List of contributing authors — XI	
Alexander Kieneke and Andreas Schmidt-Rhaesa	
1 Gastrotricha — 1	
1.1 Introduction — 1	
1.2 Morphology — 1	
1.2.1 General and external morphology — 1	
1.2.2 Integument — 4	
1.2.3 Musculature — 8	
1.2.4 Nervous system — 24	
1.2.5 Sensory structures — 26	
1.2.6 Intestinal system — 34	
1.2.7 Body cavities and connective tissue — 38	
1.2.8 Excretory system — 39	
1.2.9 Reproductive organs — 45	
1.2.9.1 Female gonad — 49	
1.2.9.2 Male gonad — 50	
1.2.9.3 Frontal and caudal organ — 51	
1.2.9.4 Reproductive system of the Paucitubulatina — 56	
1.2.9.5 Additional accessory structures — 56	
1.2.10 Gametes — 57	
1.2.10.1 Spermatozoa — 57	
1.2.10.2 Spermatogenesis and spermiogenesis — 70	
1.2.10.3 Eggs — 74	
1.2.10.4 Oogenesis — 75	
1.3 Reproduction and development — 78	
1.3.1 Reproductive biology — 78	
1.3.2 Cleavage and development — 84	
1.4 Physiology — 87	
1.5 Phylogeny — 87	
1.6 Systematics — 92	
1.6.1 Order Macrodasyida Brunson, 1950 — 93	
1.6.1.1 Family Cephalodasyidae Hummon & Todaro, 2010 — 93	
1.6.1.2 Family Dactylopodolidae Strand, 1929 — 95	
1.6.1.3 [Family Lepidodasyidae Remane, 1927] — 96	
1.6.1.4 Family Macrodasyidae Remane, 1926 — 97	
1.6.1.5 Family Planodasyidae Chandrasekhara Rao & Clausen, 1970 — 99	
1.6.1.6 Family Thaumastodermatidae Remane, 1927 — 100	
1.6.1.7 Family Turbanellidae Remane, 1927 — 105	
1.6.1.8 Family Xenodasyidae Todaro, Guidi, Leasi & Tongiorgi, 2006 — 108	
1.6.1.9 Family Redudasyidae Todaro, Dal Zotto, Jondelius, Hochberg, Hummon, Kånneby & Rocha, 2012 — 109	
1.6.2 Order Chaetonotida Brunson, 1950 — 110	
1.6.2.1 [Suborder Multitubulatina d'Hondt, 1971] — 110	
1.6.2.1.1 [Family Neodasyidae Remane, 1929] — 110	
1.6.2.2 Suborder Paucitubulatina d'Hondt, 1971 — 111	
1.6.2.2.1 Family Muselliferidae Leasi & Todaro, 2008 — 111	
1.6.2.2.2 Family Xenotrichulidae Remane, 1936 — 112	
1.6.2.2.3 Family Chaetonotidae Gosse, 1864 — 114	
1.6.2.2.4 Family Dasydytidae Daday, 1905 — 121	
1.6.2.2.5 Family Neogosseidae Remane 1927 — 123	
1.6.2.2.6 [Family Dichaeturidae Remane, 1927] — 124	
1.6.2.2.7 Family Proichthyidae Remane 1927 — 124	
1.6.2.3 Gastrotricha <i>incertae sedis</i> — 124	
1.7 Biogeography — 124	
1.8 Ecology — 125	
Acknowledgments — 126	
Literature — 126	
Wolfgang Sterrer and Martin V. Sørensen	
2 Phylum Gnathostomulida — 135	
2.1 Introduction and history of research (Fig. 2.1) — 135	
2.2 Morphology — 143	
2.2.1 General and external morphology (Figs. 2.2–2.6) — 143	
2.2.2 Integument (Figs. 2.7 and 2.8) — 145	
2.2.3 Musculature (Figs. 2.9 and 2.10) — 149	
2.2.4 Nervous system (Fig. 2.11) — 151	
2.2.5 Sensory structures (Fig. 2.12) — 152	
2.2.6 Intestinal system (Figs. 2.13–2.36) — 154	
2.2.6.1 Pharynx — 154	
2.2.6.2 Jaws — 158	
2.2.6.3 Basal plate and jugum — 169	
2.2.7 Body cavities and connective tissue — 171	
2.2.8 Excretory system (Fig. 2.37) — 172	
2.2.9 Reproductive organs (Figs. 2.38–2.41) — 172	
2.2.9.1 Female organs — 172	
2.2.9.2 Male organs — 174	

2.2.10	Gametes — 176	3.2	Morphology — 197
2.2.10.1	Eggs and oogenesis — 176	3.2.1	General and external morphology — 197
2.2.10.2	Sperm and spermiogenesis (Figs. 2.39 E and 2.42–2.46) — 176	3.2.2	Integument — 200
