

Table of Contents

1	Introduction.....	1
	<i>J.-G. Wittneben, H. P. Weber</i>	
2	Proceedings of the 3rd and 4th ITI Consensus Conferences and Literature Review: Extended Edentulous Spaces in the Esthetic Zone.....	3
2.1	Consensus Statements	5
2.1.1	Proceedings of the 3rd ITI Consensus Conference 2003	5
2.1.2	Proceedings of the 4th ITI Consensus Conference 2008	6
2.2	Literature Review	7
	<i>H. P. Weber, J.-G. Wittneben</i>	
2.2.1	General Aspects and Biological Considerations	7
2.2.2	Treatment Planning and Risk Assessment	8
2.2.3	Surgical Procedures.....	8
2.2.4	Restorative Procedures	11
2.2.5	Complications	12
3	Preoperative Evaluation and Treatment Planning.....	13
	<i>H. P. Weber, J.-G. Wittneben</i>	
3.1	Introduction	14
3.2	Patient History	15
3.2.1	Main Complaints and Expectations.....	15
3.2.2	Social and Family History.....	15
3.2.3	Dental History	16
3.2.4	Motivation and Compliance	16
3.2.5	Habits	16
3.2.6	Medical History and Medications.....	16
3.3	Local Examination	18
3.3.1	Extraoral	18
3.3.2	Intraoral General Examination	19
3.3.3	Initial Radiographic Examination	20
3.3.4	Mounted Diagnostic Casts	21
3.3.5	Intraoral Implant-Specific-Examination	22
3.3.6	Summary	23
3.3.7	Implant-Specific Radiographic Evaluation	24

3.4	Risk Assessment.....	26
3.5	Prosthodontic Planning Considerations.....	34
3.5.1	Introduction	34
3.5.2	Diagnostic Wax-up.....	36
3.5.3	Implant Selection from a Prosthodontic Viewpoint.....	38
3.6	Surgical Planning.....	40
4	Surgical Considerations and Treatment Procedures for Extended Edentulous Spaces in the Esthetic Zone	43
	<i>S. Chen, D. Buser</i>	
4.1	Introduction	44
4.2	Ridge Alterations Following Tooth Extraction.....	45
4.2.1	Histological Changes	45
4.2.2	Dimensional Changes of the Alveolar Ridge	46
4.2.3	Soft-Tissue Thickness in Edentulous Areas of the Anterior Maxilla	48
4.2.4	Surgical and Esthetic Implications	50
4.3	Surgical Procedures in Extended Edentulous Spaces	51
4.3.1	Simultaneous versus Staged Approach	51
4.3.2	Preoperative Radiographic Examination.....	54
4.3.3	Esthetic Risk Assessment (with Special Consideration of the Smile Line).....	55
4.3.4	Timing of Implant Placement.....	55
4.3.5	Correct Three-Dimensional Implant Placement.....	57
4.3.6	Number of Implants.....	60
4.3.7	Contour Augmentation Using Guided Bone Regeneration (GBR).....	61
4.3.8	Soft-Tissue Grafting.....	63
4.4	Conclusions	64
5	Prosthodontic Considerations and Treatment Procedures.....	65
	<i>J.-G. Wittneben, H. P. Weber</i>	
5.1	Loading Protocols for Extended Edentulous Spaces in the Esthetic Zone	66
5.2	Provisionalization.....	68
5.2.1	Pre-Implant Provisional Restorations.....	68
5.2.2	Implant-Supported Provisional Restorations and Soft-Tissue Conditioning	70
5.3	Permanent Prostheses	75
5.3.1	Cementation versus Screw Retention	75
5.3.2	Abutment Selection	76
5.3.3	Treatment Procedures.....	78
5.3.4	Use of Pink Ceramics in the Extended Edentulous Space.....	84
5.4	Occlusion.....	90

6	Clinical Case Presentations.....	93
6.1	Replacement of Two Central Incisors with Non-Splinted Crowns on Bone-Level Implants.....	94
	<i>U.C. Belser, D. Buser</i>	
6.2	Replacement of Two Central Incisors with Non-Splinted Crowns on Tissue-Level Implants.....	105
	<i>W. Martin, J. Ruskin</i>	
6.3	Replacement of an Upper Right Central and Lateral Incisor with an Implant-Supported Crown and a Distal Cantilever.....	116
	<i>B. Schmid, D. Buser</i>	
6.4	Replacement of Two Central Incisors and One Lateral Incisor with a Fixed Dental Prosthesis on Two Bone-Level Implants.....	127
	<i>R. Jung</i>	
6.5	Replacement of Two Central Incisors and One Lateral Incisor with a Fixed Dental Prosthesis on Two Tissue-Level Implants.....	150
	<i>D. Buser, C. Hart</i>	
6.6	Replacement of Four Incisors with a Fixed Dental Prosthesis on Two Bone-Level Implants	161
	<i>H. Katsuyama, M. Hojo, M. Ogawa</i>	
6.7	Replacement of Five Teeth with a Fixed Dental Prosthesis on Bone-Level Implants.....	172
	<i>D. Dragisic</i>	
6.8	Replacement of Six Teeth with a Fixed Dental Prosthesis on Four Bone-Level Implants	182
	<i>M. Mokti, G. Gallucci</i>	
7	Complications: Causes, Prevention, and Treatment Options.....	193
	<i>H. P. Weber, J.-G. Wittneben</i>	
7.1	Causes of Complications	194
7.1.1	Introduction	194
7.1.2	Risk Factors for Complications Reported in the Literature.....	194
7.2	Prevention of Complications.....	197
7.3	Management of Complications—Clinical Case Presentations.....	202
7.3.1	The Consequences of Non-Retrievability in Implant-Supported Fixed Prosthodontics	202
	<i>S. Scheuber, U. Braegger</i>	
7.3.2	Treatment of Peri-Implant Infection at Adjacent Implant-Supported Single Crowns	208
	<i>L. Heitz-Mayfield</i>	
7.3.3	Replacement of Failing Hydroxyapatite-Coated Cylinder-Type Implants with Bone-Level Implants and a Screw-Retained Fixed Partial Denture in the Anterior Maxilla	211
	<i>S. Keith, G. Conte</i>	

7.3.4	Replacement of Teeth 12 and 13 with Tissue-Level Implants	220
	<i>W. Martin, J. Ruskin</i>	
7.3.5	Replacement of Four Incisors with a Fixed Partial Denture on Two Narrow-Neck Implants after Implant Failure	231
	<i>U.C. Belser, D. Buser</i>	
8	Conclusions.....	247
	<i>J.-G. Wittneben, H. P. Weber</i>	
9	References	249
