

Table of contents

Index of Organic Compounds, Subvolume L1 (Supplement to Subvolumes C, F, I)

Introduction

1 General remarks.....	1
1.1 Selection of data	1
1.2 Drawing of structures	2
1.3 Sort criteria of the index	4
1.4 Reference description	4
1.5 Table structure.....	5
1.6 Exact volume titles and references	6

Data

2 Index sorted by molecular formula and chemical structures – New Compounds with 13 to 19 carbon atoms	11
---	----
