Preface	xii
Skeletal Imaging	1
Skull	2
Posterior-Anterior View of the Skull	3
Lateral View of the Skull	5
Towne View of the Posterior Skull	7
Waters View of the Nasal Sinuses ..	9
Occipitofrontal View of the Nasal Sinuses	11
Posterior-Anterior View of the Orbit	13
Rhese View of the Orbit	15
Maxilla	17
Ramus Mandible	19
Clementschiß View of the Mandible	21
Pantomogram of the Jaw and Facial Bones	23
Lateral View of the Nose	25
Zygomatic Arch	27
Base of the Skull	29
Altschul View of the Petrous Ridge	31
Schüller View of the Petrous Bone	33
Stenvers View of the Petrous Bone	35
Mayer View of the Petrous Bone ..	37
Lateral View of the Sella Turcica ..	39
Anterior-Posterior View of the Sella Turcica	41
Spine	42
Anterior-Posterior Full-length View of the Spine	43
Lateral Full-length View of the Spine	45
Anterior-Posterior View of the Cervical Spine	47
Lateral View of the Cervical Spine	49
Oblique View of the Cervical Spine	51
Anterior-Posterior View of the Thoracic Spine	53
Lateral View of the Thoracic Spine	55
Anterior-Posterior View of the Lumbar Spine	57
Lateral View of the Lumbar Spine	59
Oblique View of the Lumbar Spine	61
Anterior-Posterior View of the Pelvis	63
Anterior-Posterior View of the Pelvis in a Child	65
Inlet View of the Pelvis	67
Guthmann View of the Pelvis ..	69
Iliac Wing View of the Pelvis ..	71
Obturator View of the Pelvis ...	73
Thirty-degree Anterior Oblique View of the Sacroiliac Joint	75

Anterior-Posterior View of the Sacrum	77	Anterior-Posterior View of the Coccyx	81
Lateral View of the Sacrum	79	Lateral View of the Coccyx.	83

Upper Extremities 84

Osseous Hemithorax	85	Anterior-Posterior View of the Upper Arm	115
Anterior-Posterior View of the Sternum	87	Lateral View of the Upper Arm . .	117
Lateral View of the Sternum . . .	89	Anterior-Posterior View of the Elbow	119
Stress View of Both Shoulders	91	Lateral View of the Elbow	121
Anterior-Posterior View of the Clavicle	93	Axial View of the Elbow	123
Oblique View of the Clavicle . . .	95	Oblique View of the Radius . . .	125
Acromioclavicular Joint.	97	Anterior-Posterior View of the Forearm	127
Anterior-Posterior View of the Scapula	99	Lateral View of the Forearm . . .	129
Lateral View of the Scapula . . .	101	Anterior-Posterior View of the Hand	131
Trans-scapular “Y” View of the Shoulder.	103	Oblique View of the Hand	133
Anterior-Posterior View of the Shoulder.	105	Anterior-Posterior View of the Wrist	135
Anterior-Posterior Abduction View of the Shoulder	107	Lateral View of the Wrist	137
Axial View of the Shoulder . . .	109	Carpal Tunnel	139
Tangential View of the Shoulder.	111	Scaphoid Views	141
Transthoracic View of the Shoulder.	113	Special View of the Pisiform. . .	143
		Oblique View of the Metacarpals	145
		Finger in Two Planes.	147

Lower Extremities 148

Full-length Anterior-Posterior Weight-bearing View of the Leg	149	Tangential View of the Femoral Head (Schneider II).	159
Lateral Full-length View of the Leg	151	Axial View of the Hip	161
Anterior-Posterior View of the Hip	153	Anterior-Posterior View of the Thigh	163
Lauenstein View of the Hip . . .	155	Lateral View of the Thigh	165
Tangential View of the Femoral Head (Schneider I)	157	Anterior-Posterior View of the Knee	167
		Lateral View of the Knee	169
		Frik Tunnel View of the Knee . .	171

Forty-five-degree Internal Rotation View of the Knee. . . .	173	Anterior-Posterior View of the Foot	191
Forty-five-degree External Rotation View of the Knee. . . .	175	Lateral View of the Foot	193
Thirty-, Sixty-, and Ninety- degree Views of the Patella . . .	177	Lateral View of the Calcaneus . .	195
Anterior-Posterior View of the Lower Leg.	179	Tangential View of the Calcaneus	197
Lateral View of the Lower Leg	181	Hindfoot in a Standing Patient . .	199
Anterior-Posterior View of the Ankle.	183	Anterior-Posterior View of the Metatarsals.	201
Lateral View of the Ankle	185	Oblique View of the Metatarsals	203
Oblique View of the Ankle 1. . .	187	Anterior-Posterior View of the Forefoot.	205
Oblique View of the Ankle 2. . .	189	Oblique View of the Forefoot. . .	207
		Anterior-Posterior and Lateral Views of the Great Toe	209

