**Part I: Introduction.....5**

**‘Third Sino-German Workshop on Biodiversity Conservation’ – Ecosystem Services and Management: Developing Strategies for the Future of Biodiversity Conservation in the UN Year of Biodiversity 2010 .....5**

Opening Speech I..... 5  
*by Ms. Cai Lei, MEP*

Opening Speech II ..... 7  
*by Prof. Shu Jianmin, CRAES*

Opening Speech III..... 9  
*by Prof. Beate Jessel, President, BfN*

**Part II: Selected Workshop Presentations.....12**

**The role of biodiversity for the management of ecosystems and integrative environmental policies.....12**

Recognizing the economic value of ecosystems and biodiversity: TEEB and consequences for future policies..... 12  
*by Dr. Haripriya Gundimeda*

**Policy frameworks and the strategies to promote integrated ecosystem management .....14**

Markets for ecosystem services in China – an exploration of China’s eco-compensation and market based environmental policies ..... 14  
*by Michael T. Bennett*

Governing farmland conversion: Comparing China with Germany..... 15  
*by Dr. Tan Rong*

The importance of payments for ecosystem services as drivers of land use change in Yunnan, China ..... 16  
*by Dr. Zhanli Sun*

**Interactions between ecosystems, biodiversity, land use patterns and human well-being (Case studies in selected ecosystems and their services).....17**

The role of forests and their sustainable management to main ecosystem services and biodiversity ..... 17  
*by Marijke van Kuijk*

The role of wetlands for the maintenance of ecosystem services..... 19  
*by Dr. Ma Chaode*

Agricultural Biodiversity and Climate Change ..... 20  
*by Li Qingsong*

Adapting Protected Areas Management Strategies to Climate Change in Jiangxi Province..... 23  
*by Dr. Wang Yunsheng*

<b>The role of various instruments to maintain ecosystem services .....</b>	<b>24</b>
Environmental challenges of urbanization and the construction of ecological cities in China ....	24
<i>by Dr. Zhang Linbo</i>	
Valuation of ecosystem services.....	26
<i>by Dr. Ing. Burkhard Schweppe-Kraft</i>	
The importance of ecological networks for the maintenance of ecosystem services .....	27
<i>by Dr. Bettina Hedden-Dunkhorst</i>	
Other Participants and Speakers .....	29
 <b>Part III: Excursions – Insights from the field .....</b>	 <b>34</b>
 <b>Part IV: Poster Session (Selection) .....</b>	 <b>35</b>
