| Introduction | 9 |
| 1 Normality and variability in language development | 11 |
| 1.1 Average child or variability? | 11 |
| 1.2 Parental questionnaire as a tool for assessing variability in early language development | 12 |
| 1.3 CDIs in different languages | 14 |
| 1.4 Lack of age norms for early language development in German and implications for clinicians | 16 |
| 2 Development of FRAKIS – a German adaptation of the toddler CDI | 21 |
| 2.1 Aims and preliminary studies | 21 |
| 2.2 Description of the instrument FRAKIS | 24 |
| The norming study | 33 |
| 3 Description of sample | 35 |
| 3.1 Participants and Design | 35 |
| 3.2 Demographic characteristics of the sample | 37 |
| 4 Developmental trends and variability | 43 |
| 4.1 Vocabulary | 43 |
| 4.2 Grammar | 45 |
| 4.2.1 Inflectional morphology | 45 |
| 4.2.2 Sentence complexity | 52 |
| 4.3 Summary | 56 |
| 5 Interrelations among language measures | 57 |
| 5.1 Relations between ratings and scale measures | 57 |
| 5.2 Relations between vocabulary and grammar | 58 |
| 5.2.1 Interrelations between vocabulary and grammar scales | 60 |
| 5.2.2 Development of grammar in dependence on vocabulary size | 60 |
| 5.3 Summary | 68 |
| 6 Effects of gender, socioeconomic status and birth order on variation in early language development | 71 |
| 6.1 Gender | 72 |
| 6.2 Socioeconomic status - mothers' educational level | 75 |
| 6.3 Birth order | 79 |
| 6.4 Summary | 82 |

| | | |
|--------|---|-----|
| 7 | Reliability and validity of FRAKIS..... | 85 |
| 7.1 | Reliability | 85 |
| 7.2 | Validity | 88 |
| 7.3 | Summary | 89 |
| 8 | Stability of individual differences | 91 |
| 9 | Discussion | 95 |
| 9.1 | Developmental trends and variability..... | 95 |
| 9.2 | CDI in different languages and specialities of the German adaptation..... | 96 |
| 9.3 | Interrelations between scales..... | 99 |
| 9.4 | Effects of gender, birth order and socioeconomic status..... | 102 |
| 9.5 | Stability of individual differences | 104 |
| 9.6 | Reliability and validity of parent report data..... | 105 |
| 10 | Development of FRAKIS-K and norming study | 107 |
| 10.1 | Why a short form version?..... | 107 |
| 10.2 | Development and description of FRAKIS-K..... | 107 |
| 10.3 | Design and participants of the empirical study | 112 |
| 10.4 | Results | 114 |
| 10.5 | Psychometric properties..... | 118 |
| 10.6 | Summary of results and discussion..... | 118 |
| 11 | Use of FRAKIS and FRAKIS-K in research and clinical settings | 121 |
| 11.1 | Use in research..... | 121 |
| 11.2 | Use in for diagnostic purposes..... | 123 |
| 11.2.1 | Late onset of language | 123 |
| 11.2.2 | Monitoring early language development with FRAKIS-K and FRAKIS | 126 |
| | Literature | 131 |
