

Table of Contents

I Introduction — 1

II Method — 4

III Results — 6

1 Data autonomy — 6

- 1.1 Consumer control over data disclosure — 6
- 1.2 The necessity of adjustments to data protection and information privacy regulations — 14
 - 1.2.1 Types of data — 15
 - 1.2.2 Contexts of data disclosure — 21
 - 1.2.3 Purposes of data collection — 26
 - 1.2.4 Industries — 31
 - 1.2.5 High-satisfaction and low-satisfaction countries — 36
- 1.3 Consumer data protection literacy — 38

2 Data sensitivity — 41

3 Data power of companies and governments — 44

- 3.1 Responsibilities of companies when collecting consumer data — 45
- 3.2 Trust in different institutions regarding the correct use of consumer data — 54
 - 3.2.1 Trust in different industries and domestic and foreign governments — 54
 - 3.2.2 High-trust and low-trust countries — 66
 - 3.2.3 Tables — 68
 - Industry comparison — 69
 - Country comparison — 73
- 3.3 Compliance with the regulation of consumer data protection and informational privacy — 76
 - 3.3.1 Compliance of different industries — 76
 - 3.3.2 Countries with high perceived compliance and low perceived compliance — 85
 - 3.3.3 Tables — 88
 - Industry comparison — 88
 - Country comparison — 92

3.4	Levels of consumer data protection —	95
3.4.1	Levels of consumer data protection in different industries —	95
3.4.2	High-satisfaction countries and low-satisfaction countries —	104
3.4.3	Tables —	107
	Industry comparison —	107
	Country comparison —	111
3.5	Enforcement of consumer data protection —	113
3.6	Sufficiency of current regulations to prevent the misuse of consumer data —	121
4	Impact of data protection and informational privacy regulations —	123
4.1	... on companies with regard to customer orientation, innovation, and cooperation —	123
4.2	... on bureaucracy, privacy management, and information overload —	134
4.3	... on fundamental rights, digitalization, and overall impact —	147
IV	Summary of findings and comparison with consumer views —	155
1	Introduction —	155
2	Cross-cultural trends —	155
2.1	Data autonomy —	155
2.2	The data power of companies —	157
3	Cultural differences —	158
3.1	Data autonomy —	158
3.2	Data sensitivity —	161
3.3	Data power of companies and governments —	162
3.3.1	Trust —	162
3.3.2	Compliance —	164
3.3.3	Enforcement —	165
3.3.4	Levels of consumer data protection —	166
3.4	Impact of data protection and informational privacy regulations —	167
3.4.1	... on companies with regard to customer orientation, innovation, and cooperation —	167

3.4.2	... on bureaucracy, privacy management, and information overload —	169
3.4.3	... on fundamental rights, digitalization, and overall effect —	170
V	Discussion of factors influencing data disclosure —	173
1	Introduction —	173
2	Data disclosure model —	173
3	Cultural privacy orientations —	179
3.1	Introduction —	179
3.2	China —	180
3.3	Japan —	184
3.4	Brazil —	189
3.5	Ghana —	193
3.6	Switzerland —	196
3.7	Germany (Europe) —	199
3.8	United States —	202
VI	Conclusion —	207
	References —	214
	Appendix I—Sample details —	224
	Appendix II—Questionnaire —	228
