

1	Introduction	1
2	Radioactivity, Radiopharmacy, and Quality Assurance	3
3	Radiation Safety	17
4	Instrumentation and Quality Assurance	27
5	Image Presentation and Computers	39
6	Skeletal System Scintigraphy	43
7	Central Nervous System Scintigraphy	53
8	Cardiovascular System Scintigraphy	61
9	Respiratory System Scintigraphy	79
10	Gastrointestinal Tract Scintigraphy	89
11	Genitourinary System Scintigraphy	99
12	Oncologic Scintigraphy	111
13	Infection Scintigraphy	117
14	Thyroid, Parathyroid, and Salivary Gland Scintigraphy	123
15	Non-imaging Procedures and Radionuclide Therapy	133
16	Patient Care	143
17	Positron Emission Tomography	149
18	Multimodality Imaging	157
Appendix 1	Mock Examination	161
Appendix 2	Answers to Chapter 2	183
Appendix 3	Answers to Chapter 3	193
Appendix 4	Answers to Chapter 4	199
Appendix 5	Answers to Chapter 5	207
Appendix 6	Answers to Chapter 6	211
Appendix 7	Answers to Chapter 7	217
Appendix 8	Answers to Chapter 8	223
Appendix 9	Answers to Chapter 9	235

Appendix 10	Answers to Chapter 10.	241
Appendix 11	Answers to Chapter 11.	249
Appendix 12	Answers to Chapter 12.	257
Appendix 13	Answers to Chapter 13.	261
Appendix 14	Answers to Chapter 14.	265
Appendix 15	Answers to Chapter 15.	271
Appendix 16	Answers to Chapter 16.	279
Appendix 17	Answers to Chapter 17.	283
Appendix 18	Answers to Chapter 18.	289
Appendix 19	Mock Examination Answers	291
