

Contents

Part I General

- 1 Embryology and Anatomy: Spine/Spinal Cord** 3
Shay Bess and Breton Line
- 2 Genetics** 15
Kenneth M.C. Cheung, Michael To, Daniel W.H. Ho,
and You-Qiang Song
- 3 Relevant Biomechanics to Growth Modulation** 31
Brian Snyder, Robert M. Campbell, and Tricia St. Hilaire
- 4 Normal Growth of the Spine and Thorax** 47
Alain Dimeglio, Federico Canavese, and François Bonnel
- 5 Thoracic Insufficiency Syndrome** 83
Gregory J. Redding
- 6 What Can We Learn About Ribs and Vertebra Growth
from an Osteological Collection?** 95
Richard M. Schwend, Behrooz A. Akbarnia,
John Schmidt, Laurel C. Blakemore, and Julie L. Reigut

Part II Patient Evaluation

- 7 Classification of Early-Onset Scoliosis** 113
Michael G. Vitale and Evan Trupia
- 8 Clinical Examination and Associated
Comorbidities of Early Onset Scoliosis** 123
Hazem B. Elsebaie and Jeff Pawelek
- 9 Imaging of the Growing Spine** 139
John T. Smith, Peter O. Newton,
Christine L. Farnsworth, and Kevin Parvaresh

Part III Spinal Deformities in the Growing Child

- 10 Idiopathic Early Onset Scoliosis** 151
Gregory M. Mundis Jr., Laurel C. Blakemore,
and Behrooz A. Akbarnia

11	Congenital Scoliosis	167
	Muharrem Yazici, Guney Yilmaz, and Noriaki Kawakami	
12	Treatment of Spinal Deformity in Cerebral Palsy	191
	Suken A. Shah and Leok-Lim Lau	
13	Other Neuromuscular Diseases.	211
	Burt Yaszay and Brian P. Scannell	
14	Myelomeningocele	229
	Lawrence I. Karlin	
15	Intraspinal Pathology	249
	Nejat Akalan, Luke Macyszyn, Steven Hwang, and Amer F. Samdani	
16	Neurofibromatosis	265
	Viral V. Jain, Marios G. Lykissas, and Alvin H. Crawford	
17	The Growing Spine in Marfan and Loeys–Dietz Syndromes	293
	Jarred Bressner, Ehsan Jazini, and Paul D. Sponseller	
18	Other Syndromic Disorders of the Growing Spine.	307
	Ehsan Jazini, Jarred Bressner, and Paul D. Sponseller	
19	Spinal Deformity in Metabolic Disorders	317
	James O. Sanders	
20	Spinal Manifestations of Skeletal Dysplasias	335
	Leok-Lim Lau and William Mackenzie	
21	Pediatric Spine Trauma.	359
	Emmanouil Grigoriou and John P. Dormans	
22	Sports and Sports-Related Injuries in the Growing Spine	383
	R. Justin Mistovich and Keith Baldwin	
23	Sagittal Plane Alignment and Deformities in Growing Children	395
	Ron El-Hawary, Luke Gauthier, and Acke Ohlin	
24	Spondylolisthesis	415
	Dietrich Schlenzka	
25	Management of Spine Tumors in Young Children	449
	R. Emre Acaroglu, Halil Gokhan Demirkiran, Riccardo Ghermandi, and Stefano Boriani	

