Part I An Introduction to EMDS and its Major Components

An Overview of the Ecosystem Management Decision-Support System	3
Keith M. Reynolds and Paul F. Hessburg	
NetWeaver	23
Michael C. Saunders and Bruce J. Miller	
Criterium DecisionPlus	35
Philip J. Murphy	

Part II EMDS Applications

Use of EMDS in Conservation and Management Planning for Watersheds	63
Sean N. Gordon	
The Integrated Restoration and Protection Strategy of USDA Forest Service Region 1: A Road Map to Improved Planning	93
Patrick Bourgeron, Hope Humphries, Chip Fisher, Barry Bollenbacher and Keith Reynolds	
Evaluating Wildfire Hazard and Risk for Fire Management Applications	111
Robert E. Keane, James P. Menakis, Paul F. Hessburg, Keith M. Reynolds and James D. Dickinson	
Landscape Evaluation and Restoration Planning	135
Paul F. Hessburg, R. Brion Salter, Keith M. Reynolds, James D. Dickinson, William L. Gaines and Richy J. Harrod	

Ecological Research Reserve Planning 175
David M. Stoms

Forest Conservation Planning 205
Michael D. White and James R. Strittholt

Wildlife Habitat Management 227
Sean N. Gordon, Heather McPherson, Lowell Dickson,
Joshua Halofsky, Chris Snyder and Angus W. Brodie

**Planning for Urban Growth and Sustainable
Industrial Development** 253
M^a Carmen Ruiz Puente

**Measuring Biological Sustainability via a Decision Support System:
Experiences with Oregon Coast Coho Salmon** 277
Thomas C. Wainwright, Peter W. Lawson, Gordon H. Reeves,
Laurie A. Weitkamp, Heather A. Stout and Justin S. Mills

Part III The Next Version and Final Thoughts

EMDS 5.0 and Beyond 301
Steve Paplanus, Bruce Miller, Philip J. Murphy, Keith Reynolds
and Michael Saunders

Synthesis and New Directions 315
Keith M. Reynolds, Paul F. Hessburg and Patrick S. Bourgeron
