

DVS Technical Codes and Bulletins

DVS 1904-1	(2010-02)	Adhesive bonding of plastics in domestic installation – Requirements on plants and personnel	1
DVS 1904-2	(2010-02)	Adhesive bonding of plastics in domestic installation – Pipes and fittings – Adhesive bonding operation – Findings on adhesive-bonded joints	2
DVS 2200-1 Supplement 1	(2013-11)	Joining of plastics – Code letters and abbreviations – Welding processes	5
DVS 2201-1	(2023-02)	Testing semi-finished thermoplastic products Basic principles – Notes.....	9
DVS 2201-1 Supplement 1	(2023-02)	Testing of semi-finished products made of thermoplastics; Basics – indications Material and abbreviation	19
DVS 2201-1 Supplement 2	(2023-02)	Testing of semi-finished products made of thermoplastics; Basics – indications Directives for creep rupture curvesof pipes	21
DVS 2201-1 Supplement 3	(2023-02)	Testing of semi-finished products made of thermoplastics; Basics – indications Linear thermal expansion coefficients	23
DVS 2201-1 Supplement 4	(2023-02)	Testing of semi-finished products made of thermoplastics; Basics – indications Dimension stability of semi-finished material after heating	25
DVS 2201-1 Supplement 5	(2023-02)	Service life temperature time limits due to thermal ageing	27
DVS 2202	(2016-08)*	Evaluation of joints between thermoplastics on piping parts and panels – characteristics, description, evaluation	29
DVS 2202 Supplement 1	(2023-02)	Evaluation of joints between thermoplastics on piping parts and panels – heated plate welding (HS, IR)	37
DVS 2202 Supplement 2	(2012-11)	Assessment of joints made of hermoplastics on piping parts and panels - Sleeve welding with an incorporated heating element	45

DVS 2202 Supplement 3	(2012-11)	Assessment of defects in joints between thermoplastics on piping parts and panels – Heated tool sleeve welding (HD) 54
DVS 2202 Supplement 4	(2016-08)*	Assessment of defects in joints between thermoplastics on piping parts and panels – Hot-gas welding with torch separate from filler rod, high-speed hot-gas welding (WF/WZ) 58
DVS 2202 Supplement 5	(2016-08)*	Assessment of defects in joints between thermoplastics on piping parts and panels – Hot-gas extrusion welding (WE) 66
DVS 2202 Supplement 6	(2017-04)*	Evaluation of joints made from thermoplastic materials in pipeline components and panels Adhesive bonding of ABS/PVC-U/PVC-C 74
DVS 2203-1	(2024-08)	Testing of welded joints of thermoplastic sheets and pipes – Test methods – Requirements 81
DVS 2203-1 Supplement 1	(2010-08)	Testing of welded joints between panels and pipes made of thermoplastics – Requirements in the tensile test – Short-time tensile welding factor fz 87
DVS 2203-1 Supplement 2	(2014-05)	Testing of welded joints between panels and pipes made of thermoplastics – Requirements in the tensile creep test – Tensile creep welding factor fs 88
DVS 2203-1 Supplement 3	(2023-09)	Testing of welded joints between panels and pipes made of thermoplastics – Requirements in the technological bending test Bending angle / bending path 89
DVS 2203-1 Supplement 4	(2022-11)	Testing of welded joints between panels and pipes made of thermoplastics – Requirements on shear and peeling tests for sleeve welding with an incorporated electric heating element (HM) and heated tool sleeve welding (HD) on pipes and fittings 106
DVS 2203-2	(2010-08)	Testing of welded joints between panels and pipes made of thermoplastics – Tensile test 113
DVS 2203-2 Supplement 1	(2010-08)	Testing of welded joints between panels and pipes made of thermoplastics – Low-temperature tensile test 116

