

Part I Head

1 Tumors, Tumor-Like Masses, and Abnormalities of Scalp, Calvaria, and Adjacent Regions 3

1.1 Congenital Pathologies..... 4

1.1.1 Dermoid and Epidermoid Cysts 4

1.1.2 Special Forms of Dermoid and Epidermoid Cysts (Midline Forms)..... 6

1.1.3 Vascular Malformations..... 7

1.1.4 Atretic Cephalocele (Abortive Encephalocele) 8

1.1.5 Cephalocele (Encephalocele) 8

1.1.6 Nasal Glioma (Glial Heterotopia of the Nose)..... 10

1.1.7 Sinus Pericranii..... 11

1.1.8 Congenital Scalp (Aplasia Cutis Congenita) and Skull Defects..... 11

1.2 Traumatic Pathologies..... 12

1.2.1 Cephalhematoma 12

1.2.2 Growing or Enlarging Skull Fracture (Leptomeningeal Cyst) 13

1.2.3 Subperiosteal and Subgaleal (Subaponeurotic Cephalhematoma) Hematoma..... 14

1.3 Inflammatory Pathologies 15

1.3.1 Infections of the Galea and Osteomyelitis of the Skull..... 15

1.4 Neoplastic Pathologies 16

1.4.1 Hemangioma..... 16

1.4.2 Rare Tumors and Tumor-Like Masses of the Soft Tissue (Galea)..... 17

1.4.3 Osteoma 18

1.4.4 Fibrous Dysplasia 18

1.4.5 Eosinophilic Granuloma (Histiocytosis X) 20

1.4.6 Rare Benign and Malignant Skull Tumors..... 21

Webcodes 22

Bibliography 23

2	Macrocrania	27
2.1	Hydrocephalus.....	27
2.2	Constitutional Macrocrania (Benign Familial Macrocephaly)	35
2.3	Intraventricular (Periventricular/Intraventricular) Hemorrhage of the Newborn (in Prematurity)	36
2.4	Catch-Up Growth of Head Circumference.....	37
2.5	Congenital Intracranial Cysts.....	38
2.6	Subacute and Chronic Subdural Hematoma (Hygroma).....	41
2.7	Encephalopathies, Metabolic Disorders with Brain Involvement.....	43
2.8	Achondroplasia (Chondrodysplasia).....	44
	Webcodes	45
	Bibliography	45
3	Unconsciousness and Altered States of Consciousness	49
3.1	Head Injury.....	50
3.1.1	Cerebral Concussion.....	51
3.1.2	Syndrome of Cerebral Concussion in Children (Delayed Encephalopathy)	53
3.1.3	Skull Fractures	54
3.1.4	Cerebral Contusion	56
3.1.5	Epidural Hematoma.....	58
3.1.6	Subdural and Intracerebral Hematoma	59
3.1.7	Child Abuse, Battered Child Syndrome (BC)	60
3.2	Convulsive Attacks and Epilepsy	62
3.3	Fat Embolism Syndrome, Fat Embolism	63
3.4	Shunt Dysfunction, Decompensation of Native Hydrocephalus.....	63
3.5	Disorders with Septicemia or Blood Volume Deficit.....	64
3.6	Spontaneous Intracranial Hemorrhage.....	65
3.7	Pediatric Disorders	66
3.8	Conversion Disorders	66
	Webcodes	67
	Bibliography	67
4	Conspicuous and/or Abnormal Head Shape	69
4.1	Single Suture Synostosis	70
4.1.1	Sagittal Synostosis.....	70
4.1.2	Coronal Synostoses (Bi- and Unilateral).....	74
4.1.3	Metopic Synostosis (Trigonocephaly, Frontal Synostosis).....	76
4.1.4	Lambdoid Synostosis (Bi- and Unilateral).....	77
4.2	Multiple-Suture Synostosis (Pansynostosis)	78
4.3	Syndromic Craniosynostosis (Craniofacial Dysostosis)	80
4.4	Treatment	82
4.4.1	Indication	82
4.4.2	Risks	82
4.4.3	Surgery.....	83