2.2.10.2.1	Spermiogenesis — 177	3.2.3	Musculature — 204
2.3	Reproduction and development — 180	3.2.4	Nervous system — 205
2.3.1	Reproductive biology — 180	3.2.5	Sensory structures — 206
2.3.2	Oviposition and cleavage — 181	3.2.6	Intestinal system — 207
2.3.3	Development (Fig. 2.47) — 182	3.2.7	Body cavities and connective tissue — 211
2.4	Biology and physiology (Figs. 2.48 and 2.49 — 182	3.2.8	Excretory system — 211
2.5	Ecology — 183	3.2.9	Reproductive organs — 212
2.6	Phylogeny — 184	3.2.10	Gametes — 212
2.7	Systematics — 187	3.3	Reproduction and development — 213
2.7.1	Phylum Gnathostomulida (Ax, 1956) Riedl, 1969 — 187	3.4	Physiology — 213
2.7.1.1	Order Filospertoidea Sterrer, 1972 — 187	3.5	Phylogeny — 213
2.7.1.1.1	Family Haplognathiidae, Sterrer 1972 — 187	3.6	Systematics — 215
2.7.1.1.2	Family Pterognathiidae Sterrer, 1972 — 188	3.7	Biogeography — 215
2.7.1.2	Suborder Conophoralia Sterrer, 1972 — 188	3.8	Paleontology — 216
2.7.1.2.1	Family Austrognathiidae Sterrer, 1971 — 188	3.9	Ecology — 216
2.7.1.3	Order Bursovaginoidea Sterrer, 1972 — 189		Literature — 216
2.7.1.4	Suborder Scleroperalia Sterrer, 1972 — 189		
2.7.1.4.1	Family Gnathostomariidae Sterrer, 1972 — 189		
2.7.1.4.2	Family Rastrognathiidae Kristensen & Nørrevang, 1977 — 189		
2.7.1.4.3	Family Agnathiellidae Sterrer, 1972 — 189		
2.7.1.4.4	Family Mesognathariidae Sterrer, 1972 — 190		
2.7.1.4.5	Family Paucidentulidae Sterrer, 1998 — 190		
2.7.1.4.6	Family Clausognathiidae Sterrer, 1992 — 190		
2.7.1.4.7	Family Probognathiidae Sterrer & Farris, 1975 — 190		
2.7.1.4.8	Family Onychognathiidae Sterrer, 1972 — 190		
2.7.1.4.9	Family Gnathostomulidae Sterrer, 1972 — 191		
2.8	Biogeography — 192		
2.9	Paleontology — 192 Acknowledgments — 192 Literature — 192

		4.2.7	Body cavity — 246
		4.2.8	Excretory system — 246
		4.2.8.1	Excretory system of the female — 246
		4.2.8.2	Excretory system of the male — 248
		4.2.9	Reproductive organs — 248
		4.2.9.1	Reproductive organs of the female — 248
		4.2.9.2	Reproductive organs of the male — 249
		4.2.10	Gametes — 249
		4.3	Reproduction and development — 251

4.3.1	Reproductive biology — 251	6.3.4	Characterization of orders and families of the Acanthocephala — 321
4.3.2	Cleavage — 252	6.3.4.1	Archiacanthocephala — 321
4.3.3	Development — 253	6.3.4.1.1	Apororhynchida: Apororhynchidae Shipley, 1899 (Fig. 6.2) — 322
4.4	Physiology — 253	6.3.4.1.2	Gigantorhynchida: Gigantorhynchidae Hamann, 1892 (Fig. 6.3) — 322
4.5	Phylogeny — 254	6.3.4.1.3	Moniliformida: Moniliformidae Van Cleave, 1924 (Figs. 6.1 and 6.3) — 322
4.6	Systematics — 255	6.3.4.1.4	Oligacanthorhynchida: Oligacanthorhynchidae Southwell & MacFie, 1925 (Fig. 6.3) — 322
4.6.1	Classification — 255	6.3.4.2	Eoacanthocephala — 323
4.6.2	Keys — 259	6.3.4.2.1	Gyracanthocephalida: Quadrigyridae Van Cleave, 1920 (Fig. 6.4) — 323
4.6.2.1	Key to higher taxa — 259	6.3.4.2.2	Neoechinorhynchida: Dendronucleatidae Sokolovskaia, 1962 — 323
4.6.2.2	Key to families of Bdelloidea — 259	6.3.4.2.3	Neoechinorhynchida: Neoechinorhynchidae Ward, 1917 (Fig. 6.4) — 323