DVS 2203-3	(2011-04)	Testing of welded joints between panels and pipes made of thermoplastics – Tensile impact test 118
DVS 2203-4	(2021-12)	Testing of welded joints of thermoplastics plates and tubes – Tensile creep test 120
DVS 2203-4 Supplement 1	(2001-12)	Testing of welded joints of thermoplastic sheets and pipes – Tensile creep test – Testing of socket joints 130
DVS 2203-4 Supplement 2	(2016-09)*	Testing of welded joints of thermoplastic panels and pipes – Tensile creep test for resistance to slow crack growth in the full notch creep test (FNCT) 132
DVS 2203-4 Supplement 3	(2015-03)*	Testing of welded joints in thermoplastic panels and pipes - Tensile creep test - Checking the required tensile creep test weld strength reduction factor and the minimum service life of polyethylene welded joints (PE 80 and PE 100) 136
DVS 2203-4 Supplement 4	(2016-09)*	Testing of welded joints of thermoplastic panels and pipes – Tensile creep test for resistance to slow crack growth in the two notch creep test (2NCT) 156
DVS 2203-5	(2023-04)	Testing of welded joints of thermoplastics plates and tubes – Technological bend test 161
DVS 2203-6	(2008-01)*	Testing of joints between polymeric materials – Shear and peeling tests 171
DVS 2203-6 Supplement 1	(2016-08)*	Testing of joints between polymeric materials – Torsion shear test, radial peel test and linear shear test for sleeve welding with incorporated electric heating element and heated tool sleeve welded joints 173
DVS 2203-6 Supplement 2	(2008-01)	Testing of joints between polymeric materials – Testing of adhesive-bonded joints in the shear and peeling tests 183
DVS 2204	(2024-08)	Adhesive bonding of pipes and piping parts made of thermoplastics – Unplasticised Polyvinyl Chloride (PVC-U), Chlorinated Polyvinyl Chloride (PVC-C) and Acrylonitrile Butadiene Styrene (ABS) 186
DVS 2205-1	(2023-05)	Calculation of tanks and apparatus made of thermoplastics – Characteristic values 197

DVS 2205-1 Supplement 1	(2021-12)	Calculation of tanks and apparatus made of thermoplastics – Characteristic values 212
DVS 2205-1 Supplement 2	(2013-09)	Calculation of tanks and apparatus made of thermoplastics – values of the polypropylene material group 226
DVS 2205-1 Supplement 3	(2013-09)	Calculation of tanks and apparatus made of thermo-plastics – Characteristic values of the polyvinyl chloride material group 239
DVS 2205-1 Supplement 4	(2013-09)	Calculation of tanks and apparatus made of thermo-plastics – Characteristic values of the fluoropolymer material group 247
DVS 2205-1 Supplement 5	(2013-09)	Calculation of tanks and apparatus made of thermo-plastics – Reduction coefficients in the case of a media influence 266
DVS 2205-1 Supplement 6	(2013-02)	Calculation of tanks and apparatus made of thermo-plastics – Welding factors 276
DVS 2205-1 Supplement 7	(2013-02)	Calculation of tanks and apparatus made of thermo-plastics – Application examples 277
DVS 2205-1 Supplement 8	(2023-05)	Calculation of tanks and apparatus made of thermoplastics – characteristic values for the material group unplasticized polyamide 280
DVS 2205-2	(2021-12)	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks 299
DVS 2205-2 Supplement 2	(2021-12)	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks – Tray collectors 341
DVS 2205-2 Supplement 3	(2015-12)*	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks – Flat roofs 362
DVS 2205-2 Supplement 4	(2021-12)	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks – Flat base tanks in earthquake zones 373
DVS 2205-2 Supplement 5	(2021-12)	Calculation of tanks and apparatus made of thermoplastics – Vertical, round nonpressurised tanks – Tanks with supporting frames in earthquake zones 413

DVS 2205-2 Supplement 6	(2015-12)*	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks – Shell construction 433
DVS 2205-2 Supplement 7	(2021-12)	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks – Ring-supported conical base 439
DVS 2205-2 Supplement 8	(2015-12)*	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks – Example for ring-supported conical base 456
DVS 2205-2 Supplement 9	(2021-12)	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks – parallel-supported sloping base 464
DVS 2205-2 Supplement 10	(2015-12)*	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks – Example for parallel-supported sloping base ... 485
DVS 2205-2 Supplement 11	(2021-12)	Calculation of tanks and apparatus made of thermoplastics – Vertical round, nonpressurised tanks – tanks without tilt securement in earthquake area 494
DVS 2205-4	(2020-01)	Calculation of tanks and apparatus made of thermoplastics - flange connections 506
DVS 2205-4 Supplement	(1996-11)	Calculation of thermoplastic tanks and apparatus – Welded flanges, welded collars – Constructive details ... 520
DVS 2205-5	(2024-03)	Calculation of containers and apparatus made of thermoplastics – rectangular containers 523
DVS 2206	(2016-08)*	Non-destructive tests on tanks, apparatus and piping made of thermoplastics – Dimensional checking and visual inspection 563
DVS 2206-1	(2011-09)	Non-destructive tests on tanks, apparatus and piping made of thermoplastics – Dimensional checking and visual inspection 567
DVS 2206-2	(2015-09)*	Non-destructive testing on pressureless tanks and apparatus made of thermoplastic – Leak test 570
DVS 2206-4	(2011-09)	Non-destructive tests on tanks, apparatus and piping made of thermoplastics – Testing with electrical high voltage 575

