1	Introduction	1
1.1	Problem Definition	1
1.2	Objective and Approach	3
1.3	Structure	4
2	Theoretical Framework	7
2.1	International Cost of Equity	7
2.1.1	Fundamentals	7
2.1.1.1	Conceptual Framework	8
2.1.1.1.1	Portfolio Theory and Diversification	8
2.1.1.1.2	International Investment Analysis	11
2.1.1.2	Dimensions and Variations	16
2.1.2	Assessment	18
2.1.2.1	Analytical Determinants	18
2.1.2.1.1	Economic and Financial Integration	18
2.1.2.1.2	Market Integration Barriers	20
2.1.2.2	Assessment Approaches	21
2.1.2.2.1	Capital Asset Pricing Models	22
2.1.2.2.2	Empirical Asset Pricing Models	24
2.1.2.2.3	Implied Cost of Equity Capital Models	26

2.1.2.3	Implied Cost of Equity Capital Models	28
2.1.2.3.1	Dividend Discount Model	29
2.1.2.3.2	Residual Income Model	30
2.1.2.3.3	Abnormal Earnings Growth Model	31
2.1.3	Interim Summary	33
2.2	Political Risk	35
2.2.1	Fundamentals	35
2.2.1.1	Conceptual Framework	36
2.2.1.2	Dimensions and Variations	37
2.2.1.2.1	Political Risk Levels	37
2.2.1.2.2	Country Risk Component	41
2.2.2	Assessment	43
2.2.2.1	Analytical Determinants	45
2.2.2.1.1	Temporal Influence	45
2.2.2.1.2	Analysis Advancements	46
2.2.2.1.3	Investment Type Exposure	48
2.2.2.2	Assessment Approaches	49
2.2.2.2.1	Quantitative Methods	49
2.2.2.2.2	Qualitative Methods	51
2.2.2.2.3	Uncertainty and Political Risk Metrics	52
2.2.2.3	Risk Analysts	56
2.2.2.3.1	Official Assessors	56
2.2.2.3.2	In-house Assessors	58
2.2.2.3.3	Specialized Assessors	59
2.2.2.3.4	Market-Based Assessors	60
2.2.3	Interim Summary	63
2.3	Populism	64
2.3.1	Fundamentals	64
2.3.1.1	Conceptual Framework	65
2.3.1.1.1	Political Strategy	66
2.3.1.1.2	Political Style	68
2.3.1.1.3	Political Ideology	69
2.3.1.2	Dimensions and Variations	73
2.3.1.2.1	Multidimensional Analysis	74
2.3.1.2.2	Ideological Spectrum	76
2.3.1.2.3	Historical Evolution	78
2.3.1.2.4	Global Perspective	81

2.3.1.3	Causes	83
2.3.1.3.1	Economic Factors	83
2.3.1.3.2	Non-Economic Factors	85
2.3.1.4	Consequences	86
2.3.1.4.1	Political Impact	86
2.3.1.4.2	Economic Impact	88
2.3.2	Assessment	90
2.3.2.1	Analytical Determinants	91
2.3.2.1.1	Measurement Difficulties	91
2.3.2.1.2	Perspective Analysis	93
2.3.2.2	Assessment Approaches	95
2.3.2.2.1	Survey Techniques	95
2.3.2.2.2	Content Analysis	97
2.3.2.3	Populist Measures	99
2.3.2.3.1	Survey-Based Methods	99
2.3.2.3.2	Content Analysis-Based Methods	102
2.3.2.3.3	Alternative Approaches	106
2.3.3	Interim Summary	109
2.4	Interim Conclusion	110
2.4.1	Theoretic Synthesis	111
2.4.2	Research Gap	112
2.4.3	Research Question	114
3	Empirical Analyses	117
3.1	Mixed Methods Framework	117
3.1.1	Foundations	117
3.1.1.1	Research Paradigms	118
3.1.1.2	Methodological Synthesis	120
3.1.2	Research Design	121
3.1.2.1	Definition and Application	121
3.1.2.2	Explanatory Sequential Design	123
3.1.2.3	Design Elements	124
3.2	Quantitative Study	126
3.2.1	Research Design	127
3.2.1.1	Hypotheses Development	127
3.2.1.2	Variables	129
3.2.1.2.1	Implied Cost of Equity Capital	130
3.2.1.2.2	Populism Measures	134

