

Table of Contents

Multimodal Integration

Cross-Modality Matching of Loudness and Perceived Intensity of Whole-Body Vibrations	1
<i>Sebastian Merchel and M. Ercan Altinsoy</i>	
Leaping across Modalities: Speed Regulation Messages in Audio and Tactile Domains	10
<i>Kai Tuuri, Tuomas Eerola, and Antti Pirhonen</i>	
The Effect of Spatial Disparity on the Integration of Auditory and Tactile Information	20
<i>M. Ercan Altinsoy</i>	
Parametric Study of Virtual Curvature Recognition: Discrimination Thresholds for Haptic and Visual Sensory Information	26
<i>W. Jong Yoon, Joel C. Perry, and Blake Hannaford</i>	
Cross-Modal Frequency Matching: Sound and Whole-Body Vibration ...	37
<i>M. Ercan Altinsoy and Sebastian Merchel</i>	

Tactile and Sonic Explorations

Audioworld: A Spatial Audio Tool for Acoustic and Cognitive Learning	46
<i>André Melzer, Martin Christof Kindschmüller, and Michael Herczeg</i>	
Exploring Interactive Systems Using Peripheral Sounds	55
<i>Saskia Bakker, Elise van den Hoven, and Berry Eggen</i>	
Basic Exploration of Narration and Performativity for Sounding Interactive Commodities	65
<i>Stefano Delle Monache, Daniel Hug, and Cumhur Erkut</i>	
Tactile Web Browsing for Blind Users	75
<i>Ravi Kuber, Wai Yu, and M. Sile O'Modhrain</i>	
Reducing Reversal Errors in Localizing the Source of Sound in Virtual Environment without Head Tracking	85
<i>Vladimir Ortega-González, Samir Garbaya, and Frédéric Merienne</i>	

Walking and Navigation Interfaces

Conflicting Audio-haptic Feedback in Physically Based Simulation of Walking Sounds	97
<i>Luca Turchet, Stefania Serafin, Smilen Dimitrov, and Rolf Nordahl</i>	
The Influence of Angle Size in Navigation Applications Using Pointing Gestures	107
<i>Charlotte Magnusson, Kirsten Rasmus-Gröhn, and Delphine Szymczak</i>	
Audio-tactile Display of Ground Properties Using Interactive Shoes	117
<i>Stefano Papetti, Federico Fontana, Marco Civolani, Amir Berrezag, and Vincent Hayward</i>	
Efficient Acquisition of Force Data in Interactive Shoe Designs.....	129
<i>Marco Civolani, Federico Fontana, and Stefano Papetti</i>	
A Comparison of Two Wearable Tactile Interfaces with a Complementary Display in Two Orientations	139
<i>Mayuree Srikulwong and Eamonn O'Neill</i>	

Prototype Design and Evaluation

Virtual Sequencing with a Tactile Feedback Device	149
<i>Victor Zappi, Marco Gaudina, Andrea Brogni, and Darwin Caldwell</i>	
The LapSlapper - Feel the Beat	160
<i>Mads Stenhoj Andresen, Morten Bach, and Kristian Ross Kristensen</i>	
Product Design Review Application Based on a Vision-Sound-Haptic Interface	169
<i>Francesco Ferrise, Monica Bordegoni, and Joseba Lizaranzu</i>	
The Phantom versus the Falcon: Force Feedback Magnitude Effects on User's Performance during Target Acquisition	179
<i>Lode Vanacken, Joan De Boeck, and Karin Coninx</i>	

Gestures and Emotions

Building a Framework for Communication of Emotional State through Interaction with Haptic Devices.....	189
<i>Eric W. Cooper, Victor V. Krysanov, and Hitoshi Ogawa</i>	
A Trajectory-Based Approach for Device Independent Gesture Recognition in Multimodal User Interfaces	197
<i>Mathias Wilhelm, Dirk Roscher, Marco Blumendorf, and Sahin Albayrak</i>	
Author Index	207
