testis, Epididymis 379

- ▼ **Diffuse Change 380**
 - ▶ Enlargement 380
 - ▶ Decreased Size 381
- ▼ **Circumscribed Lesion 381**
 - ▶ Anechoic or Hypoechoic 381
 - ▶ Irregular 383
- ▼ **Epididymal Lesion 383**
 - ▶ Anechoic 383
 - ▶ Hypoechoic 384
- ▼ **Intrascrotal Mass 385**
 - ▶ Anechoic or Hypoechoic 385
 - ▶ Echogenic 386

13 Female Genital Tract 387

B. Beuscher-Willems

- ▼ **Vagina 390**
 - ▶ Masses 390
 - ▶ Abnormalities of Size or Shape 391
- ▼ **Uterus 392**
 - ▶ Abnormalities of Size or Shape 393
 - ▶ Myometrial Changes 394
 - ▶ Intracavitary Changes 396
 - ▶ Endometrial Changes 398
- ▼ **Fallopian Tubes 402**
 - ▶ Hypoechoic Mass 402
- ▼ **Ovaries 403**
 - ▶ Anechoic Cystic Mass 404
 - ▶ Solid Echogenic or Nonhomogeneous Mass 407

14 Thyroid Gland 415

G. Schmidt

- ▼ **Diffuse Changes 419**
 - ▶ Enlarged Thyroid Gland 419
 - ▶ Small Thyroid Gland 423
 - ▶ Hypoechoic Structure 427
 - ▶ Hyperechoic Structure 429
- ▼ **Differential Diagnosis of Hyperthyroidism 443**
 - ▶ Types of Autonomy 443
- ▼ **Circumscribed Changes 429**
 - ▶ Anechoic 429
 - ▶ Hypoechoic 431
 - ▶ Isoechoic 438
 - ▶ Hyperechoic 439
 - ▶ Irregular 441

15 Pleura and Chest Wall 447

C. Goerg

- ▼ **Chest Wall 451**
 - ▶ Masses 451
- ▼ **Pleural Effusion 462**
 - ▶ Anechoic Effusion 463
 - ▶ Echogenic Effusion 464
 - ▶ Complex Effusion 466
- ▼ **Parietal Pleura 456**
 - ▶ Nodular Masses 456
 - ▶ Diffuse Pleural Thickening 459

16 Lung 469

C. Goerg

- ▼ **Masses 471**
 - ▶ Anechoic Masses 472
 - ▶ Hypoechoic Masses 474
 - ▶ Complex Masses 483
