Introduction

119 European Genetic Diversity Through Space and Time

Sanchez-Mazas, A. (Geneva); Barbujani, G. (Ferrara)

121 Ancient DNA: A Window to the Past of Europe

Deguiloux, M.F.; Mendisco, F. (Talence)

133 Genetic Evidence for Prehistoric Demographic Changes in Europe

Barbujani, G. (Ferrara)

142 Investigating European Genetic History through Computer Simulations

Currat, M.; Silva, N.M. (Geneva)

154 The Onset of Lactase Persistence in Europe

Gerbault, P. (London)

162 A New HLA Map of Europe: Regional Genetic Variation and Its Implication for Peopling History, Disease-Association Studies and Tissue Transplantation

Sanchez-Mazas, A.; Buhler, S.; Nunes, J.M. (Geneva)

178 Impact of HLA Diversity on Donor Selection in Organ and Stem Cell Transplantation

Tiercy, J.-M. (Geneva); Claas, F. (Leiden)

187 European Genetic Diversity and Susceptibility to Pathogens

McLaren, P.J.; Fellay, J.; Telenti, A. (Lausanne)

194 Implications of Population History of European Romani on Genetic Susceptibility to Disease

Mendizabal, I. (Barcelona); Lao, O. (Rotterdam); Marigorta, U.M. (Barcelona); Kayser, M. (Rotterdam); Comas, D. (Barcelona)
