VIII/6 Polymers

Subvolume D: Polymer Solutions

Part 3: Physical Properties and their Relations I

(Thermodynamic Properties: Equilibria of Ternary Polymer Solutions)

1	Introduction	1
1.1	Selection of Data	1
1.2	Measurement Methods, Polymer Characterization, Compositions	1
1.3	Arrangement of Data	6
1.4	Substances and Nomenclature	6
1.5	References for 1	7
2	Vapor-Liquid Equilibrium	9
2.1	Data	9
2.2	References for 2	55
3	Liquid-Liquid Equilibrium	57
3.1	Data	57
3.2	References for 3	125
4	High Pressure Fluid Phase Equilibrium	127
4.1	Data	127
4.2	References for 4	265
5	Polymer List	268
