Acknowledgments	xi
Note About the Cover	xiii
Note About the Higher Education-Related Terminology Used in the Book	xv
Preface	xvii
Chapter 1. Introduction: The Case for Charting Artificial Intelligence Developments in Journalism and Mass Communication Education	1
Part I Getting to Grips With Artificial Intelligence in Relation to Journalism and Mass Communication Education	
Chapter 2. Background: The Factors that Continue to Shape the Growth of Artificial Intelligence	27
Chapter 3. Understanding the Nature of Artificial Intelligence	37

Chapter 4. The Importance of Exploring Artificial Intelligence and Its Implications for Journalism and Mass Communication	45
---	----

Part II The Current State of Teaching About, and With, Artificial Intelligence in Journalism and Mass Communication Education

Chapter 5. The Current Elements in Functionally Oriented Teaching About, and With, Artificial Intelligence in Journalism and Mass Communication Education	63
---	----

Chapter 6. The Current Elements in Critically Oriented Teaching About, and With, Artificial Intelligence in Journalism and Mass Communication Education	81
---	----

Chapter 7. The Current Elements in Ethics-Focused Teaching About, and With, Artificial Intelligence in Journalism and Mass Communication Education	101
--	-----

Part III The Future of Artificial Intelligence in Journalism and Mass Communication Education

Chapter 8. The Requirements for the Current and Future Professional Development of Journalism and Mass Communication Educators to Teach About, and With, Artificial Intelligence	121
--	-----

Chapter 9. Future Artificial Intelligence Developments in Higher Education and Their Implications for Journalism and Mass Communication Education	137
---	-----

Chapter 10. The Next Steps That Journalism and Mass Communication Educators Should be Taking Now and in the Future in Relation to Artificial Intelligence	151
---	-----

Part IV Final Remarks

Chapter 11. Conclusion: Key Final Considerations Relating to Artificial Intelligence	167
Chapter 12. Postface: Educators and the Challenge of Controlling AI-Based Change	179
Further Reading Suggestions	183
Appendix	187
Index	193
