Preface	v
Acknowledgments	vi
Dedication	vi
1 Description	1
1.1 Terminology	1
1.2 Definition	1
1.2.1 Insight	3
1.2.2 Tics	3
1.2.3 OCD From an Interpersonal Perspective.	4
1.3 Epidemiology	5
1.4 Course and Prognosis	5
1.5 Differential Diagnoses	5
1.5.1 Generalized Anxiety Disorder (GAD)	5
1.5.2 Depression	6
1.5.3 Tics and Tourette's Syndrome (TS)	6
1.5.4 Delusional Disorders (e.g., Schizophrenia)	6
1.5.5 Impulse Control Problems	6
1.5.6 Obsessive-Compulsive Personality Disorder (OCPD)	7
1.5.7 Illness Anxiety (aka Hypochondriasis)	7
1.5.8 Body Dysmorphic Disorder (BDD)	7
1.5.9 Hoarding Disorder	7
1.6 Comorbidities	8
1.7 Diagnostic Procedures and Documentation	8
1.7.1 Structured Diagnostic Interviews	8
1.7.2 Semi-Structured Symptom Interviews	8
1.7.3 Self-Report Inventories	10
1.7.4 Documenting Changes in Symptom Levels	10
2 Theories and Models	12
2.1 Biological Theories	12
2.1.1 Neurotransmitter Theories	12
2.1.2 Neuroanatomical Theories	12
2.2 Psychological Theories	13
2.2.1 Learning Theory	13
2.2.2 Cognitive Deficit Models	13
2.2.3 Contemporary Cognitive-Behavioral Models	14
3 Diagnosis and Treatment Indications	19
3.1 Form vs. Function	19
3.2 The Diagnostic Assessment	20
3.3 Identifying the Appropriate Treatment	21
3.3.1 Empirically Supported Treatments for OCD	21
3.4 Factors That Influence Treatment Decisions	23
3.4.1 Age	23
3.4.2 Gender	23

3.4.3	Ethnic/Racial Background	23
3.4.4	Educational Level	24
3.4.5	Patient Preference	24
3.4.6	Clinical Presentation	24
3.4.7	OCD Symptom Theme	24
3.4.8	Interpersonal Factors	25
3.4.9	Insight	25
3.4.10	Comorbidity	25
3.4.11	Treatment History	26
3.5	Presenting the Recommendation for CBT	26
4	Treatment	28
4.1	Methods of Treatment	28
4.1.1	Functional Assessment	29
4.1.2	Self-Monitoring	33
4.1.3	Psychoeducation	34
4.1.4	Using Cognitive Therapy Techniques	42
4.1.5	Using Acceptance-Based Strategies	47
4.1.6	Planning for Exposure and Response Prevention	50
4.1.7	Implementing Exposure and Response Prevention	56
4.1.8	Ending Treatment	68
4.2	Mechanisms of Action	70
4.3	Efficacy and Prognosis	71
4.4	Variations and Combinations of Methods	71
4.4.1	Variants of CBT Treatment Procedures	71
4.4.2	Combining Medication and CBT	72
4.4.3	Involving Significant Others in Treatment	72
4.5	Problems in Carrying Out the Treatment	73
4.5.1	Negative Reactions to the CBT Model	73
4.5.2	Nonadherence	74
4.5.3	Arguments	75
4.5.4	Persistent Family Accommodation of OCD Symptoms	76
4.5.5	Therapist's Inclination to Challenge the Obsession	77
4.5.6	Hijacking Psychoeducational and Cognitive Interventions	78
4.5.7	Using Exposure to Control Anxiety	79
4.5.8	Unbearable Anxiety Levels During Exposure	79
4.5.9	Absence of Anxiety During Exposure	80
4.5.10	Therapist Discomfort With Conducting Exposure Exercises	80
4.6	Multicultural Issues	80
5	Case Vignettes	82
5.1	Case Vignette 1: Contamination Symptoms	82
5.2	Case Vignette 2: Harming Symptoms	84
5.3	Case Vignette 3: Incompleteness Symptoms	86
5.4	Case Vignette 4: Unacceptable Thoughts	88
6	Further Reading	91
7	References	92
8	Appendix: Tools and Resources	94