4.5	Prognosis	84
	Webcodes	85
	Bibliography	85
5	Malformations of the Face Visible from the Outside.....	89
5.1	Orofacial Clefts	89
5.1.1	Cleft Lip (Alveolus) Palate.....	89
5.1.2	Other Orofacial Clefts	92
5.2	Nasal Clefts	95
5.2.1	Median and Lateral Nasal Clefts	95
5.3	Congenital Fistulas of the Face	96
5.3.1	Congenital Lip Fistulas.....	96
5.3.2	Congenital Fistulas of the Nose and Auricle.....	96
	Webcodes	96
	Bibliography	96

Part II Neck

6	Torticollis	101
6.1	Congenital Forms of Torticollis	102
6.1.1	Congenital Muscular Torticollis	102
6.1.2	Postural Torticollis.....	105
6.1.3	Klippel-Feil Syndrome	105
6.1.4	Other Malformations of the Cervical Spine	106
6.2	Acquired Forms of Torticollis	107
6.2.1	Acute Nontraumatic Torticollis (Wryneck).....	107
6.2.2	Traumatic Torticollis (Cervical Spine Injuries).....	108
6.2.3	Grisel Syndrome	109
6.2.4	Atlantoaxial Rotatory Subluxation or Fixation	110
6.2.5	Sandifer Syndrome	111
6.2.6	Ocular Torticollis	112
6.2.7	Torticollis in Pneumomediastinum and Other Disorders.....	112
6.2.8	Neurogenic Torticollis	113
6.2.9	Medicamentous Torticollis	114
6.2.10	Psychogenic Torticollis.....	114
	Webcodes	114
	Bibliography	114
7	Tumors and Tumor-Like Masses and Fistulas of the Neck	117
7.1	Congenital Midline Pathologies	117
7.1.1	Thyroglossal Duct Cyst	117
7.1.2	Dermoid and Epidermoid Cyst.....	119
7.1.3	Congenital Midline Cervical Cleft	120
7.1.4	Ectopic Thyroid or Thymic Tissue.....	120
7.1.5	Cervical Teratoma.....	121
7.1.6	Congenital Obstructive Goiter.....	121

7.2	Acquired Midline Pathologies	122
7.2.1	Thyroid Pathologies.....	122
7.2.2	Primary Hyperparathyroidism	125
7.3	Congenital Lateral Pathologies	126
7.3.1	Second Branchial Anomalies	126
7.3.2	First, Third, and Fourth Branchial Anomalies.....	128
7.3.3	Congenital Preauricular and Neck Tags	129
7.3.4	Cystic Lymphangioma.....	129
7.3.5	Preauricular Fistulas	131
7.3.6	Congenital Disorders of the Salivary Glands	132
7.4	Acquired Lateral Pathologies	134
7.4.1	Lymphadenopathies.....	134
7.4.2	Acute Lymphadenitis.....	135
7.4.3	Subacute and Chronic Lymphadenitis.....	135
7.4.4	Primary Neoplastic Tumors and Metastases	136
7.4.5	Acquired Pathologies of the Salivary Glands.....	137
	Webcodes	139
	Bibliography	139

Part III Chest

8	Mediastinal Tumors.....	145
8.1	Anterior and Superior Mediastinum.....	147
8.1.1	Malignant Lymphomas	147
8.1.2	Mesenchymal Tumors	148
8.1.3	Germ Cell Tumors (Dermoid Cyst, Teratoma, and Other Germ Cell Tumors).....	149
8.1.4	Thymic Pathologies	150
8.2	Middle Mediastinum	152
8.2.1	Inflammatory and Neoplastic Adenopathy.....	152
8.2.2	Bronchogenic Cyst	152
8.2.3	Pericardial Cyst.....	153
8.3	Posterior Mediastinum	153
8.3.1	Neuroblastoma.....	154
8.3.2	Ganglioneuroma and Ganglioneuroblastoma	154
8.3.3	Neurogenic Tumors (Cranial and Peripheral Nerves)	155
8.3.4	Enteric and Neurenteric Cysts (Esophageal Duplication)	155
	Webcodes	157
	Bibliography	157
9	Respiratory Distress Syndrome of the Newborn and Young Infant.....	161
9.1	Obstruction of the Airways by Disorders of Head and Neck or Larynx and Tracheobronchial Tree...	162
9.1.1	Choanal Atresia	162
9.1.2	Congenital Tumors of Face, Nasal or Oral Cavity and Pharynx, or Orbit	163

