

Contents

Part I Embryology and Anatomy

Embryology of the Kidney	3
Marina Zweyer	
Normal Radiological Anatomy and Anatomical Variants of the Kidney	17
Emilio Quaia, Paola Martingano, Marco Cavallaro, Michael Premm, and Roberta Angileri	
Normal Radiological Anatomy of the Retroperitoneum	75
Emilio Quaia and Antonio Giulio Gennari	

Part II Imaging and Interventional Modalities

Ultrasound of the Kidney	83
Emilio Quaia	
Computed Tomography	123
Alexia Rossi, Antonio Giulio Gennari, Roberta Angileri, Paola Martingano, Marco Cavallaro, Roberto Pozzi-Mucelli, Giulia Zamboni, Livia Bernardin, Alberto Contro, and Emilio Quaia	
Magnetic Resonance Imaging of the Kidney	167
Maria Assunta Cova, Alexia Rossi, Antonio Giulio Gennari, Marco Cavallaro, Paola Martingano, and Maja Ukmar	
Renal Angiography and Vascular Interventional Radiology	189
Fabio Pozzi-Mucelli, Andrea Pellegrin, and Roberta Pozzi-Mucelli	
Nuclear Medicine	223
Egesta Lopci and Stefano Fanti	
The Role of Kidney Biopsy in the Diagnosis of Renal Disease and Renal Masses	247
Michele Carraro and Fulvio Stacul	
Nonvascular Interventional Radiology	261
Raul N. Uppot and Arash Anvari	

Part III Non-Tumoral Pathology

Congenital and Development Disorders of the Kidney	283
Veronica Donoghue	
Renal Cystic Disease	305
Kyongtae T. Bae, Alessandro Furlan, and Achille Mileto	

Renal Parenchymal and Inflammatory Diseases.	335
Emilio Quaia	
Obstructive Uropathy, Pyonephrosis, and Reflux Nephropathy in Adults.	353
Emilio Quaia, Luca De Paoli, Paola Martingano, and Marco Cavallaro	
Nephrocalcinosis and Nephrolithiasis	391
Siân Phillips and Gareth R. Tudor	
Acute Renal Infections.	411
Alfredo Blandino, Silvio Mazziotti, F. Minutoli, G. Ascenti, and M. Gaeta	
Chronic Renal Infections and Renal Fungal Infections	437
Emilio Quaia, Paola Martingano, Marco Cavallaro, Roberta Angileri, and Fulvio Stacul	
Renal Vascular Abnormalities	469
Therese M. Weber and Mark E. Lockhart	
Imaging of Renal Trauma	483
Stuart E. Mirvis	
Part IV Tumoral Pathology	
Benign Solid Renal Tumors.	501
Emilio Quaia	
Imaging in Renal Cell Carcinoma	537
Daichi Hayashi, Ali Guermazi, and Nagaraj Setty-Holalkere	
Rare and Secondary Tumors of the Kidney and Renal Pseudotumors.	571
Annelies Rappaport and Raymond H. Oyen	
Radio-frequency Ablation and Cryoablation for Renal Cell Carcinoma.	593
Andrew Hines-Peralta, S. Nahum Goldberg, Emilio Quaia, and Fulvio Stacul	
Upper Urinary Tract Tumors	603
Emilio Quaia and Paola Martingano	
Renal Lymphoma and Renal Sarcoma	631
Annelies Rappaport and Raymond H. Oyen	
Cystic Renal Masses.	645
Olivier H��l��non, J.M. Corre��s, S. Merran, and A. Vieillefond	
Part V Special Topics	
The Pediatric Kidney.	675
Michael Riccabona	
The Kidney in the Elderly.	709
Emilio Quaia	
Renal Failure	739
Emilio Quaia	
Renal Transplantation.	757
Nicolas Grenier	
Imaging of Dialysis.	787
Emilio Quaia, Salvatore Sammartano, and Ferruccio Degrossi	

Imaging of the Postoperative Kidney	807
Emilio Quaia	
Contrast Media-Induced Nephropathy and Nephrogenic Systemic Fibrosis	825
Fulvio Stacul	
Functional Imaging of the Kidney	839
Nicolas Grenier	
Molecular Imaging and Tumoral Antigen Targeting	863
Cristina Nanni and Stefano Fanti	
Research Perspectives and Future Trends in Renal Imaging	871
Nicolas Grenier	
Index	889
