

## Part I General

|                                                                                                                        |    |
|------------------------------------------------------------------------------------------------------------------------|----|
| <b>1 Principles of the Pathology and Biology of Malignant Lymphomas</b> . . . . .                                      | 3  |
| German Ott, Eric D. Hsi, Jan Delabie, and Scott Rodig                                                                  |    |
| <b>2 Cytogenetics</b> . . . . .                                                                                        | 17 |
| Gordana Raca, Jo-Anne van der Krogt, Michelle M. Le Beau, and Iwona Wlodarska                                          |    |
| <b>3 Molecular Genetics of Rare Lymphomas</b> . . . . .                                                                | 61 |
| Sören-Sebastian Wenzel and Georg Lenz                                                                                  |    |
| <b>4 Signaling Pathways in Rare Lymphomas</b> . . . . .                                                                | 71 |
| Andrew Lipsky, Patricia Pérez-Galán, Claudio Agostinelli, Pier Paolo Piccaluga, Stefano A. Pileri, and Adrian Wiestner |    |

## Part II Disease-Specific: T-NHL

|                                                                 |     |
|-----------------------------------------------------------------|-----|
| <b>5 Adult T-cell Leukemia-Lymphoma</b> . . . . .               | 99  |
| Kunihiro Tsukasaki and Kensei Tobinai                           |     |
| <b>6 Anaplastic Large Cell Lymphoma</b> . . . . .               | 111 |
| Anas Younes, Pier Luigi Zinzani, Scott Rodig, and Jan Delabie   |     |
| <b>7 Extranodal NK/T-Cell Lymphoma, Nasal Type</b> . . . . .    | 121 |
| Won Seog Kim, Seok Jin Kim, and Young Hye Ko                    |     |
| <b>8 Cutaneous T-Cell Lymphoma</b> . . . . .                    | 133 |
| Jasmine Zain, Michael Weichenthal, Scott Rodig, and Jan Delabie |     |

## Part III Disease-Specific: B-NHL

|                                                                                |     |
|--------------------------------------------------------------------------------|-----|
| <b>9 Adult Burkitt Lymphoma and Leukemia</b> . . . . .                         | 171 |
| Nicola Gökbuget, Paul Barr, Jonathan W. Friedberg, Eric D. Hsi, and German Ott |     |
| <b>10 Primary Mediastinal Large B-Cell Lymphoma</b> . . . . .                  | 195 |
| Peter Johnson, Jan Delabie, Scott Rodig, and Maurizio Martelli                 |     |

|           |                                                                                                    |     |
|-----------|----------------------------------------------------------------------------------------------------|-----|
| <b>11</b> | <b>CNS Lymphoma</b> .....                                                                          | 207 |
|           | Agnieszka Korfel, James Rubenstein, German Ott,<br>and Eric D. Hsi                                 |     |
| <b>12</b> | <b>HIV-Associated Lymphomas</b> .....                                                              | 225 |
|           | Kieron Dunleavy, German Ott, Eric D. Hsi,<br>and Michele Spina                                     |     |
| <b>13</b> | <b>Non-MALT Marginal Zone Lymphoma</b> .....                                                       | 241 |
|           | Catherine Thieblemont, Steven Bernstein,<br>Scott Rodig, and Jan Delabie                           |     |
| <b>14</b> | <b>Mucosal-Associated Lymphoid Tissue (MALT) Lymphoma</b> ....                                     | 253 |
|           | Caron A. Jacobson, Luca Arcaini, Ann S. LaCasce,<br>Jan Delabie, and Scott Rodig                   |     |
| <b>15</b> | <b>Mantle Cell Lymphoma</b> .....                                                                  | 277 |
|           | Michael E. Williams, L. Kyle Brett, Martin Dreyling,<br>German Ott, and Eric D. Hsi                |     |
| <b>16</b> | <b>Waldenström's Macroglobulinemia</b> .....                                                       | 303 |
|           | Véronique Leblond, Giampaolo Merlini, Steven P. Treon,<br>Scott Rodig, and Jan Delabie             |     |
| <b>17</b> | <b>B-Cell Prolymphocytic Leukemia (B-PLL) and T-Cell<br/>Prolymphocytic Leukemia (T-PLL)</b> ..... | 331 |
|           | German Ott, Eric D. Hsi, John F. Seymour, and Georg Hopfinger                                      |     |
| <b>18</b> | <b>Nodular Lymphocyte-Predominant Hodgkin Lymphoma</b> ....                                        | 343 |
|           | Dennis A. Eichenauer, Ranjana H. Advani, Andreas Engert,<br>Jan Delabie, and Scott Rodig           |     |
| <b>19</b> | <b>Primary Cutaneous B-Cell Lymphomas</b> .....                                                    | 353 |
|           | Sima Rozati, Reinhard Dummer, Matthew A. Lunning,<br>Steven Horwitz, German Ott, and Eric D. Hsi   |     |