9.1.3	Macroglossia.....	164
9.1.4	Pierre Robin Sequence (Triad of Pierre Robin)	165
9.1.5	Posterior Laryngeal and Laryngotracheoesophageal Cleft	167
9.1.6	Laryngeal Disorders, Tracheal Atresia and Stenosis.....	168
9.2	Obstruction of the Airways by Disorders with Valve Mechanism.....	170
9.2.1	Tracheobronchomalacia (Airway Malacia).....	170
9.2.2	Lobar Emphysema.....	171
9.2.3	Congenital Cystic Lung Disorders, Cystic Adenomatoid Malformation.....	172
9.3	Obstruction of Respiration by Intrathoracic Lung Displacement	174
9.3.1	Congenital Diaphragmatic Hernia.....	174
9.3.2	Diaphragmatic Hernia of Morgagni	177
9.3.3	Diaphragmatic Eventration.....	178
9.3.4	Chylothorax	179
9.3.5	Mediastinal Tumor.....	180
9.3.6	Surgical Abdomen	180
9.4	Obstruction of Respiration by Decreased Pulmonary Reserve (Parenchymal Deficit).....	180
9.4.1	Pulmonary Hypoplasia	180
9.4.2	Lung Aplasia and Agenesis, Post-Pneumonectomy Lung.....	181
9.4.3	Anomalies of the Thoracic Cage	181
9.5	Obstruction of Respiration by Airway Aspiration	181
9.5.1	Esophageal Atresia and Gastroesophageal Reflux ..	182
	Webcodes	182
	Bibliography	182

10	Symptoms and Signs of Respiratory Organs in Infants and Older Children	189
10.1	Malformations and Acquired Disorders with Similar Presentation in the Newborn or Later in Childhood	189
10.2	Malformations and Acquired Disorders with Clinical Manifestation After the Neonatal Period	189
10.2.1	Pulmonary Sequestration.....	189
10.2.2	Bronchiectasis.....	192
10.2.3	Spontaneous Pneumothorax	193
10.3	Thoracic Injuries	194
10.3.1	General Remarks	194
10.3.2	Lung Contusion and Hematoma.....	197
10.3.3	Pneumothorax	197
10.3.4	Hemothorax	198
10.3.5	Rib Fractures.....	199
10.3.6	Lung Laceration and/or Injuries to the Tracheobronchial Tree.....	200

10.4	Cardiovascular Injuries	201
10.4.1	Cardiac Injuries.....	201
10.4.2	Rupture of the Aorta and Its Branches	202
10.5	Foreign Body Aspiration.....	203
10.6	Complications of Inflammatory Disorders of the Lung	204
10.6.1	Pleural Empyema.....	205
10.6.2	Lung Abscess.....	207
10.6.3	Pneumatocele.....	208
10.7	Lung Parasitosis	209
10.7.1	Pulmonary Cystic Echinococcosis (Pulmonary Hydatid Cyst).....	209
10.8	Lung and Pleural Tumors.....	210
10.8.1	Lung Tumors.....	210
10.8.2	Pleural Tumors.....	212
	Webcodes	212
	Bibliography	213
11	Chest Wall Deformities	219
11.1	Funnel Chest.....	219
11.1.1	Occurrence, Pathology, Associated Anomalies.....	219
11.1.2	Clinical Significance.....	219
11.1.3	Natural History, Clinical Presentation	219
11.1.4	Work-Ups, Differential Diagnosis	221
11.1.5	Treatment, Prognosis	221
11.1.6	Prognosis.....	222
11.2	Pectus Carinatum (Protrusion Deformity of the Chest, Pigeon Breast).....	223
11.2.1	Occurrence, Surgical Pathology	223
11.2.2	Clinical Significance.....	223
11.2.3	Clinical Presentation.....	223
11.2.4	Work-Ups, Differential Diagnosis	224
11.2.5	Treatment, Prognosis	224
11.3	Poland's Syndrome.....	224
11.3.1	Occurrence, Pathology.....	224
11.3.2	Clinical Significance.....	225
11.3.3	Clinical Presentation.....	225
11.3.4	Work-Ups, Differential Diagnosis	225
11.3.5	Treatment, Prognosis	225
11.3.6	Prognosis.....	226
11.4	Sternal Defects	226
11.4.1	Cleft Sternum.....	226
11.4.2	Ectopia Cordis	226
	Webcodes	227
	Bibliography	227
12	Tumors, Tumor-Like Masses, Nipple Discharge, and Anomalies of the Breast	229
12.1	Congenital Pathologies.....	229
12.1.1	Hypoplasia and Aplasia of Breast and/or of Nipple (Micromastia, Amastia, and/or Athelia).....	229