26	Acute Pediatric Spinal Infections	473
	Ahmet Alanay and Caglar Yilgor	
27	Pediatric Spinal Infections (Chronic)	483
	S. Rajasekaran, Rishi Mugesh Kanna, and Ajoy Prasad Shetty	
 Part IV Management of Spinal Deformity in the Growing Child: Non-surgical		
28	Orthotic Management for Early Onset Scoliosis	509
	Michael P. Glotzbecker, John B. Emans, and M. Timothy Hresko	
29	Casting for Early Onset Scoliosis	529
	James O. Sanders	
30	Halo-Gravity Traction	537
	Charles E. Johnston	
 Part V Management of Spinal Deformity in the Growing Child: Traditional Surgery		
31	Hemivertebrectomy in Early-Onset Scoliosis	555
	G. Bollini, P.L. Docquier, and Jean-Luc Jouve	
32	Vertebral Osteotomy	571
	Tamás Fülöp Fekete, Daniel Haschtmann, and Dezső Jeszenszky	
33	Vertebral Resection	583
	Dezső Jeszenszky, Daniel Haschtmann, and Tamás Fülöp Fekete	
34	Surgical Management of Kyphosis in Meningomyelocele	597
	Jozef Murar and John F. Sarwark	
35	Revision Spine Surgery in the Growing Child	609
	Matthew E. Cunningham and Oheneba Boachie-Adjei	
36	Instrumented Fusion in Early-Onset Scoliosis	623
	Lawrence G. Lenke	
37	Post-operative Infection in Early-Onset Scoliosis	639
	Francisco J. Sanchez Pérez-Grueso	
 Part VI Management of Spinal Deformity in the Growing Child: Growth Friendly Surgery		
38	Single and Dual Traditional Growing Rods	645
	George H. Thompson and Behrooz A. Akbarnia	

39	VEPTR Expansion Thoracoplasty	669
	Robert M. Campbell	
40	Convex Growth Arrest for Congenital Scoliosis	691
	Muharrem Yazici and Ozgur Dede	
41	Growth-Guided Instrumentation: Shilla Procedure.	701
	Richard E. McCarthy and Scott J. Luhmann	
42	Growth-Guided Instrumentation: Luqué Trolley	713
	Jean A. Ouellet, Catherine E. Ferland, and Hossein Mehdiian	
43	Anterior Growth Modulation Techniques: Vertebral Body Stapling	731
	Patrick J. Cahill, Justin Iorio, Amer F. Samdani, Joshua M. Pahys, and Randal R. Betz	
44	Growth Modulation Techniques: Tethering	751
	Peter O. Newton, Vidyadhar V. Upasani, and Christine L. Farnsworth	
45	Growth Modulation Techniques: Titanium Clip-Screw Implant System (HemiBridge)	769
	Eric J. Wall, Donita I. Bylski-Austrow, Joseph E. Reynolds, Alvin H. Crawford, Viral V. Jain, and George H. Thompson	
46	Apical Control in the Management of Severe Early-Onset Scoliosis.	783
	Charles E. Johnston	
47	Magnetically Controlled Growing Rods (MCGR)	793
	Behrooz A. Akbarnia and Navid Arandi	
48	Distraction-Based Growth Friendly Implants with Rib Anchors.	805
	Lindsay Andras and David L. Skaggs	
49	Plate-Rod System in the Management for Progressive Scoliosis in Growing Children	819
	Qibin Ye, Zhengda Kuang, GuanJun Wang, Jin Lin, Xinyu Zhang, and Mingkui Du	
50	Complications Following Distraction-Based Growth-Friendly Surgery in Early-Onset Scoliosis	835
	John B. Emans and Behrooz A. Akbarnia	

Part VII Patient Care and Outcomes

51	Anesthesia and Postoperative Management of Spinal Deformity Surgery in Growing Children.	857
	Ivan Florentino-Pineda and Ahsan Qadeer	

52	Repetitive Anesthesia Concerns in Early-Onset Scoliosis	873
	Manon Haché, Teeda Pinyavat, and Lena S. Sun	
53	Intraoperative Neurophysiological Monitoring During Corrective Spine Surgery in the Growing Child	883
	Daniel M. Schwartz, Anthony K. Sestokas, Alier J. Franco, and John P. Dormans	
54	Nursing Care	897
	Connie Poe-Kochert, Phyllis D'Ambra, and Pat Kostial	
55	Outcomes in Children with Early-Onset Scoliosis	909
	Howard Y. Park, James G. Wright, and Michael G. Vitale	
 Part VIII Current and Future Considerations		
56	Regulatory Policies Regarding Pediatric Spinal Devices	921
	Vincent J. Devlin	
57	A Journey from the Past to the Future	939
	Muharrem Yazici, Behrooz A. Akbarnia, and George H. Thompson	
	Index	945
