

# Table of Contents

I. Introduction.....	13
II. Country Reports.....	19
1. European Union.....	19
1.1. The European Union and the climate in Europe.....	19
1.2. Agriculture: The livestock sector in the EU.....	19
1.3. The common agriculture and animal welfare policy.....	20
1.4. European Convention for the Protection of Animals during International Transport by the Council of Europe.....	24
1.5. Food Safety in the EU.....	25
2. Lebanon .....	26
2.1. General information.....	26
2.2. Historical overview.....	26
2.3. Agriculture in the Lebanon .....	28
2.4. Food safety .....	29
2.5. Animal welfare legislation in Lebanon.....	30
III. World Organization for Animal Health.....	33
IV. Import and Export standards established between the EU and Lebanon laying down animal welfare requirements.....	34
V. Comparative analysis of rules on key aspects of the protection of animals during transport.....	35
1. Methodology.....	35
2. Licencing of transport companies.....	36
2.1. Why is it needed that companies that carry out road transports of live animals have to be authorized for this activity by the competent authoritiesin order to ensure a satisfactory level of animal protection?.....	36
2.2. OIE recommendations concerning authorization of transport companies.....	36

2.3. Requirements concerning authorization of transporters carrying out commercial road transports of live animals laid down in the Regulation.....	37
2.4. Requirements concerning authorization of transporters carrying out commercial road transports of live animals established by current Lebanese legislation.....	37
2.5. Requirements concerning authorization of transporters carrying out commercial road transports of live animals laid down by the Lebanese Draft Law.....	38
2.6. Differences in the relevant rules concerning authorization of transporters carrying out commercial transports of live animals in the EU and in Lebanon.....	39
3. Mandatory training and/ or proof of competence for drivers and other personnel handling animals in relation with transport.....	40
3.1. Why is it needed to establish rules for mandatory training and proof of competence for drivers and other personnel handling animals in relation with transport in order to ensure a satisfactory level of animal protection?.....	40
3.2. OIE Recommendations concerning training and proof of competence for drivers and other personnel handling animals in relation to transport.....	41
3.3. Requirements for training and/ or proof of competence for drivers and other personnel handling animals established by the Regulation.....	42
3.4. Requirements for training and/ or proof of competence for drivers and other personnel handling animals established by current Lebanese legislation.....	42
3.5. Requirements for training and/ or proof of competence for drivers and other personnel handling animals established by the Lebanese Draft Law.....	43
3.6. Differences in the relevant rules concerning training and/ or proof of competence for drivers and other personnel handling animals in the EU and in Lebanon.....	44
4. Space allowances.....	44
4.1. Why is it needed to establish rules for minimum space allowances animals must be granted during transport in order to ensure a satisfactory level of animal protection?.....	44

4.2. OIE Recommendations concerning minimum space allowances for animals during road transport.....	45
4.3. Requirements for minimum space allowances for animals during road transport laid down in the Regulation.....	46
4.4. Requirements for minimum space allowances for animals during road transport established by the current Lebanese legislation.....	47
4.5. Requirements for minimum space allowances for animals during road transport established in the Lebanese Draft Law.....	47
4.6. Differences in the relevant rules concerning minimum space allowances during road transport in the EU and in Lebanon.....	47
5. Fitness for transport..... 48	
5.1. Why is it needed to lay down rules to ensure that only animals that are fit for the intended journey are transported?.....	48
5.2. OIE Recommendations concerning fitness for transport of animals subjected to road transports.....	49
5.3. Requirements concerning fitness for transport of animals subjected to road transport laid down by the Regulation.....	49
5.4. Requirements concerning fitness for transport of animals subjected to road transport established by the current Lebanese Legislation.....	51
5.5. Requirements concerning fitness for transport of animals subjected to road transport laid down in the Lebanese Draft Law.....	51
5.6. Differences in the relevant rules concerning fitness for transport of animals subjected to road transports in the EU and in Lebanon.....	53
6. Animal handling..... 54	
6.1. Why is it needed to lay down rules concerning animal handling in relation to transport in order to ensure a satisfactory level of animal protection?.....	54
6.2. OIE Recommendations concerning animal handling in relation to animal transport.....	55
6.3. Requirements concerning animal handling in relation to transport laid down by the Regulation.....	56
6.4. Requirements concerning animal handling in relation to transport laid down in the Lebanese Legislation.....	56

6.5. Requirements concerning animal handling in relation to transport laid down by the Draft Law.....	57
6.6. Differences in the relevant rules concerning animal handling in relation to transport in the EU and in Lebanon.....	57
7. Journey time.....	58
7.1. Why is it needed to lay down rules on journey time limits for road transports of live animals in order to ensure a satisfactory level of animal protection?.....	58
7.2. OIE Recommendations concerning journey time limits for road transports of live animals.....	58
7.3. Requirements concerning journey time limits for road transports of live animals laid down by the Regulation.....	59
7.4. Requirements concerning journey time limits for road transports of live animals established by the current Lebanese Legislation.....	60
7.5. Requirements concerning journey time limits for road transports of live animals laid down in the Lebanese Draft Law.....	60
7.6. Differences in the relevant rules concerning journey times for road transports of live animals in the EU and in Lebanon.....	60
8. Means of transport.....	61
8.1. Why is it needed to provide rules that require minimum standards for vehicles used for road transportation of live animals and for their approval in order to ensure a satisfactory level of animal protection?.....	61
8.2. OIE recommendations concerning means of transport used for road transport of animals.....	62
8.3. Requirements for road transport vehicles used for the transport of live animals and their approval laid down by the Regulation.....	63
8.4. Requirements for road transport vehicles used for the transport of live animals and their approval established by current Lebanese legislation.....	64
8.5. Requirements for road transport vehicles used for the transport of live animals and their approval established by the Lebanese Draft Law.....	64

8.6. Differences in the relevant rules concerning the requirements for road transport vehicles used for the transport of live animals in the EU and in Lebanon.....	65
9. Enforcement.....	65
9.1. Enforcement of rules concerning animal welfare during transport in the EU.....	65
9.2. Enforcement of rules concerning animal welfare during transport in Lebanon.....	69
9.3. Enforcement of rules concerning animal welfare according to the Lebanese Draft Law.....	69
VI. Conclusion.....	71
VII. Acknowledgments.....	75
Footnotes.....	77
VIII. References.....	89
IX. Appendix.....	97
