Keynote Lecture

- 1 **Achievements, Challenges, and Future Direction in Early Life Nutrition**
Macdonald, I.A. (Nottingham); van der Beek, E.M. (Lausanne/Groningen); Binia, A. (Lausanne)

Session 1: Getting the Right Start through Maternal and Child Nutrition

- 16 **An Offspring's Health Starts Before Conception and Results of the NiPPeR Randomized Trial**
Chan, S.-Y. (Singapore); Cutfield, W.S. (Auckland); Godfrey, K.M. (Southampton); the NiPPeR Study Group
- 28 **Gut Microbiota Assembly Begins at Birth and Needs to Be Nurtured**
Walter, J. (Cork)
- 46 **Understanding the Ovarian Clock – Essential Knowledge for Pediatricians**
Huang, Z. (Singapore)
- 56 **Human Milk Research, More to Learn?**
Sprenger, N. (Lausanne); Monnard, C.R. (Lausanne)
- 71 **Nutrition for the Sick Preterm: Can We Make It More Precise?**
Neu, J. (Gainesville, FL)
- 81 **Better Early: Critical Windows in Brain and Cognitive Development**
Benitez, B.C. (Makati)

Session 2: Establishing Good Diet Habits for Optimal Development

- 90 The Art of Chewing: Optimizing Early Life Sensory Exposure to Develop Healthy Eating Behavior**
Lasschuijt, M.P. (Wageningen); Forde, C.G. (Wageningen)
- 100 Strategies to Develop Balanced Dietary Habits: Solving the Dilemma**
Tawfik ElBaroudy, E. (Abu Dhabi/Suez)
- 111 Micronutrient Hunger or Hidden Hunger Among Infants and Young Children on Healthy Diets**
Elizabeth, G.J. (Thiruvananthapuram); Koshy, G. (Kundara)
- 125 Two Sides of the Same Coin: Strategies to Address Under- and Over-Nutrition**
Prentice, A.M. (Banjul)
- 139 What Does Healthy Microbiome Development Look Like? State of the Art and Beyond**
Major, G. (Lausanne/Nottingham); Dogra, S.K. (Lausanne); Sprenger, N. (Lausanne)
- 150 Integrating Next-Generation Evidence-Based Medicine Into Clinical Studies on Gut Microbiota Modulation**
Szajewska, H. (Warsaw)

Session 3: Addressing Challenges to Feed the Future

- 159 Nutrition Challenges and Opportunities When Shifting to Plant-Based Diets**
Hallam, P. (Kingston upon Thames)
- 170 Healthy Diets at the Intersection of Human and Planetary Health**
Saavedra, J.M. (Baltimore, MD)
- 180 New Food Technologies – Addressing Challenges at Food Systems Level**
Keppler, J.K. (Wageningen); Kaplan, D.L. (Medford, MA); Kraus, M.R.-C. (Lausanne)
- 192 Epilogue to the “Blue Books”**
- 195 Subject Index**
