1	Introduction	1
2	Conceptual Foundations	9
2.1	Introduction	9
2.2	Embracing Digital Transformation	10
2.3	The Context of Family Firms	13
2.3.1	Uniqueness of Family Firms	13
2.3.2	Definition of Family Firm	15
2.3.3	Distinction between Small & Medium Sized and Mittelstand Firms	16
2.4	Understanding Family Influence	17
2.5	Cross-Country Comparative Inquiry	20
2.5.1	The Relevance of a Cross-Country Approach	20
2.5.2	Rationale for the Choice of Countries	22
2.5.2.1	Economic and Political Linkages	23
2.5.2.2	“Industry 4.0” and “Made in China 2025”	26
2.5.2.3	Family Firms in Germany and China	28
2.5.3	The Concept of Culture in the Context of Family Firms	31
2.5.3.1	Approaching the Concept of Culture	31
2.5.3.2	Cultural Influence on German and Chinese Family Firms	33
2.6	Chapter Summary	38

3	Systematic Literature Review	41
3.1	Introduction	41
3.2	Systematic Review Approach	43
3.3	Descriptive Analysis	46
3.4	Results and Synthesis	49
3.4.1	Macro Level Findings: Framing the Fragments	50
3.4.2	Micro Level Findings: Two Sides of a Coin	55
3.4.2.1	The Bright Side of Family Ownership for Digital Transformation	58
3.4.2.2	The Dark Side of Family Ownership for Digital Transformation	76
3.5	Gaps and Opportunities for Future Research	90
3.5.1	Future Research Avenues Building on the Current Literature	90
3.5.2	Possible Research Questions Derived from the Literature	97
3.6	Chapter Summary and Limitations of the Literature Study	100
4	Methodology	103
4.1	Introduction	103
4.2	Research Philosophy	105
4.3	Research Design	107
4.3.1	Methodological Choice	107
4.3.2	Time Horizon	108
4.3.3	Research Strategy	108
4.4	Research Approach	111
4.5	Data Collection	113
4.5.1	Research Context	113
4.5.2	Case Selection	115
4.5.3	Data Set	118
4.5.4	Development of Interview Guidelines	126
4.5.5	Conduction & Transcription of Interviews	128
4.6	Data Analysis	131
4.6.1	Coding Phases	132
4.6.2	Attempt to Use Family Influence Scales	140
4.7	Cross-Country Qualitative Research	142
4.8	Chapter Summary	146

5 Findings	149
5.1 Introduction	150
5.2 Path of Digital Transformation	151
5.2.1 Assessing the External World	151
5.2.1.1 Comprehension of the Term Digital Transformation	151
5.2.1.2 Perceived External Influence Factors	153
5.2.1.3 What Family Firms Aim to Accomplish with DT	157
5.2.1.4 Main Challenges of the Perception of the External World	165
5.2.2 Assessing the Internal World	165
5.2.2.1 Ownself	166
5.2.2.2 Familyself	181
5.2.2.3 Familybusinessself	185
5.2.2.4 Main Challenges of the Internal World	193
5.2.3 Exploring the Decision-Making Process	196
5.2.3.1 Applied Decision-Making Logics	196
5.2.3.2 Decoding the Family Factor in Decision-Making	200
5.2.3.3 Main Challenges in DT Decision-Making	202
5.2.4 Practical Implementation	203
5.2.4.1 Structural Changes	204
5.2.4.2 Process Digitalization	209
5.2.4.3 Digital Communication and New Work Culture	211
5.2.4.4 Product and Service Digitalization	214
5.2.4.5 Business Model Digitalization	217
5.2.4.6 Adjusting the Staff Base	219
5.2.4.7 Main Challenges in Practical Implementation	226
5.3 Stumbling to Make Family Influence Numerically Tangible	229
5.4 Synthesizing the Role of Cultural Influence	230
5.4.1 Cultural Aspects Assessing the External World	232
5.4.2 Cultural Aspects Assessing the Internal World	235
5.4.3 Cultural Aspects in the Decision-Making Process	239
5.4.4 Cultural Aspects in Practical Implementation	241
5.4.5 Summary Culture	243
5.5 Synthesizing the Role of Family Influence	245

5.5.1	Effects of Family Influence	246
5.5.2	Archetypes	250
5.6	Chapter Summary and Prevailing Process Model	260
6	Discussion	267
6.1	Introduction	267
6.2	Implications for Research	268
6.3	Implications for Practice	278
6.4	Chapter Summary	285
7	Conclusion	287
7.1	Broadening the Horizon	288
7.2	Limitations	290
7.3	Avenues for Future Research	291
7.4	Concluding Summary and Answering the Research Questions	294
	References	297