DVS 2206-5	(2011-08)	Non-destructive tests on piping made of thermoplastics – Angle measurement on welded joints executed by means of sleeve welding with an incorporated heating element (HM) and heated tool sleeve welding (HD) 577
DVS 2207-1	(2016-12)*	Welding of thermoplastics – Heated element welding of pipes, piping parts and panels made out of polyethylene 579
DVS 2207-1 Supplement 1	(2005-12)*	Welding of thermoplastics – Heated tool welding of pipes made of PE-Xa with pipeline components made of PE-HD 606
DVS 2207-1 Supplement 2	(2013-08)	Heated tool butt welding of pipes and piping parts with high wall thicknesses or diameters made of PE 611
DVS 2207-3	(2019-12)	Welding thermoplastic materials Hot-gas string-bead welding, hot-gas welding with torch separate from filler rod pipes, pipe components and sheets – Procedures, requirements 613
DVS 2207-3 Supplement 1	(2019-12)	Welding thermoplastic materials – Hot-gas string-bead welding, hot-gas welding with torch separate from filler rod pipes, pipe components and sheets Welding parameters 632
DVS 2207-3 Supplement 2	(2019-12)	Welding thermoplastic materials Hot-gas string-bead welding Requirements for the welding equipment and accessories 634
DVS 2207-3 Supplement 3	(2019-12)	Welding thermoplastic materials Hot-gas string-bead welding, hot-gas welding with torch separate from filler rod – Welding of fluoroplastics 640
DVS 2207-4	(2019-12)	Welding thermoplastic materials Extrusion welding of pipes, piping parts, fittings and panels – Procedures, requirements 653
DVS 2207-4 Supplement 1	(2019-12)	Welding thermoplastic materials Extrusion welding of pipes, piping parts, fittings and panels – Welding parameters 675

DVS 2207-4 Supplement 2	(2019-12)	Welding thermoplastic materials Extrusion welding of pipes, piping parts, fittings and panels – Requirements for the welding machines and welding equipment 677
DVS 2207-4 Supplement 3	(2019-12)	Welding thermoplastic materials Hot-gas extrusion welding of pipes, piping parts, fittings and panels – Welding of fluoroplastics 683
DVS 2207-5	(2017-02)*	Welding thermoplastic materials Welding PE casing pipes – Pipes and piping parts – 694
DVS 2207-5 Supplement 1	(2017-02)*	Welding thermoplastic materials Welding PE casing pipes – Plug welding on PE casing pipes – 710
DVS 2207-5 Supplement 2	(2017-02)*	Welding thermoplastic materials – Testing and assessing welded joints in PE casing pipes 722
DVS 2207-6	(2003-09)	Welding of thermoplastics – Non-contact heated tool butt welding of pipes, pipeline components and sheets – Methods, equipment, parameters 731
DVS 2207-11	(2020-05)	Welding thermoplastic materials Heated element welding of pipes, piping parts and panels made of PP 739
DVS 2207-12	(2006-12)*	Welding of thermoplastics – Heated tool welding of pipes, piping parts and panels made of PVC-U 762
DVS 2207-13	(2012-11)	Welding of thermoplastics – Heated tool welding of pipes, piping parts and panels made of PVC-C 769
DVS 2207-14	(2009-04)	Welding of thermoplastics – Welding by bending using a heated tool for panels made of PP and PE 776
DVS 2207-15	(2005-12)*	Welding of thermoplastics – Heated tool welding of pipes, piping parts and panels made of PVDF 781
DVS 2207-16	(2010-07)	Welding of thermoplastics – Heated tool welding of pipes and piping parts made of Polyamide 12 791
DVS 2208-1	(2019-09)	Welding of thermoplastics Machines and equipment for the heated tool welding of pipes, pipeline components and panels 799
DVS 2208-1 Supplement 1	(2012-02)	Welding of thermoplastics – Tools and devices for the heated tool welding of pipes and piping parts 819