12.1.2	Diffuse Enlargement of the Breast in the Newborn	230
12.1.3	Inversion, Hypertrophy, and Multiplication of the Nipple(s).....	231
12.2	Acquired Pathologies	231
12.2.1	Acquired and Secondary Hypoplasia and Aplasia of the Breast.....	231
12.2.2	Nipple Discharge	231
12.2.3	Mastitis	232
12.2.4	Diffuse Enlargement of the Breast	233
12.2.5	Localized Masses of the Breast	234
	Webcodes	236
	Bibliography	236

13 Malformations, Neoplasms, and Other Disorders of the Chest Wall

13.1	Congenital Pathologies.....	239
13.1.1	Polythelia, Polymastia	239
13.1.2	Circumscribed Anomalies of the Ribs.....	240
13.2	Acquired Pathologies: Soft Tissue Tumors and Tumor-Like Masses	240
13.2.1	Pilomatricoma (Pilomatrixoma, Calcifying Epithelioma of Malherbe).....	240
13.2.2	Fibromatosis	241
13.2.3	Hemangiomas, Lymphangiomas, Vascular Malformations, and Lipomas.....	242
13.2.4	Melanotic Nevi	242
13.3	Acquired Pathologies: Tumors and Tumor-Like Masses of the Chest Wall and Ribs.....	244
13.4	Acquired Pathologies of the Chest Wall: Inflammatory Disorders	246
	Webcodes	246
	Bibliography	246

Part IV Abdomen

14	Surgical Abdomen.....	253
14.1	Surgical Abdomen, General Remarks.....	253
14.2	Surgical Abdomen, Disorders with Peritonitis.....	254
14.2.1	Acute Appendicitis	254
14.2.2	Meckel's Diverticulitis.....	258
14.2.3	Cholelithiasis, Cholecystitis	258
14.2.4	Acute Pancreatitis	261
14.2.5	Chronic Pancreatitis (Chronic Relapsing Pancreatitis).....	262
14.2.6	Primary (Spontaneous) Peritonitis.....	263
14.2.7	Omental Infarction.....	265
	Webcodes	265
	Bibliography	265

15	Surgical Abdomen due to Intestinal Obstructions.....	269
15.1	Surgical Abdomen of the Newborn.....	269
15.1.1	Obstructive Ileus of the Newborn, General Remarks	269
15.1.2	Intrinsic and Extrinsic Duodenal Obstruction.....	270
15.1.3	Jejunal and Ileal Atresia and Stenosis	272
15.1.4	Meconium Ileus	275
15.1.5	Meconium Peritonitis	276
15.1.6	Intestinal Duplications.....	277
15.1.7	Disorders of Intestinal Rotation and Fixation (Malrotation of Intestine)	278
15.1.8	Anorectal Malformations.....	283
15.1.9	Spontaneous Perforation of the Gastrointestinal Tract	286
15.2	Surgical Abdomen due to Intestinal Obstruction of Infancy and Thereafter.....	287
15.2.1	Acute Intussusception (Invagination).....	287
15.2.2	Postoperative Ileus due to Adhesions.....	290
15.2.3	Rare Abdominal Wall, Pelvic Floor, and Internal Hernias.....	292
15.2.4	Sickle Cell Disease	293
	Webcodes	294
	Bibliography	294
16	Surgical Abdomen due to Abdominal Trauma and Foreign Bodies.....	299
16.1	Abdominal Trauma	299
16.1.1	General Features of Abdominal Trauma	299
16.1.2	Injury of the Kidney.....	301
16.1.3	Injury of the Spleen	303
16.1.4	Injury of the Liver.....	304
16.1.5	Injuries of Pancreas and Duodenum.....	306
16.1.6	Perforations of the Gastrointestinal Tract.....	308
16.1.7	Injuries to the Diaphragm or Pelvis.....	309
16.2	Foreign Bodies of the Gastrointestinal Tract	310
	Webcodes	311
	Bibliography	311
17	Chronic Abdominal Pain.....	313
	Webcodes	314
	Bibliography	314
18	Disorders of the Abdominal Wall Recognizable from the Outside (Excluding Abdominal Wall Hernias).....	315
18.1	Pathologies of the Navel (Excluding Umbilical Hernia).....	315
18.1.1	Umbilical Granuloma, Omphalitis	315
18.1.2	Remnants of the Omphalomesenteric (Vitellointestinal) Duct	316
18.1.3	Urachal Remnants.....	317

