

Table of Contents

Foreword	iii
Abbreviations	iv
Illustrations	vi
Acknowledgements	viii
Chapter 1: Introduction	1
Chapter 2: Theoretical Parameters	6
2.1 Introductory Remarks	6
2.2 From Early Philological to Neogrammarian Theories of Language Change	8
2.3 The Neogrammarian Approach to Language Change	11
2.4 Structural and Generative Linguistics	12
2.5 The Object of Study	18
2.6 Definition of Terms	20
2.7 Interdisciplinary Approaches to Language Change	23
2.8 Language Change	25
2.9 The Ontogeny of Linguistic Change	28
2.10 The Function of Linguistic Change	30
2.11 The Mechanisms and Phylogeny of Linguistic Change	30
2.12 Phonological Mechanisms	30
2.13 Morphological Mechanisms	31
2.14 Syntactic Mechanisms	33
2.15 Towards a Phylogeny of Change	34
2.16 Macromechanical and Micromechanical Linguistic Change	35
2.17 Lack of Concrete Divisions with the Hierarchy and Mechanisms of Change	36
2.18 The Actuation of Change	37
2.19 ‘Critical Mass’ and the Punctuated Equilibrium Model	41
2.20 Linguistic Contact	47
2.21 The Role of Context in Linguistic Change	49
2.22 Summary	49
Chapter 3: History	51
3.1 Introduction	51
3.2 Environmental Factors	56
3.3 The Neolithic to the Early Bronze Age	59
3.4 The Middle Bronze Age, the Late Bronze Age, and the Classical Period	62
3.5 The Cimmerians	67
3.6 The Scythians	68

3.7	The Greek Colonies	70
3.8	The Sarmatians	71
3.9	The Early Slavs: Some Preliminary Remarks	71
3.10	The Early Slavs: Review of Primary Sources	72
3.11	The Early Slavs: Archaeological Evidence	75