DVS 2210-1	(1997-04)	Industrial Pipelines Made of Thermoplastics – Planning and Execution, Above-Ground Pipe Systems	821
DVS 2210-1 Supplement 1	(2003-04)	Industrial piping made of thermoplastics – Design and execution, Above-ground pipe systems – Calculation example	855
DVS 2210-1 Supplement 2	(2004-07)	Industrial piping made of thermoplastics – Design and execution, Above-ground pipe systems – Recommendations for the internal pressure and leak tests	864
DVS 2210-1 Supplement 3	(2006-05)	Industrial piping made of thermoplastics – Design and execution, Above-ground pipe systems – Flanged joints: Description, requirements and assembly	875
DVS 2210-2	(2007-10)	Industrial piping made of thermoplastics – Design, structure and installation of two-pipe systems	882
DVS 2210-3	(2014-11)	Industrial pipelines made of thermoplastics – Planning and installation – Underground pipe systems	908
DVS 2211	(2021-05)	Welding of thermoplastics Welding fillers, Marking, requirements and tests	924
DVS 2212-1	(2024-08)	Testing of plastic welders for plant construction (apparatus, tank and pipeline construction)	932
DVS 2212-1 Supplement 1	(2018-03)	Qualification testing of plastics welders Qualification Test Groups I and II Planned monitoring of the certified plastics welders according to DVS 2212-1	961
DVS 2212-1 Supplement 3	(2021-07)	Plastic welding test for PFA and FEP high-speed hot gas welding	965
DVS 2212-3	(1994-10)	Testing of plastics welders – Examination Group III – Lining membranes in geotechnical and hydraulic engineering	971
DVS 2212-4	(2021-07)	Qualification testing of plastics welders; welding of PE casing pipes – Pipes and piping parts	987
DVS 2213	(2025-01)	Plastics Welding Specialist.....	1005

DVS 2213-1	(2024-10)	Specialist in plastic laminating and bonding	1010
DVS 2215-1	(2010-09)	Heated tool welding of mouldings made of thermoplastics in series fabrication	1017
DVS 2215-2	(1996-11)	Hot plate welding of mouldings made of polyolefins (PE, PP) in volume production	1028
DVS 2215-3	(1999-04)	Hot plate welding of mouldings made from amorphous thermoplastics in volume production	1040
DVS 2215-3 Supplement 1	(1999-04)	Hot plate welding of mouldings made from amorphous thermoplastics in volume production – Welding parameters for amorphous thermoplastics and blends	1047
DVS 2216-1	(2018-01)*	Ultrasonic joining of moulded components and semi-finished products of thermoplastic materials in large-scale production – process description, machines and equipment, variables, design, quality assurance	1054
DVS 2216-1 Supplement 1	(2019-12)	DVS test specimens with an energy director for the ultrasonic welding of thermoplastics and testing conditions	1094
DVS 2216-2	(2012-07)	Guide to the project sequence for the joining of thermoplastics in series fabrication	1104
DVS 2216-3	(2017-09)*	Ultrasonic joining of moulded components and semi-finished products of thermoplastic materials in large-scale production – Riveting and beading by shaping with ultrasound	1110
DVS 2216-3 Supplement 1	(2018-01)*	Rivet test piece with adjustable rivet pin geometry for ultrasonic riveting of thermoplastics and test conditions	1120
DVS 2216-4	(2020-01)	Ultrasonic Joining of Moulded Parts and Semi-Finished Parts of Thermoplastic Polymers in Mass Production – Embedding or insertion of inserts with ultrasound	1126
DVS 2216-5	(2018-01)*	Ultrasonic joining of moulded components made from thermoplastics in series production – sonotrode ultrasonic tool	1135
DVS 2216-6	(2013-12)	Ultrasonic joining of mouldings and semi-finished products made of amorphous thermoplastics in series fabrication	1151

