

Table of contents

I	List of illustrations	2
II	List of tables	3
III	List of abbreviations.....	3
1	Introduction	4
1.1	Problem definition and research question.....	4
1.2	Objectives and approach	5
2	Literature research - data analysis in the context of terrorism prevention .	6
2.1	Data science and artificial intelligence	6
2.2	Data analysis models.....	7
2.3	Modern terrorism	9
2.4	Factors in the prevention of terrorism.....	9
2.5	Challenges in data analysis	10
2.6	Hypotheses and concept of the work	10
3	Methodology and data basis	12
3.1	Data records	13
3.2	Methodological approach.....	15
3.3	Research ethics.....	15
4	Analysis model and interpretation	16
4.1	Data processing and preparation.....	16
4.2	Cluster and classification analysis	17
4.3	Deep learning	17
4.4	Visualisation of the results.....	19
5	Discussion	20
5.1	Feasibility and technical realisation.....	20
5.2	Interpretation of the results and recommendations for action	21
6	Conclusion.....	22
IV	Bibliography.....	23
