INTRODUCTION	I
1. THE HORMONAL VORTEX	3
Everything was fine, but all of a sudden you don't recognise yourself?	
We know that feeling all too well!	3
Midlife care starts now	16
How hormones steer our body and mind	26
2. THE HORMONE CAROUSEL	30
Hormones stir us up	32
The female sex hormones	34
The stress hormones	47
The metabolism hormones	52
The thyroid hormones	55
Neurotransmitters	59
3. BALANCING OUR HORMONES — THIS IS HOW IT WORKS	63
Using our hormones to balance our hormones	69
Perimenopause — the beginning	73
<i>Special: Fibroids</i>	79
Perimenopause — in the thick of it	84
Menopause	89
Hormone therapy	91

<i>Hormone Replacement Therapy (HRT)</i>	96
<i>Phytoestrogen and other measures</i>	117
<i>Vitamin D: the undercover agent</i>	123
<i>When is hormone level measurement a good idea?</i>	125
Regulating hormones via the gut and nutrition	128
<i>The power of the gut in regulating our hormones</i>	130
<i>Hormone regulation via diet</i>	135
<i>Weight regulation</i>	142
Regulating hormones via exercise	154
<i>Hormone yoga</i>	159
<i>Sex</i>	162
The thyroid's role in hormonal regulation	165
<i>T₃, T₄: our drivers</i>	166
<i>Lesser-known hormones of the thyroid gland</i>	169
<i>When the thyroid applies the emergency brake</i>	169
<i>Hashimoto's thyroiditis (Hashimoto's disease)</i>	170
Regulating hormones via the adrenal gland, liver, and stress reduction	183
<i>Chronic adrenocortical insufficiency</i>	188
<i>Chronobiology — prescription sleeping</i>	197
<i>Liver detoxication</i>	203
4. EXTERNAL HORMONE MANIPULATION	205
Endocrine disruptors	205
Epigenetics — from the environment to the genes	214
5. SELF-CARE	219
Body-mind medicine	225
Relationships and sexuality	241
Change your view of yourself: self-compassion	267
