

Markus Berndt

Global Differences in Corporate Governance Systems

Theory and Implications for Reforms

With a Foreword by Prof. Reinier H. Kraakman

Deutscher Universitäts-Verlag

Table of Contents

| | |
|---|-------------|
| Foreword | V |
| Preface | VII |
| List of Tables | XIII |
| List of Figures | XV |
| List of Variables | XVII |
| 1. Introduction | 1 |
| 2. Differences in Corporate Governance Systems | 4 |
| 2.1 Components of a Corporate Governance System – Scope of the Analysis | 4 |
| 2.2 Empirical Evidence | 5 |
| 2.2.1 Concentration of Control | 5 |
| 2.2.2 Ownership | 9 |
| 2.2.3 Capital Markets | 10 |
| 2.2.4 Legislation | 11 |
| 2.2.5 Summary – Stylized Facts | 13 |
| 2.2.6 Recent Developments | 13 |
| 2.3 Explanations for the Evolution of Different Systems | 14 |
| 2.3.1 Potential Influences on Corporate Governance | 14 |
| 2.3.2 Technology | 15 |
| 2.3.3 Financial Institutions | 15 |
| 2.3.4 Legal Tradition | 16 |
| 2.3.5 Labor Relations | 18 |
| 2.3.6 Property Rights and Interventionism | 18 |
| 2.4 Explanations for the Persistence of Different Systems | 19 |
| 2.4.1 Remaining Questions | 19 |
| 2.4.2 Political Economy | 19 |
| 2.4.3 Network Effects | 20 |
| 3. Analytical Framework | 22 |
| 3.1 Purpose of Corporate Governance | 22 |
| 3.1.1 Shared Purpose | 22 |
| 3.1.2 Main Agency Problems of the Different Corporate Governance Strategies | 24 |
| 3.2 The Role of Institutions and Law | 28 |
| 3.2.1 Market Response | 28 |
| 3.2.2 Potential Market Failures | 29 |
| 3.2.3 Legislative Intervention | 30 |
| 4. Dispersed Control – the Outsider System | 32 |
| 4.1 Takeover Market and the Agency Costs of Dispersed Control | 32 |
| 4.2 Institutional Innovation | 34 |

| | | |
|-----------|--|-----------|
| 4.3 | A Case for Mandatory Disclosure | 36 |
| 4.3.1 | Benefits and Costs of Disclosure | 36 |
| 4.3.2 | Model | 39 |
| 4.3.3 | Implications | 41 |
| 5. | Concentrated Control – the Insider System | 44 |
| 5.1 | Differences with Dispersed Control | 44 |
| 5.2 | Modeling the Reputation Mechanism of Concentrated Control | 44 |
| 5.2.1 | Setup | 44 |
| 5.2.2 | Sequential Equilibrium | 48 |
| 5.2.3 | Sketch of Proof | 49 |
| 5.2.4 | Properties of the Sequential Equilibrium | 58 |
| 5.3 | Implications | 58 |
| 5.3.1 | Corporate Governance without Control | 58 |
| 5.3.2 | Consequences for the Institutional Design | 60 |
| 5.4 | Legislative Intervention | 62 |
| 5.4.1 | Need for Legislative Intervention? | 62 |
| 5.4.2 | Preemptive Rights and Shareholder Approval to Authorized Capital Increases | 63 |
| 6. | Network Effects via Capital Markets | 68 |
| 6.1 | Influence of Corporate Governance on Capital Market Liquidity | 68 |
| 6.2 | The Influence of Capital Market Liquidity on Corporate Governance | 69 |
| 6.2.1 | The Effects on the Costs of Capital of Dispersed Control | 69 |
| 6.2.2 | The Effects on the Costs of Capital of Concentrated Control | 69 |
| 6.3 | Resulting Network Effects | 72 |
| 7. | Evolutionary Model | 76 |
| 7.1 | Intention and Structure | 76 |
| 7.2 | Setup | 76 |
| 7.2.1 | Players | 76 |
| 7.2.2 | Strategies of Corporate Control | 76 |
| 7.2.3 | Capital Markets | 77 |
| 7.2.4 | Legislative Strategies | 77 |
| 7.2.5 | Structure of the Model | 78 |
| 7.3 | Control Strategy | 79 |
| 7.3.1 | Firms' Payoffs | 79 |
| 7.3.2 | Decision Process | 80 |
| 7.3.3 | Cost of Capital | 81 |
| 7.3.4 | Strategy Choice | 82 |
| 7.3.5 | Equilibria | 84 |
| 7.4 | Legislation and Financial System | 86 |
| 7.4.1 | The Legislator's Payoffs | 86 |
| 7.4.2 | Strategy Choice | 86 |
| 7.4.3 | Financial System | 89 |

| | |
|---|------------|
| 8. Implications for Corporate Governance Reforms | 93 |
| 8.1 Sequencing of Reforms | 93 |
| 8.1.1 Influence of the Overall Quality of Law on the Autonomous Costs of Capital | 93 |
| 8.1.2 Influence of the Overall Quality of Law on the Corporate Governance System | 93 |
| 8.1.3 Introduction of Mandatory One-Share–One-Vote Provisions | 94 |
| 8.1.4 Proposed Sequencing of Reforms | 95 |
| 8.2 Hysteresis of Inefficient Systems | 96 |
| 8.2.1 Social Welfare | 96 |
| 8.2.2 Inherent Coordination Problems | 97 |
| 8.3 Effect of Capital Market Integration | 98 |
| 8.3.1 Scope of the Analysis | 98 |
| 8.3.2 Modeling Capital Market Integration | 99 |
| 8.3.3 Implications | 100 |
| 8.4 An Outlook on Privatization Strategies | 103 |
| 8.4.1 Basic Idea | 103 |
| 8.4.2 Auction to One Investor | 104 |
| 8.4.3 Mass Privatization | 104 |
| 8.4.4 Detrimental Minority Control Privatization | 105 |
| 9. The Influence of Coordination Benefits on Corporate Governance and Accounting Standards | 106 |
| 9.1 Objective of this Chapter | 106 |
| 9.1.1 Intention of the Chapter | 106 |
| 9.1.2 Remaining Puzzles | 106 |
| 9.1.3 Why a new Model? | 108 |
| 9.2 Setup | 109 |
| 9.2.1 One Country | 109 |
| 9.2.2 Two Countries | 111 |
| 9.3 Equilibria | 116 |
| 9.4 Social Welfare | 119 |
| 9.5 Implications of the Coordination Model | 122 |
| 9.5.1 Sticky Variety | 122 |
| 9.5.2 Standardization with the Wrong Standard | 123 |
| 10. Conclusion | 127 |
| Appendix: Difference between Entry-Inducement and Entry-Deterrence – A Theoretical Note | 131 |
| References | 137 |