4.6.2.3	Key to families of Ploima — 259	6.3.4.2.4	Neoechinorhynchida: Tenuisentidae Van Cleave, 1936 (Fig. 6.5) — 323
4.6.2.4	Key to families of Flosculariacea — 262	6.3.4.3	Palaeacanthocephala — 324
4.6.2.5	Key to families of Collothecacea — 262	6.3.4.3.1	Echinorhynchida — 324
4.6.3	Characterization of families — 262	6.3.4.3.2	Echinorhynchida: Arhythmacanthidae Yamaguti, 1935 (Fig. 6.5) — 325
4.7	Biogeography — 273	6.3.4.3.3	Echinorhynchida: Cavisomidae Meyer, 1932 (Fig. 6.5) — 325
4.8	Paleontology — 274	6.3.4.3.4	Echinorhynchida: Diplosetidae Tubangi & Masilungan, 1937 (Fig. 6.6) — 326
4.9	Ecology — 275	6.3.4.3.5	Echinorhynchida: Echinorhynchidae Cobbold, 1876 (Fig. 6.5) — 327
4.9.1	Feeding ecology — 275	6.3.4.3.6	Echinorhynchida: Fessisentidae Van Cleave, 1931 (Fig. 6.5) — 327
4.9.2	Habitat — 276	6.3.4.3.7	Echinorhynchida: Heteracanthocephalidae Petrochenko, 1956 (Fig. 6.6) — 327
4.9.2.1	Freshwater and limnoterrestrial habitats — 276	6.3.4.3.8	Echinorhynchida: Illiosentidae Golvan, 1960 (Fig. 6.6) — 327
4.9.2.2	Saline environments — 282	6.3.4.3.9	Echinorhynchida: Isthmosacanthidae Smales, 2012 (Fig. 6.6) — 327
4.9.2.3	Symbiotic associations — 284	6.3.4.3.10	Echinorhynchida: Pomphorhynchidae Yamaguti, 1939 (Fig. 6.7) — 328
	Literature — 286	6.3.4.3.11	Echinorhynchida: Rhadinorhynchidae Travassos, 1923 (Fig. 6.7) — 328
	Horst Taraschewski	6.3.4.3.12	Echinorhynchida: Sauracanthorhynchidae Bursey, Goldberg & Kraus, 2007 (Fig. 6.9) — 329
5	Acanthocephala: functional morphology — 301	6.3.4.3.13	Echinorhynchida: Transvenidae Pichelin & Cribb, 2001 (Fig. 6.7) — 329
5.1	Introduction — 301	6.3.4.3.14	Heteramorphida: Pyrrhynchidae Amin & Van Ha, 2008 (Fig. 6.8) — 329
5.2	General aspects — 301		
5.3	Body wall: host-parasite interface — 305		
5.4	Acanthocephalan muscles — 308		
5.5	Reproductive system and reproduction — 309		
5.6	Development: host-parasite interface in the intermediate host — 310		
5.7	Excretion and osmoregulation — 314		
5.8	Nervous and sensory receptor system — 314		
5.9	Phylogenetic considerations — 315		
	Literature — 315		
	Lesley Smales		
6	Acanthocephala — 317		
6.1	Introduction — 317		
6.2	Phylogeny — 317		
6.3	Systematics — 318		
6.3.1	Background to classification — 318		
6.3.2	Selection of diagnostic characters — 319		
6.3.3	Characterization of the classes of the Acanthocephala — 321		

6.3.4.3.15	Polymorphida: Centrorhynchidae Van Cleave, 1916 (Fig. 6.8) — 329	6.5.4	Key to the orders and families of the Palaeacanthocephala — 332
6.3.4.3.16	Polymorphida: Plagiorhynchidae Golvan, 1960 (Fig. 6.8) — 329		Literature — 334
6.3.4.3.17	Polymorphida: Polymorphidae Meyer, 1931 (Fig. 6.8) — 329		Bernd Sures
6.3.4.4	Polyacanthocephala — 330	7	Ecology of the Acanthocephala — 337
6.3.4.5	Uncertain assignment — 330	7.1	Introduction — 337
6.5	Taxonomic keys — 331	7.2	Life cycle — 337
6.5.1	Key to the classes of the Acanthocephala — 331	7.3	Behavior — 339
6.5.2	Key to the orders and families of the Archiacanthocephala — 332	7.4	Population ecology — 341
6.5.3	Key to the orders and families of the Eoacanthocephala — 332	7.5	Community ecology — 341
		7.6	Environmental parasitology — 341
			Literature — 342
			Index — 345
