

Contents

1	Introduction	1
	René Adam	
 Part I Basics of Regional Tumor Therapies		
2	Pharmacokinetic Aspects of Regional Tumor Therapy	5
	Martin Czejka and Katharina Schüller	
3	Embolization Materials, Catheters, and Intra-arterial Ports	19
	Geert A. Maleux	
 Part II Intra-arterial Therapies: Liver		
4	HCC	31
	Franco Orsi	
5	CRC Liver Metastases	55
	M. Peeters	
6	Liver Metastases of Neuroendocrine Tumors and CCC	73
	Thomas Ettrich and Thomas Seufferlein	
7	Liver Metastases of Other Indications	89
	Michel Ducreux	
 Part III Intra-arterial Therapies: Lung, Head and Neck		
8	Chemoembolization of Lung Tumors	109
	Thomas J. Vogl	
9	Head and Neck	125
	Adorján F. Kovács	

Part IV Thermoablation

10 Radiofrequency Ablation for Treating Malignant Tumors to the Liver 141
Andreas H. Mahnken and Thierry de Baère

11 Radiofrequency Ablation for Treating Malignant Tumors to the Lungs 155
Andreas H. Mahnken and Thierry de Baère