DVS 2216-7	(2022-10)	Ultrasonic joining of moulded parts and semifinished products of thermoplastic polymers in large-scale production – Ultrasonic tool/fixture/anvil	1163
DVS 2217	(2018-05)	Vibration welding of plastic – Complex snap-fit systems	1194
DVS 2218-1	(2010-06)	Welding of thermoplastics in series fabrication – Rotational friction welding – Installations, procedures and characteristics	1222
DVS 2218-2	(2003-04)*	Welding of thermoplastics in series fabrication – Rotational friction welding of mouldings made of polyolefins (PE and PP)	1227
DVS 2218-3	(2006-04)*	Welding of thermoplastics in series fabrication – Rotational friction welding of mouldings and semi-finished products made of polyamides (PAs)	1234
DVS 2219-1	(2005-04)*	High-frequency joining of thermoplastics in series fabrication	1239
DVS 2219-2	(2005-04)*	Thermocontact welding of thermoplastic films (polyolefins)	1245
DVS 2220	(2011-05)	Qualification testing of plastics laminators and adhesive bonders – Laminates as well as laminate and adhesive-bonded joints between GFRPs (UP-GF and EP-GF)	1251
DVS 2220 Supplement 1	(2011-05)	Qualification testing of plastics laminators and adhesive bonders – Fabrication of Test Piece I.1/II.1 – Joint for a pipe nozzle in a panel	1258
DVS 2220 Supplement 2	(2011-05)	Qualification testing of plastics laminators and adhesive bonders – Fabrication of Test Piece II.2 – Building up a new laminate	1260
DVS 2221	(2018-03)	Qualification testing of plastics adhesive bonders Pipe joints between PVC-U, PVC-C and ABS with solvent-based adhesives	1262
DVS 2225-1	(2019-10)	Welding of lining membranes of polymer materials in geotechnical and hydraulic engineering	1275
DVS 2225-2	(2019-02)	Joining of Lining Membranes Made of Polymer Materials – Site Testing	1287

DVS 2225-3	(2019-10)	Welding of lining membranes made of polyethylene (PE) for the protection of groundwater	1305
DVS 2225-4	(2019-10)	Welding of lining membranes made of polyethylene (PE) for the sealing of landfill and contaminated sites	1319
DVS 2225-5	(2019-09)	Welding of lining membranes made of thermoplastics for tunnel construction	1337
DVS 2225-6	(2019-02)	Joining of Lining Membranes Made of Polymer Materials – Site Testing Requirements for welding machines and devices	1352
DVS 2226-1	(2000-09)	Testing of fused joints on liners of polymer materials – Testing procedure, requirements	1367
DVS 2226-2	(1997-07)	Testing of fused joints on liners of polymer materials – Lap shear test	1369
DVS 2226-3	(1997-07)	Test of fusions on PE liners – Peeling test	1371
DVS 2226-4	(2000-11)	Testing of fused joints on liners of polymer materials – Tensile creep test on PE	1373
DVS 2227-1	(2004-08)*	Welding of semi-finished products made of high-density polyethylene (PE-HD) for the sealing of concrete structures in the field of ground water protection and for corrosion protection	1377
DVS 2228	(2021-11)	Infrared welding of thermoplastics in large-scale production	1397
DVS 2230-1	(2003-07)	Welding of plastic series parts – Quality assurance and testing	1418
DVS 2231	(2008-12)*	Above-ground tanks, apparatus and piping made of thermoplastics – Guide to quality assurance	1438
DVS 2240-1	(2005-05)*	Thread inserts for the joining of mouldings made of plastics	1441
DVS 2241-1	(2018-06)*	Self-tapping screw connection of components made from thermoplastics	1448
DVS 2241-1 Supplement 1	(2007-10)*	Examples – Direct screwing of mouldings made of plastics and additional elements for thin-walled components	1467

DVS 2242-1	(2011-04)	Mechanical joining of plastic components – Snap joints	1474
DVS 2242-1 Supplement 1	(2011-04)	Mechanical joining of plastic components – Snap joints – Examples	1482
DVS 2242-1 Supplement 2	(2018-05)*	Mechanical joining of moulded and semi-finished components made of thermoplastics in series production	1488
DVS 2250	(2021-09)	Planning and setting up DVS educational establishments – joining of plastics	1496
DVS 2280	(2021-09)	DVS foundation course about the processing of semi-finished products made of thermoplastics	1511
DVS 2281	(2021-09)	DVS course for plastics welders in the welding processes: heated tool butt welding, heated tool sleeve welding, sleeve welding with an incorporated heating element, hot gas fan welding, hot gas string-bead welding in Qualification Test Group I	1516
DVS 2282	(2021-09)	DVS course for plastics welders in the welding processes hot-gas extrusion welding in Qualification Test Group II	1521
DVS 2283	(2009-11)	DVS® course for plastics welders in Qualification Test Group III	1526
DVS 2284	(2004-09)	DVS® course for plastics welders – PE shell pipes; Preparation for the welder qualification test according to the DVS® 2212-4 guideline	1528
DVS 2290	(2012-04)	DVS® course for plastics laminators and adhesive bonders	1530
DVS 2291	(2010-12)	DVS® course for plastics adhesive bonders for pipe joints between PVC-U, PVC-C and ABS with solvent-based adhesives	1532
