

Contents

1	On the Etiopathogenesis, Definition and Treatment of Nerve Compression Syndromes—An Introduction	1
	Hans Assmus	
2	Clinical Examination	7
	Hans Assmus	
3	Electrophysiological Examinations	13
	Christian Bischoff and Wilhelm Schulte-Mattler	
4	Sonography of Nerve Compression Syndromes	21
	Peter Pöschl	
5	MR Neurography in Compression Syndromes of Peripheral Nerves	37
	Daniel Schwarz, Mirko Pham and Martin Bendszus	
6	Basic Principles of Surgical Treatment	47
	Hans Assmus	
7	Compression Syndromes of the Median Nerve	65
	Hans Assmus and Gregor Antoniadis	
8	Compression Syndromes of the Ulnar Nerve	121
	Hans Assmus and Gregor Antoniadis	
9	Compression Syndromes of the Radial Nerve	157
	Hans Assmus and Gregor Antoniadis	
10	Compression Syndromes of the Shoulder Girdle	171
	Ralph König and Gregor Antoniadis	
11	Compression Syndromes of the Tibial Nerve	191
	Hans Assmus and Gregor Antoniadis	
12	Compression Syndromes of the Peroneal Nerve	203
	Hans Assmus	
13	Compression Syndromes of the Lateral Femoral Cutaneous Nerve (Meralgia Paraesthetica)	213
	Gregor Antoniadis and Maria Teresa Pedro	

14	Other Compression Syndromes of the Groin Region and Lower Extremity	221
	Gregor Antoniadis and Maria Teresa Pedro	
15	Atypical Nerve Compression Syndromes and Related Conditions	231
	Hans Assmus	
16	Occupation-related Mononeuropathies in Athletes, Musicians, etc.	239
	Hans Assmus and Gregor Antoniadis	
17	Focal Neuropathies due to Physical Noxae, Vascular, Infectious and Immunological Diseases	243
	Hans Assmus and Konrad Scheglmann	
18	Multiple Nerve Decompressions in Diabetic Polyneuropathy, Leprosy and Burns of the Extremities	253
	Hans Assmus
