

## Contents / Inhalt

### Four-legged Geckos · Vierbeinige Geckos

#### CARPHODACTYLIDAE KLUGE, 1967

##### *Carphodactylus* GÜNTHER, 1897

|                                                  |    |
|--------------------------------------------------|----|
| <i>Carphodactylus laevis</i> GÜNTHER, 1897 ..... | 26 |
|--------------------------------------------------|----|

##### *Nephrurus* GÜNTHER, 1876

|                                                            |    |
|------------------------------------------------------------|----|
| <i>Nephrurus amya</i> COUPER & GREGSON, 1994 .....         | 27 |
| <i>Nephrurus asper</i> GÜNTHER, 1876 .....                 | 28 |
| <i>Nephrurus deleani</i> HARVEY, 1983 .....                | 29 |
| <i>Nephrurus laevis</i> DE VIS, 1886 .....                 | 30 |
| <i>Nephrurus levis</i> DE VIS, 1886 .....                  | 32 |
| <i>Nephrurus levis levis</i> DE VIS, 1886 .....            | 32 |
| <i>Nephrurus levis occidentalis</i> STORR, 1963 .....      | 34 |
| <i>Nephrurus levis pilbarensis</i> STORR, 1963 .....       | 35 |
| <i>Nephrurus milii</i> (BORY DE SAINT-VINCENT, 1823) ..... | 37 |
| <i>Nephrurus sheai</i> COUPER & GREGSON, 1994 .....        | 38 |
| <i>Nephrurus sphyrurus</i> (OGILBY, 1892) .....            | 39 |
| <i>Nephrurus stellatus</i> STORR, 1968 .....               | 40 |
| <i>Nephrurus vertebralis</i> STORR, 1963 .....             | 41 |
| <i>Nephrurus wheeleri</i> LOVERIDGE, 1932 .....            | 42 |
| <i>Nephrurus wheeleri wheeleri</i> LOVERIDGE, 1932 .....   | 42 |
| <i>Nephrurus wheeleri cinctus</i> STORR, 1963 .....        | 42 |

##### *Orraya* COUPER, COVACEVICH, SCHNEIDER & HOSKIN, 2000

|                                                                  |    |
|------------------------------------------------------------------|----|
| <i>Orraya occultus</i> (COUPER, COVACEVICH & MORITZ, 1993) ..... | 44 |
|------------------------------------------------------------------|----|

##### *Phyllurus* CUVIER, 1820

|                                                                                |    |
|--------------------------------------------------------------------------------|----|
| <i>Phyllurus amnicola</i> HOSKIN, COUPER, SCHNEIDER & COVACEVICH, 2000 .....   | 45 |
| <i>Phyllurus caudiannulatus</i> COVACEVICH, 1975 .....                         | 45 |
| <i>Phyllurus championae</i> SCHNEIDER, COUPER, HOSKIN & COVACEVICH, 2000 ..... | 45 |
| <i>Phyllurus gulbaru</i> HOSKIN, COUPER & SCHNEIDER, 2003 .....                | 46 |
| <i>Phyllurus isis</i> COUPER, COVACEVICH & MORITZ, 1993 .....                  | 46 |
| <i>Phyllurus kabikabi</i> COUPER, HAMLEY & HOSKIN, 2008 .....                  | 46 |
| <i>Phyllurus nepthys</i> COUPER, COVACEVICH & MORITZ, 1993 .....               | 47 |
| <i>Phyllurus ossa</i> COUPER, COVACEVICH & MORITZ, 1993 .....                  | 48 |
| <i>Phyllurus platurus</i> (SHAW, 1790) .....                                   | 48 |

##### *Saltuarius* COUPER, COVACEVICH & MORITZ, 1993

|                                                                      |    |
|----------------------------------------------------------------------|----|
| <i>Saltuarius cornutus</i> (OGILBY, 1892) .....                      | 49 |
| <i>Saltuarius kateae</i> COUPER, SADLIER, SHEA & WILMER, 2008 .....  | 50 |
| <i>Saltuarius moritzi</i> COUPER, SADLIER, SHEA & WILMER, 2008 ..... | 50 |
| <i>Saltuarius salebrosus</i> (COVACEVICH, 1975) .....                | 51 |
| <i>Saltuarius swaini</i> (WELLS & WELLINGTON, 1985) .....            | 52 |
| <i>Saltuarius wyberba</i> COUPER, SCHNEIDER & COVACEVICH, 1997 ..... | 52 |
| <i>Saltuarius</i> sp. ....                                           | 53 |

## DIPLODACTYLIDAE UNDERWOOD, 1954

*Crenadactylus* DIXON & KLUGE, 1964

|                                                             |    |
|-------------------------------------------------------------|----|
| <i>Crenadactylus ocellatus</i> (GRAY, 1845) .....           | 54 |
| <i>Crenadactylus ocellatus ocellatus</i> (GRAY, 1845) ..... | 54 |
| <i>Crenadactylus ocellatus bilineatus</i> (GRAY, 1845)..... | 54 |
| <i>Crenadactylus ocellatus naso</i> STORR, 1978 .....       | 54 |
| <i>Crenadactylus ocellatus rostralis</i> STORR, 1978 .....  | 55 |

*Diplodactylus* GRAY, 1832

|                                                                          |    |
|--------------------------------------------------------------------------|----|
| <i>Diplodactylus calcicolus</i> HUTCHINSON, DOUGHTY & OLIVER, 2009 ..... | 56 |
| <i>Diplodactylus capensis</i> DOUGHTY, OLIVER & ADAM, 2008 .....         | 56 |
| <i>Diplodactylus conspicillatus</i> LUCAS & FROST, 1897 .....            | 57 |
| <i>Diplodactylus fulleri</i> STORR, 1978 .....                           | 58 |
| <i>Diplodactylus furcosus</i> PETERS, 1863 .....                         | 58 |
| <i>Diplodactylus galeatus</i> KLUGE, 1963 .....                          | 59 |
| <i>Diplodactylus granariensis</i> STORR, 1979.....                       | 60 |
| <i>Diplodactylus granariensis granariensis</i> STORR, 1979 .....         | 60 |
| <i>Diplodactylus granariensis rex</i> STORR, 1988 .....                  | 62 |
| <i>Diplodactylus kenneallyi</i> STORR, 1988 .....                        | 62 |
| <i>Diplodactylus klugei</i> APLIN & ADAMS, 1998 .....                    | 62 |
| <i>Diplodactylus mitchelli</i> KLUGE, 1963 .....                         | 63 |
| <i>Diplodactylus ornatus</i> GRAY, 1845 .....                            | 64 |
| <i>Diplodactylus polyophthalmus</i> GÜNTHER, 1867 .....                  | 65 |
| <i>Diplodactylus pulcher</i> (STEINDACHNER, 1870) .....                  | 66 |
| <i>Diplodactylus savagei</i> KLUGE, 1963 .....                           | 67 |
| <i>Diplodactylus tessellatus</i> (GÜNTHER, 1875) .....                   | 67 |
| <i>Diplodactylus vittatus</i> GRAY, 1832 .....                           | 69 |
| <i>Diplodactylus wiru</i> HUTCHINSON, DOUGHTY & OLIVER, 2009 .....       | 70 |

*Lucasium* WERMUTH, 1965

|                                                                   |    |
