

Contents

1	Introduction	1
1.1	Research Problem and Research Questions	1
1.2	Prior Research	3
1.3	Rationale for the Choice of Research Method	6
1.4	Structure of Chapters	7
	Bibliography	9
2	Management Accounting	11
2.1	The Roles of Management Accounting	11
2.2	Management Accounting Information	15
2.2.1	Management Accounting Data and Information	15
2.2.2	The Decision-Facilitating and the Decision-Influencing Role of Accounting Information	17
2.3	Types of Management Accounting Systems	18
2.3.1	Financial Accounting Systems	20
2.3.2	Management Accounting Systems	20
	Bibliography	25
3	Conceptual and Theoretical Framework	29
3.1	Conceptual Framework	29
3.1.1	Bias and Error in Different Contexts	30
3.1.2	Sources for Biasing Behavior	37
3.2	Theoretical Framework	44
3.2.1	The Hidden Action Problem	46
3.2.2	Earnings Management and the Revelation Principle	49
	Bibliography	50
4	Research Design and Model Formalization	57
4.1	The Computational Model of the Costing System	57
4.1.1	Determining and Classifying Costs	57
4.1.2	Allocation of Indirect Costs to Cost Centers	60
4.1.3	Internal Cost Allocation	61

4.1.4	Cost Allocation to Products	63
4.1.5	Calculation of Decision Influencing and Decision Facilitating Information	65
4.1.6	Overview of the Main Processing Steps and Interactions.....	66
4.2	The Model of the Agents' Behavior and Resulting Biases.....	66
4.2.1	The Generalized Model of Principal-Agent Relations	68
4.2.2	Specific Characteristics of the Incorporated Principal-Agent Relations and the Agents' Biasing Behavior	72
4.2.3	Sequence of Events and Overview of Biases Under Investigation	79
4.3	Operationalization of the Structure of Biases.....	79
4.3.1	Input Biases Ex-Ante to Operations	80
4.3.2	Input Biases Ex-Post to Operations	84
	Bibliography.....	88
5	Costing System Sophistication and Quality of Provided Information.....	89
5.1	Parameterization and Data Analysis	89
5.2	Sensitivity of Biases to Costing System Sophistication	95
5.3	Biases that Turn Out to be Sensitive to Costing System Sophistication	95
5.3.1	Categorization of Cost Centers.....	96
5.3.2	Categorization of Cost Categories	96
5.3.3	Assignment of Direct Cost Pools	97
5.3.4	Assignment of Cost Categories	99
5.3.5	Basis for Allocation Type I	99
	Bibliography.....	100
6	Effects of Single Input Biases on the Quality of Provided Information.....	103
6.1	Simulation Experiments and Data Analysis	103
6.2	Single Input Biases Ex-Ante to Operations	106
6.3	Single Input Biases Ex-Post to Operations	108
	Bibliography.....	113
7	Effects of Multiple Input Biases on the Quality of Provided Information	115
7.1	Simulation Experiments and Data Analysis	115
7.2	Interactions Among Biases	118
7.2.1	Ex-Ante to Operations.....	119
7.2.2	Ex-Post to Operations	120
7.3	Compensation Among Biases	127
7.3.1	Ex-Ante to Operations.....	127
7.3.2	Ex-Post to Operations	135

8 Discussion 137

8.1 Costing System Sophistication and Quality
of Provided Information 137

8.2 Effects of Single and Multiple Input Biases on the Quality
of Provided Information 139

8.3 Limitations and Future Research 142

Bibliography 143

9 Summary and Conclusion 145

Bibliography 147

A 149

B 153

C 159
