

# Overview of the content

|  |     |
|--|-----|
| Introductory note APC 3rd edition 2013 .....   | 2   |
| Foreword .....   | 11  |
| Table of Content .....   | 14  |
| Structure of the Anthroposophic Pharmaceutical Codex, APC .....  | 16  |
| List of Abbreviations and Symbols .....  | 17  |
| Glossary .....   | 18  |
| <br><b>PART I</b>  |     |
| Definitions .....  | 19  |
| <br><b>PART II a</b>   |     |
| General monographs of preparations and specific production methods<br>(Pharmaceutical processes) ..... | 23  |
| 1. SPECIAL TREATMENT OF RAW MATERIALS .....  | 28  |
| 2. METAL PREPARATIONS .....  | 29  |
| 3. TINCTURES, MOTHER TINCTURES, GLYCEROL MACERATES AND VISCOUS EXTRACTS ....                           | 30  |
| 4. SOLID STARTING MATERIALS OBTAINED BY HEAT .....   | 43  |
| 5. SOLID PREPARATIONS FROM PLANTS (DRYING ONTO A VEHICLE). ....  | 44  |
| 6. LIQUID DILUTIONS .....  | 46  |
| 7. COMPOSITIONS .....  | 46  |
| 8. POTENTISED PREPARATIONS .....   | 49  |
| 9. MIXTURES .....  | 52  |
| <br><b>PART II b</b>   |     |
| Individual monographs of starting materials and preparations .....                                     | 53  |
| <br><b>PART III</b>  |     |
| Dosage forms .....   | 59  |
| <br><b>PART IV</b>   |     |
| Appendices .....   | 66  |
| Appendix 2.1. List of minerals, rocks and natural waters .....   | 75  |
| Appendix 2.2. List of starting materials of botanical origin .....                                     | 85  |
| Appendix 2.3. List of starting materials of zoological origin .....                                    | 127 |
| Appendix 2.4. List of starting materials that can be described chemically .....                        | 153 |
| Appendix 2.5. List of starting materials that have undergone special treatment .....                   | 165 |
| Appendix 2.6. List of compositions .....   | 169 |