18.1.4	Miscellaneous Congenital and Acquired Disorders of the Navel	318
18.2	Omphalocele and Gastroschisis (Common Topics I).....	318
18.2.1	Omphalocele	320
18.2.2	Gastroschisis	320
18.3	Omphalocele and Gastroschisis (Common Topics II).....	320
18.4	Bladder Exstrophy	323
18.5	Cloacal Exstrophy (Vesicointestinal Fissure).....	325
	Webcodes	326
	Bibliography	326
19	Swelling of the Groin and Navel	329
19.1	Swelling and Pain of the Groin Including Scrotum	329
19.1.1	Inguinal Hernia	329
19.1.2	Hydrocele of the Cord or Canal of Nuck (Girls)....	333
19.1.3	Cryptorchidism Including Torsion of Undescended Testis	334
19.1.4	Inguinal Lymphadenopathy	334
19.1.5	Pain in the Groin	335
19.2	Swelling and Pain of the Navel and Linea Alba	335
19.2.1	Umbilical Hernia	335
19.2.2	Epigastric Hernia	336
	Webcodes	337
	Bibliography	337
20	Vomiting, Regurgitation, and Dysphagia	339
20.1	Esophageal Atresia, Isolated Tracheoesophageal Fistula ...	339
20.2	Gastroesophageal Reflux, Hiatus Hernia	342
20.3	Hypertrophic Pyloric Stenosis.....	345
20.4	Gastric Emptying Disorders	347
20.5	Esophageal Stenosis	348
20.5.1	Congenital Esophageal Stenosis.....	348
20.5.2	Acquired Esophageal Stenosis	349
20.6	Achalasia	349
20.7	Functional Disorders of Swallowing	350
20.8	Gastric Volvulus, Paraesophageal Hernia, and Upside-Down Stomach.....	350
20.9	Foreign Body Ingestion.....	351
20.10	Corrosive Ingestion (Caustic Stricture of the Upper Gastrointestinal Tract).....	353
	Webcodes	355
	Bibliography	355
21	Constipation.....	359
21.1	Disorders of Intestinal Innervation.....	360
21.1.1	Hirschsprung's Disease (Congenital Megacolon) ...	360
21.1.2	Intestinal Neuronal Dysplasia (IND).....	365
21.1.3	Immaturity of the Enteric Nervous System (Plexus Immaturity).....	366
21.1.4	Anal Sphincter Achalasia	367

