- 1 Background GPT** 1
 - 1.1 Summary (GPT)..... 1
 - 1.2 Introduction 2
 - 1.3 Prompt Generation..... 3
 - 1.4 API Interface 5
 - 1.5 Excursion: Alternative AI Systems and Technologies Compared to ChatGPT..... 6
 - References..... 8
- 2 Advantages of GPT**..... 9
 - 2.1 Summary 10
 - 2.2 Benefits 11
 - 2.2.1 Productivity Gains 12
 - 2.2.2 Human Interface..... 12
 - 2.2.3 Consideration of Comprehensive Information..... 13
 - References..... 14
- 3 Challenges and Risks in Implementation** 15
 - 3.1 Summary 16
 - 3.2 Challenges 17
 - 3.2.1 Disruptive Changes and Change Management 18
 - 3.2.2 Limitations..... 20
 - 3.3 Risks..... 21
 - 3.3.1 Bias in AI Systems: Recognizing, Understanding, and Combating..... 23
 - 3.3.2 Lack of Traceability in Decisions 24
 - 3.3.3 The Lying AI 25
 - 3.3.4 Ethics and AI 27
 - 3.3.5 Potential for Abuse in the Use of AI 28
 - References..... 30

4	General Application Possibilities in the Company	31
4.1	Summary	32
4.2	Definition and Tasks	33
4.3	Use of ChatGPT in Cross-Functional Processes	34
4.3.1	Text Processing	36
4.3.2	Spreadsheet Calculation	38
4.3.3	Presentations	39
4.3.4	Mail & Chat	40
4.3.5	Intranet	41
4.3.6	Chat-Bot	42
4.3.7	FAQ	43
4.3.8	Reports	45
	References	46
5	Controlling/Business Intelligence	47
5.1	Summary	47
5.2	Definition and Tasks of Controlling and BI	48
5.3	Use of ChatGPT in Controlling and BI	49
5.3.1	Automation of Reporting	50
5.3.2	Forecasting and Planning with ChatGPT	52
5.3.3	Identification of Deviations and Recommendations for Action	54
5.3.4	Analysis of Customer and Market Data	55
	References	56
6	Accounting	57
6.1	Summary	57
6.2	Definition and Tasks of Accounting	58
6.3	Use of ChatGPT in Accounting	59
6.3.1	Automation of Accounting Processes	60
6.3.2	ChatGPT in Accounts Payable and Receivable	63
6.3.3	Fraud Prevention with ChatGPT	63
	References	65
7	Investor Relationship	67
7.1	Summary	67
7.2	Definition and Importance of Investor Relationship	68
7.3	ChatGPT in the Maintenance of Investor Relations	69
7.3.1	Automated Report Creation	74
7.3.2	ChatGPT in Ad-hoc Reporting	75
7.3.3	ChatGPT in the Back Office of General Meetings	75
	References	76

8	Strategy	77
8.1	Summary	77
8.2	Definition and Tasks of the Strategy Department	78
8.3	ChatGPT in Strategy Development	79
8.3.1	Analysis of Market Trends and Competition.....	81
8.3.2	Identification of Strategic Options.....	83
8.3.3	Use in M&A Processes	84
	References.....	85
9	Internal Audit and Internal Control System	87
9.1	Summary	87
9.2	Definition and Tasks of Internal Auditing and the ICS	88
9.3	ChatGPT in Audit Activity and in the ICS.....	90
9.3.1	Automation of Controls through ChatGPT	92
9.3.2	Monitoring of Compliance Regulations through ChatGPT....	93
9.3.3	Integration of ChatGPT Into Existing Internal Control Systems	94
	References.....	95
10	Risk Management	97
10.1	Summary	97
10.2	Definition and Tasks of a Risk Management System.....	98
10.3	ChatGPT in the Risk Management System	100
10.3.1	Use of ChatGPT for Risk Identification.....	101
10.3.2	Integration of ChatGPT into Existing Risk Management Systems	104
10.3.3	ChatGPT-based Risk Management System	105
10.3.4	Risk Monitoring and Reporting with ChatGPT.....	106
	References.....	107
11	Auditing	109
11.1	Summary	109
11.2	Definition and Tasks of Auditing	110
11.3	ChatGPT in Auditing	111
11.3.1	Automated Audit of Accounting Data by ChatGPT	112
11.3.2	ChatGPT-based Audit of Business Processes	112
11.3.3	Using ChatGPT to Identify Audit Risks	113
11.3.4	ChatGPT-based Analysis of Audit Results.....	114
	References.....	115
12	Data Protection	117
12.1	Summary	117
12.2	Definition and Tasks of Data Protection	118

12.3	ChatGPT in the Field of Data Protection	120
12.3.1	Use of ChatGPT for Automated Management of Data Protection Regulations	121
12.3.2	Use of ChatGPT for Monitoring Privacy Violations	122
12.3.3	ChatGPT-based Creation of Data Protection Reports	123
12.3.4	Integration of ChatGPT into Existing Data Protection Management Systems	124
12.3.5	Privacy Risks from the Use of ChatGPT	125
	References	126
13	Joint Outlook	127
14	Annex	129
