

Table of contents

1 INTRODUCTION	15
1.1 The concept of diversification in the Rural Development Program – case study of Slovenia	18
1.2 Agriculture and diversification of activities in the future	20
2 RURAL TOURISM IN THE CONTEXT OF ADDITIONAL FARM ACTIVITIES	37
2.1 Farm tourism as a complementary activity	38
2.1.1 A tourist farm with accommodation	40
2.2 Factors influencing the diversification of the primary activity into tourism as a complementary activity	42
3 DECISION SUPPORT SYSTEMS IN THE AGRICULTURAL AND TOURISM INDUSTRIES	53
3.1 System dynamics.....	58
4 DEVELOPMENT OF THE MODEL OF SYSTEM DYNAMICS IN THE PROCESS OF DIVERSIFICATION OF NON-AGRICULTURAL TOURISM ACTIVITIES IN THE AGRICULTURAL ECONOMY – CASE STUDY OF SLOVENIA	69
4.1 CLD model.....	69
4.2 Development of a simulation model	73
4.2.1 Initial values and mathematical formulas of the model	76
4.3 Validation	90
4.4 Generation of scenarios and simulations	94
5 CONCLUDING REMARKS.....	101
APPENDIX: Collected equations of the simulation model	107