21.2	Anal and Rectal Stenosis.....	367
21.3	Anterior Ectopic (Perineal) Anus.....	368
21.4	Postoperative Anorectal Anomalies, Hirschsprung's Disease, and Spina Bifida	369
21.5	Meconium Plug Syndrome, Small Left Colon Syndrome ..	369
21.6	Chronic Idiopathic Intestinal Pseudoobstruction	370
	Webcodes	371
	Bibliography	372
22	Hematemesis	375
22.1	Swallowed Blood	375
22.2	Gastroesophageal Reflux.....	376
22.3	Peptic Ulcer Disease (Gastric and Duodenal Ulcer)	377
22.4	Esophageal and Gastric Varices	379
	Webcodes	382
	Bibliography	382
23	Lower Gastrointestinal Bleeding (Melena)	385
23.1	Disorders with Upper Gastrointestinal Bleeding	385
23.2	Disorders with Lower Gastrointestinal Bleeding	385
23.2.1	Intestinal Volvulus	385
23.2.2	Acute and Chronic Intussusception	387
23.2.3	Henoch-Schönlein Purpura (Palpable Purpura with Normal Thrombocytes)....	388
23.2.4	Meckel's Diverticulum	389
23.2.5	Intestinal Duplication	390
23.2.6	Necrotizing Enterocolitis (NEC)	390
23.2.7	Polyps of the Gastrointestinal Tract	393
23.2.8	Incarcerated and Strangulated Inguinal Hernia	395
23.2.9	Hemorrhoids	395
23.2.10	Anal Fissure.....	396
23.2.11	Perineal (Perianal) Injury.....	397
23.3	Inflammatory Bowel Diseases (IBD)	399
23.3.1	Crohn's Disease	399
23.3.2	Ulcerative Colitis	400
23.4	Other Frequent and Rare Causes of Lower Gastrointestinal Bleeding	402
	Webcodes	402
	Bibliography	403
24	Abdominal Tumor	407
24.1	Neoplastic Masses and Cysts	407
24.1.1	Nephroblastoma (Wilms' Tumor)	407
24.1.2	Neuroblastoma.....	411
24.1.3	Rhabdomyosarcoma	413
24.1.4	Teratoma and Other Germ Cell Tumors	415
24.1.5	Non-Hodgkin's Lymphoma and Hodgkin's Lymphoma	416
24.1.6	Tumors and Cysts of the Ovary	417

24.1.7	Liver Tumors	420
24.1.8	Pancreatic and Adrenal Gland Tumors.....	421
24.1.9	Rare Tumors	425
24.2	Masses or Cysts Caused by Anomalies, Inflammations, and Injuries.....	425
24.2.1	Mesenteric and Omental Cysts.....	425
24.2.2	Other Malformative Abdominal Masses and Cysts.....	426
24.2.3	Abdominal Masses and Cysts Related to Inflammation.....	426
24.2.4	Abdominal Masses and Cysts Related to Trauma and Other Causes.....	426
24.3	Abdominal Masses and Cysts due to Parasitoses.....	426
24.3.1	Echinococcosis (Hydatid Disease)	426
24.4	Abdominal Tumors Related to Other Causes.....	427
24.4.1	Ascites.....	427
24.4.2	Other Causes Simulating Abdominal Tumor	429
	Webcodes	429
	Bibliography	429
25	Jaundice (Icterus).....	433
25.1	Biliary Atresia	434
25.2	Choledochal Cyst	436
25.3	Interlobular Biliary Hypoplasia.....	439
25.4	Inspissated Bile Syndrome.....	440
25.5	Cholelithiasis, Cholecystitis.....	440
25.6	Spontaneous Perforation of the Extrahepatic Biliary System.....	440
	Webcodes	441
	Bibliography	441

Part V Urogenital System

26	Hematuria.....	445
26.1	Urinary Tract Malformations	446
26.1.1	Pelvicureteral Junction Anomalies (Obstruction) ...	446
26.1.2	Retrocaval Ureter.....	448
26.2	Tumors	449
26.2.1	Polyps of the Urinary Tract	449
26.3	Traumatic Injuries	449
26.3.1	Bladder, Urethral, and Ureteral Injuries	449
26.3.2	Other Forms of Injuries to Kidney, Urinary Tract, and External Genitals.....	451
26.3.3	Peri-interventional and Perioperative Hemorrhage .	452
26.3.4	Manipulation of the Penis.....	452
26.4	Urolithiasis and Foreign Bodies of the Urinary Tract.....	453
26.4.1	Urinary Lithiasis	453
26.4.2	Foreign Bodies of Bladder and Urethra.....	455
26.5	Urinary Tract Infection.....	455

26.5.1	Bilharzial Cystitis and Urogenital Schistosomiasis.	455
26.6	Pediatric Nephrological Disorders	456
	Webcodes	456
	Bibliography	457
27	Urinary Tract Infection	459
27.1	Obstructive Uropathies of the Upper Urinary Tract.....	460
