

Contents

Part I An Overview of Safety Pharmacology and Its Role in Drug Discovery

A Historical View and Vision into the Future of the Field of Safety Pharmacology	3
Alan S. Bass, Toshiyasu Hombo, Chieko Kasai, Lewis B. Kinter, and Jean-Pierre Valentin	
In Vitro Early Safety Pharmacology Screening: Perspectives Related to Cardiovascular Safety	47
Gary Gintant	
Safety Pharmacology in Drug Discovery and Development	65
Bruce H. Morimoto, Erin Castelloe, and Anthony W. Fox	

Part II The Safety Pharmacology Core Battery

CNS Adverse Effects: From Functional Observation Battery/Irwin Tests to Electrophysiology	83
Carlos Fonck, Alison Easter, Mark R. Pietras, and Russell A. Bialecki	
Preclinical Abuse Potential Assessment	115
Mary Jeanne Kallman	
Overview of Respiratory Studies to Support ICH S7A	131
Michael Stonerook	
Biophysics and Molecular Biology of Cardiac Ion Channels for the Safety Pharmacologist	149
Michael K. Pugsley, Michael J. Curtis, and Eric S. Hayes	
Sensitivity and Specificity of the In Vitro Guinea Pig Papillary Muscle Action Potential Duration for the Assessment of Drug-Induced Torsades De Pointes Liability in Humans	205
Joffrey Ducrocq	

Haemodynamic Assessment in Safety Pharmacology	221
Simon Authier, Michael K. Pugsley, and Michael J. Curtis	
High Definition Oscillometry: Non-invasive Blood Pressure Measurement and Pulse Wave Analysis	243
Beate Egner	
Part III Supplemental Safety Pharmacology	
The Safety Pharmacology of Auditory Function	267
Matthew M. Abernathy	
Gastrointestinal Safety Pharmacology in Drug Discovery and Development	291
Ahmad Al-Saffar, André Nogueira da Costa, Annie Delaunois, Derek J. Leishman, Louise Marks, Marie-Luce Rosseels, and J.-P. Valentin	
Renal Safety Pharmacology in Drug Discovery and Development	323
Amanda Benjamin, Andre Nogueira da Costa, Annie Delaunois, Marie-Luce Rosseels, and Jean-Pierre Valentin	
Inclusion of Safety Pharmacology Endpoints in Repeat-Dose Toxicity Studies	353
Will S. Redfern	
Part IV Safety Pharmacology of Biological and Anticancer Pharmaceuticals	
Safety Pharmacology Evaluation of Biopharmaceuticals	385
Hamid R. Amouzadeh, Michael J. Engwall, and Hugo M. Vargas	
Safety Pharmacology of Anticancer Agents	405
Pauline L. Martin	
Part V Clinical Safety Pharmacology	
Clinical ECG Assessment	435
Borje Darpo	
Index	469
