

Contents

Part I Introduction

1	Distal Radius Fractures: What Is the Problem?	3
	Tommy Lindau and Carl Ekholm	
2	A Historical Review of the Distal Radius Fracture.	11
	Leiv M. Hove	
3	Anatomy of the Wrist	21
	Tommy Lindau and Carl-Göran Hagert	
4	Biomechanics and Kinematics of the Wrist.	31
	Yngvar Krukhaug	
5	Epidemiology	37
	Kristbjörg Sigurdardottir	
6	Distal Radius Fractures and Osteoporosis.	45
	Magnus K. Karlsson, Per-Olof Josefsson, and Björn E. Rosengren	
7	Outcome Assessment After Distal Radius Fractures	53
	Markus Gabl and Rohit Arora	
8	Medicolegal Aspects of Distal Radius Fractures.	61
	Tim Davis	

Part II Diagnosis

9	Imaging	71
	Benedicte Lange and Karen-Lisbeth Bay Dirksen	
10	Classification Distal Radius Fractures.	83
	Tapio Flinkkilä	
11	How to Assess Fracture Instability.	93
	Yngvar Krukhaug	

Part III Treatment

12	Pharmacologic Treatment of Distal Radial Fractures	101
	Per Aspenberg	
13	Flow Chart for Treatment: A Standardized Treatment Program as an Aid in Primary Treatment of Distal Radius Fractures	105
	Antonio Abramo	
14	The Clinical Dilemma: Nonoperative or Operative Treatment	109
	Anders Ditlev Foldager-Jensen	
15	Clinical Diagnosis, Closed Reduction, and Plaster	115
	Carl Ekholm	
16	Closed Re-reduction: Is It an Alternative	121
	Margaret M. McQueen and Andrew D. Duckworth	
17	Closed Reduction and External Fixation of Unstable Distal Radius Fractures.	129
	John H. Williksen	
18	Closed Reduction and Percutaneous Pinning	139
	Torstein Husby	
19	Closed Reduction and Intramedullary Fixation of Distal Radius Fractures.	147
	Torben B. Hansen	
20	Closed Reduction and External Fixation or Open Reduction and Volar Internal Fixation: The Clinical Dilemma	153
	Maria Wilcke and Cecilia Mellstrand-Navarro	
21	Combined External Fixation and Internal Fixation	159
	Ola-Lars Hammer	
22	Open Reduction and Volar Plating: Surgical Guide	165
	Per Hølmer	
23	When Fixed-Angle Volar Plates Are Not Enough: Alternative Fixation Methods in Problem Fractures	171
	Magnus Tägil and Antonio Abramo	
24	Die-Punch Fractures: Open and Arthroscopy-Assisted Fixation	181
	Jarkko Vasenius	
25	Arthroscopy in Distal Radius Fractures	189
	Lars Adolfsson, Peter Jørgsholm, and Francisco del Piñal	
26	Associated Injuries in Distal Radius Fractures	201
	Tommy Lindau and Kerstin Oestreich	

27	Radial Styloid Fractures and Associated Carpal Injuries	211
	Niels Thomsen	
28	Acute Injuries Around the Distal Ulna	225
	Lars Adolfsson and Johan Scheer	
29	Bone Substitutes, Grafts and Cement	233
	Magnus Tagil	
30	The Elderly Osteoporotic Patient	241
	Rakel Sif Gudmundsdottir	
31	Rehabilitation	255
	Kerstin Runnquist	

Part IV Complications and Their Treatment

32	Complications: An Overview	265
	Per-Olof Josefsson, Björn E. Rosengren, and Magnus K. Karlsson	
33	Nerve Entrapments and Nerve Injuries in Distal Radius Fractures	271
	Adalsteinn Odinson	
34	Tendon Complications of Distal Radial Fractures	277
	Michael A.C. Craigen and Claire K. Simpson	
35	Complex Regional Pain Syndrome	285
	Niels H. Søre and Lene Buch	
36	Compartment Syndrome of the Forearm	293
	Leiv M. Hove and Christina Brudvik	
37	Extra-articular Malunion of the Radius; Osteotomy of the Radius	299
	Leiv M. Hove	
38	Ulnar Shortening Osteotomy After Distal Radius Fracture	305
	Peter Jørgsholm	
39	Intra-articular Malunion	317
	Francisco del Piñal	
40	Distal Radius Fractures and Secondary Carpal Dysfunction . . .	333
	Marc Garcia-Elias and Guillem Salva-Coll	
41	Secondary Osteoarthritis: Partial or Total Arthrodesis Versus Wrist Arthroplasty	343
	Michel E.H. Boeckstyns	
42	Secondary DRU Joint Problems Instability, Nonunion Styloid, and Ulnocarpal Abutment	349
	Jan-Ragnar Haugstvedt	

43	Salvage Procedures to the DRU Joint	363
	Dorte Engelund and Camilla Ryge	
44	Wrist Denervation	375
	Carlos Heras-Palou	
 Part V Miscellaneous		
45	Associated Fractures of the Distal Ulna	383
	Hebe Désirée Kvernmo	
46	Galeazzi's Fracture and Essex-Lopresti Injuries: Dislocation Fractures of the Forearm	391
	Jan-Ragnar Haugstvedt	
47	Distal Radius Fractures in Children	403
	Per-Henrik Randsborg
