Standardization and Green Economic Change – The Case of Energy Efficiency in Buildings <i>Maj Munch Andersen & Lourenco Faria, Technical U. of Denmark, DK</i>	1
Participating in Standard Setting Organizations to Build Equity Strategic Alliances <i>Karim Benmeziane & Anne Mione, U. Montpellier, FR</i>	17
Harmonization vs. Mutual recognition of Standards within the TTIP – Exploring Factors that Influence Firms' Preferences. Evidence from the German Standardization Panel <i>Knut Blind & Jo-Ann Müller, TU Berlin, DE</i>	31
Innovation and Standardization as Drivers of Companies' Success in Public Procurement – An Empirical Analysis <i>Knut Blind & Anne Rainville, TU Berlin, DE</i>	49
Walking the Walk – Global Governance Beyond Wishful Thinking <i>Scott Cooper, ANSI, US</i>	67
Clash of the Titans: Standards, Innovations, and Strategies in the Electric Car Industry <i>Frank Steven Dahl Andersen, Danish Standards, DK</i>	85
The influence of Standards on Product Development and Quality Management in Mechanical and Electrical Engineering – Results of an Inquiry <i>Sandra Drechsler & Albert Albers, KIT, DE</i>	101
Market, Regulation, Market, Regulation <i>Christian Frankel & Jean-Pierre Galland, Copenhagen Business School, DK</i>	115
Electric Vehicle Standardisation in China – Quo vadis? <i>Martina Gerst, Edinburgh U., UK & Gao Xudong, Tsinghua U., CN</i>	129
Harmonization Versus Mutual Recognition: Some Pitfalls for the Coordination of Product Standards Under Imperfect Competition <i>Jan Guldager Joergensen & Philipp J.H. Schröder, Aarhus U., DK</i>	141
Dimensions of Standards for Innovation – From a Literature Review Towards a Framework for Anticipatory Standardisation <i>Jae-Yun Ho & Eoin O'Sullivan, U. of Cambridge UK</i>	157
Standardisation Management – Some Lessons to be Learnt <i>Kai Jakobs, RWTH Aachen U., DE</i>	175
R&D Resources and Development-related Standardization with Strong Network Effects – The Case of 3GPP and Telecom Firms <i>Magnus Johansson, Matts Kärreman & Amalia Foukaki, U. of Lund, SE</i>	191
Amidst a Plethora of Public and Private Interests: The Making of Regulation 1025/2012 on European Standardisation <i>Morten Kallestrup, U. of Southern Denmark, DK</i>	203
Science, Law and ... Pines: The French Perspective on the Co-production and Standardization of Turpentine <i>Marcin Krasnodebski, U. de Bordeaux, FR</i>	217
On the Implementation of Open Standards in Open Source Software: Under What Conditions Can Formal and Open Standards be Used? <i>Bjoern Lundell & Jonas Gamalielsson, U. Skövde, SE</i>	235

Standardization in the French Wine Industry. The loss of Authenticity? A Literature Review and Research Agenda <i>Laurens J.A. Maas & Henk J. de Vries, Erasmus U., NL</i>	253
The Trade Impact of European 'New Approach' Standards for Third Countries <i>Axel Mangelsdorf, BAM, DE; Esteban Ferro & John S. Wilson, The World Bank, US</i>	271
Predictive Capacity of Implementation of Management System Standards on Shaping CSR-Behavior <i>Ivana Mijatović, Nela Milosevic & Nemanja Milanovic; U. of Belgrade</i>	289
T Standards Essential Patents and Injunctions : A Question of Imbalance <i>Justin Pierce & Megi Medzmariashvili, U. of Lund, SE</i>	305
Standards and Their Application in Hydraulic Products <i>Agnes Ploschka; Bosch-Rexrodt, DE</i>	323
The Effects of Standards on Value Chains and Trade in Europe <i>Florian Ramel & Knut Blind TU Berlin, DE; Axel Mangelsdorf, BAM, DE</i>	341
The Influence of Standard Essential Patents on Trade <i>Florian Ramel & Knut Blind, TU Berlin, DE</i>	359
Environmental Management Certification and Innovation: Signal or Valuable Knowledge? <i>Cesare A.F. Riillo, STATEC, LU</i>	377
The Future of the Indonesian National Standardization System <i>Ike Permata Sari, BSN, ID</i>	395
Technology Transfer to Least Developed Countries by Means of IEC International Standards <i>Hans Teichmann; Ex-IEC, CH</i>	407
Significance and Development of Global Semantic Standards <i>Hans Teichmann, Ex-IEC, CH</i>	419
Standardization & Innovation in the Green Buildings field: Insights from Europe <i>Markus Arnez Wegelius & Philip Hedestad, U. of Lund, SE</i>	431
