1	Culicid Mosquitoes as Vectors of Disease Agents in Europe	1
	Helge Kampen, Mandy Kronefeld, and Doreen Werner	
2	Exotic Mosquitoes Conquer the World	31
	Norbert Becker, Björn Pluskota, Achim Kaiser, and Francis Schaffner	
3	Future Strategies for European Pest Management	61
	Reiner Pospischil	
4	Assessing Diversity and Abundance of Vector Populations at a National Scale: Example of <i>Culicoides</i> Surveillance in France After Bluetongue Virus Emergence	77
	R. Venail, T. Balenghien, H. Guis, A. Tran, M.-L. Setier-Rio, J.-C. Delécolle, B. Mathieu, C. Cêtre-Sossah, D. Martinez, J. Languille, T. Baldet, and C. Garros	
5	Bluetongue Disease: An Analysis of the Epidemic in Germany 2006–2009	103
	Franz J. Conraths, Michael Eschbaumer, Conrad Freuling, Jörn Gethmann, Bernd Hoffmann, Matthias Kramer, Carolina Probst, Christoph Staubach, and Martin Beer	
6	Impact of Insecticide-Treated Nets on Insects of Medical and Veterinary Relevance	137
	Burkhard Bauer, Dieter Mehlitz, and Peter-Henning Clausen	
7	The Changing Distribution Patterns of Ticks (Ixodida) in Europe in Relation to Emerging Tick-Borne Diseases	151
	T.N. Petney, J. Skuballa, S. Muders, M. Pfäffle, C. Zetlmeisl and R. Oehme	
8	The Huge Risks Due to <i>Hyalomma</i> Ticks	167
	Mohammed A. Bakheit, Abdalla A. Latif, Zati Vatansever, Ulrike Seitzer, and Jabbar Ahmed	

9	Flies as Vectors of Microorganisms Potentially Inducing Severe Diseases in Humans and Animals	195
	Falk Gestmann, Maike Förster, Heinz Mehlhorn, Kai Sievert, Sabine Messler, Nicole Neuhausen, Sabine Petersdorf, and Klaus Pfeffer	
10	Flies as Vectors of Parasites Potentially Inducing Severe Diseases in Humans and Animals	227
	Maike Förster, Falk Gestmann, Heinz Mehlhorn, Kai Sievert, Sabine Messler, Nicole Neuhausen, Sabine Petersdorf, and Klaus Pfeffer	
11	Lice as Vectors of Bacterial Diseases	255
	Günter A. Schaub, Astrid H. Kollien, and Carsten Balczun	
12	Triatomines as Vectors of American Trypanosomiasis	275
	Carsten Balczun, Christian K. Meiser, and Günter A. Schaub	
13	Fleas as Underestimated Vectors of Agents of Diseases	301
	Heinz Mehlhorn	
14	Marine Crustaceans as Potential Hosts and Vectors for Metazoan Parasites	329
	Markus Wilhelm Busch, Thomas Kuhn, Julian Münster, and Sven Klimpel	
15	Spotted Fever Rickettsiae and Rickettsioses in Germany	361
	Gerhard Dobler and Martin Pfeffer