	3.2.1.2.3	Control Variables	135
	3.2.1.3	Regression Model	138
	3.2.1.3.1	Analytic Panel Models	138
	3.2.1.3.2	Research Model	140
3.2.2	Sample Selection		141
	3.2.2.1	Sample Construction	142
	3.2.2.2	Summary Statistics	144
3.2.3	Findings		146
	3.2.3.1	Correlation Analysis	147
	3.2.3.2	Univariate Analysis	148
	3.2.3.3	Multivariate Analysis	150
	3.2.3.4	Additional Analysis	153
3.2.4	Interim Conclusion		157
3.3	Qualitative Study		159
	3.3.1	Research Design	159
	3.3.1.1	Data Collection	160
	3.3.1.1.1	Degree of Structure	161
	3.3.1.1.2	Guide Construction	163
	3.3.1.1.3	Format Specification	166
	3.3.1.1.4	Transcription Process	166
	3.3.1.2	Data Analysis	168
	3.3.1.2.1	Grounded Theory Foundation	170
	3.3.1.2.2	Core Assumptions	171
	3.3.1.2.3	Data Structure	172
	3.3.1.2.4	Framework Development	174
3.3.2	Sample Selection		175
	3.3.2.1	Qualitative Sampling	176
	3.3.2.2	Sampling Strategy	178
	3.3.2.3	Overview	182
3.3.3	Findings		185
	3.3.3.1	Framework Overview	185
	3.3.3.2	Conceptual Challenges	189
	3.3.3.2.1	Populism Understandings	191
	3.3.3.2.2	Definitional Variations	192
	3.3.3.2.3	Ideological Pluralism	193
	3.3.3.2.4	Measurement Complexities	194
	3.3.3.3	Contextual Dynamics	195
	3.3.3.3.1	Geographical and Temporal Factors	197

	3.3.3.3.2	Political Moderators	198
	3.3.3.3.3	Populist Policy Channels	200
3.3.3.4		Multifaceted Impact	201
	3.3.3.4.1	Political Consequences	203
	3.3.3.4.2	Social Consequences	206
	3.3.3.4.3	Economic Consequences	208
3.3.3.5		Market Response Dynamics	210
	3.3.3.5.1	Market Adjustments	212
	3.3.3.5.2	Time-Sensitive Effects	213
	3.3.3.5.3	Corporate and Sectoral Variations	214
	3.3.3.5.4	Ideological Influences	216
3.3.3.6		Investors' Reactions	217
	3.3.3.6.1	Political Risk and Populism	219
	3.3.3.6.2	Populism-Influenced Risk Management	221
	3.3.3.6.3	Populism-Influenced Investment Strategies	222
3.4		Discussion and Prospects	224
3.4.1		Research Contributions	224
	3.4.1.1	Theoretical Contributions	224
		3.4.1.1.1 Populism and Financial Markets	225
		3.4.1.1.2 Populism and the Cost of Equity ...	228
	3.4.1.2	Practical Implications	233
		3.4.1.2.1 Investors Considerations	234
		3.4.1.2.2 Corporate Considerations	235
		3.4.1.2.3 Policy Considerations	237
3.4.2		Scientific Quality Assurance	239
	3.4.2.1	Mixed Methods Quality Criteria	239
	3.4.2.2	Quantitative Research	243
		3.4.2.2.1 Populism Variables	244
		3.4.2.2.2 Fixed Effects Model	245
	3.4.2.3	Qualitative Research	246
		3.4.2.3.1 Interview Process Quality	247
		3.4.2.3.2 Data Evaluation	248
3.4.3		Research Reflections	249
	3.4.3.1	Limitations	249
		3.4.3.1.1 Quantitative Constraints	249
		3.4.3.1.2 Qualitative Constraints	251

3.4.3.2	Avenues of Future Research	254
3.4.3.2.1	Conceptual Refinement	254
3.4.3.2.2	Contextual Enhancements	255
3.4.3.2.3	Impact Reevaluations	256
3.4.3.2.4	Market Response Reconsiderations	257
3.4.3.2.5	Investors Reactions Reassessment	258
4	Conclusion	261