Anatomy of Miscellaneous Plain Films. 211

Routine Radiographs 212

Posterior-Anterior Chest Radiograph.	213	Anterior Oblique View of the Left Chest	223
Posterior-Anterior Chest Radiograph (Heart and Major Vessels)	215	Abdomen with the Patient Standing.	225
Lateral Chest.	217	Abdomen with the Patient Supine	227
Segments of the Lung.	219		
Anterior Oblique View of the Right Chest.	221		

Spot Images. 228

Craniocaudal Mammogram . . .	229	Lateral Spot View of the Trachea	235
Mediolateral Mammogram . . .	231		
Anterior-Posterior Spot View of the Trachea.	233		

Contrast Studies 237

Gastrointestinal System. 238

Anterior-Posterior View of the Hypopharynx	239	Lateral View of the Hypopharynx	241
---	-----	--	-----

Esophagus	243	Spot Film of the Ileocecal Region	255
Esophagus and Stomach	245	Colon	257
Stomach	247	Rectum	259
Stomach and Duodenum	249	Defecography	261
Stomach and Small Bowel	251		
Small Bowel	253		
Intravenous Contrast Studies	262		
Intravenous Urogram	263	Intravenous Cholecystocholangiogram	265
Arthrography	266		
Posterior-Anterior Wrist Arthrogram	267	Oblique Shoulder Arthrogram	273
Lateral Wrist Arthrogram	269	Knee Arthrogram	275
Anterior-Posterior Shoulder Arthrogram	271	Ankle Arthrogram	277
Angiography	278		
Anterior-Posterior Internal Carotid Angiogram, Arterial Phase	279	Anterior-Posterior Aortic Arch Angiogram	297
Lateral Internal Carotid Angiogram, Arterial Phase	281	Pulmonary Angiogram, Arterial Phase	299
Anterior-Posterior Internal Carotid Angiogram, Venous Phase	283	Anterior-Posterior Pulmonary Angiogram, Venous Phase	301
Lateral Internal Carotid Angiogram, Venous Phase	285	Celiac Trunk Angiogram, Arterial Phase	303
Anterior-Posterior Vertebral Angiogram, Arterial Phase	287	Celiac Trunk Angiogram, Venous Phase	305
Lateral Vertebral Angiogram, Arterial Phase	289	Superior Mesenteric Angiogram, Arterial Phase	307
Anterior-Posterior Vertebral Angiogram, Venous Phase	291	Superior Mesenteric Angiogram, Venous Phase	309
Lateral Vertebral Angiogram, Venous Phase	293	Renal Angiogram, Arterial Phase	311
Anterior-Posterior Angiogram of the Cervical Vessels	295	Renal Angiogram, Venous Phase	313
		Pelvic Aortic Angiogram	315
		Lower Extremity Angiogram of the Thigh	317

Lower Extremity Angiogram of the Lower Leg	319	Lower Extremity Angiogram of the Foot	321
Venography		322	
Anterior-Posterior Superior Vena Cava Venogram	323	Upper Extremity Venogram of the Axilla	329
Anterior-Posterior Inferior Vena Cava Venogram	325	Upper Extremity Venogram of the Forearm	331
Lateral Inferior Vena Cava Venogram	327	Lower Extremity Venogram . . .	333
Special Studies		335	
Special Studies		336	
Anterior-Posterior Thoracic Myelogram	337	Anterior-Posterior Bipodal Lymphangiogram, Nodal Phase	351
Lateral Thoracic Myelogram . . .	339	Anterior-Posterior Left Bronchogram	353
Anterior-Posterior Lumbar Myelogram	341	Lateral Left Bronchogram	355
Lateral Lumbar Myelogram . . .	343	Lateral Parotid Sialogram	357
Oblique Lumbar Myelogram . . .	345	Anterior-Posterior Parotid Sialogram	359
Anterior-Posterior Bipodal Lymphangiogram, Channel Phase	347	Hysterosalpingogram	361
Oblique Bipodal Lymphangiogram, Channel Phase	349	Galactogram	363
		ERCP (Endoscopic Retrograde Cholangiopancreatography) . . .	365
Index		367
