Part I General Overview of Disaster and Mass Casualties Management: Organization

1 Introduction	3
Nikolaj Wolfson	
2 Epidemiology and History of Natural Disasters and Mass Casualties	7
Sakal Kiv, Nathan Douthit, Avram Shack, and Seema Biswas	
3 Warfare Medicine: Historical Perspectives	21
Katarina Silverplats	
4 Emergency Medical Services	29
Robert Dudgeon	
5 Treatment Capabilities of Field Hospitals at War and Mass-Casualty Disasters	37
Vladislav Dvoyris, Yitshak Kreiss, and Tarif Bader	
6 Role of Government and NGOs	47
Emily Ying Yang Chan and Wilson Li	
7 Civilian Hospital Role in Mass Casualty Event (MCE)	61
A. Khoury, Michael Halberthal, Gila Hymes, Liora Utitz, Shimon M. Reisner, Rami Mosheiff, and Meir Liebergal	
8 Individual Preparedness in Disaster Response	83
Wilson Li and Anthony Redmond	
9 Orthopedic Equipment Needs in Disaster Setting	97
Punto Dewo, Nikolaj Wolfson, and Brendon Drew	

Part II General Overview of Disaster and Mass Casualties Management: Orthopedic Injuries of Specific Event Types

10 Traumatic Injuries During Earthquakes	109
William Henry Boyce III, S.A. Saravanan, and Nikolaj Wolfson	
11 Tsunami and Flood	123
Taikoh Dohjima and Katsuji Shimizu	

12	Nuclear Disasters	127
	Hironobu Tokunaga	
13	Orthopedic Injuries in Transportation Disasters.	137
	Khaled Emara and Mohamed Al Kersh	
14	Terror-Related Trauma	147
	Asaf Acker and Dan Atar	
 Part III Treatment of Orthopaedic Injuries: General Treatment Principles		
15	Battlefield Triage.	165
	S. Rigal and F. Pons	
16	Fluid Resuscitation in Mass Casualty Incident	177
	Hany Bahouth, Shirley Or-Haim, Offir Ben-Ishay, James Frydman, and Yoram Kluger	
17	Transfusion Service and Blood Banking in Natural Disasters	185
	Eldad J. Dann	
18	Diagnostic Imaging in Mass Casualty Events	191
	Sameer Jain and Peter V. Giannoudis	
19	Mass Casualties and Damage Control Orthopedics	205
	Philipp Mommsen, Christian Macke, and Christian Krettek	
20	Prevention of Infection in Open Fractures in Mass Disasters.	217
	Efthymios Papasoulis, Charalampos G. Zalavras, and Michael J. Patzakis	
21	Primary Skeletal Stabilization and Role of External Fixations.	225
	Alexander Lerner, Nikolaj Wolfson, William Henry Boice III, and Arshak E. Mirzoyan	
22	Crush Injury and Crush Syndrome in an Earthquake Disaster Zone	237
	N. Daniel Reis and Ori S. Better	
23	Wound Care: From Primary Debridement to Final Reconstruction	243
	Brian M. Parrett and Michael C. Laliberte	
24	Vascular Injuries and Replantation	255
	David S. Kauvar	
25	Blast and Fragment Injuries of the Musculoskeletal System	269
	D.C. Covey and James R. Ficke	
26	The Role of the Anesthesiologist in the Response to Mass Casualty Catastrophic Events	281
	Jack M. Berger, Vladimir Zelman, and Rodolfo Amaya	

Part IV Treatment of Orthopaedic Injuries: Specific Orthopaedic Injuries

- 27 Hand and Wrist Injuries** 291
Ping-Chung Leung, Kwong-Sui Leung, and Leung-Kim Hung
- 28 Management of Mangled Extremities** 305
Shanmuganathan Rajasekaran and S. Raja Sabapathy
- 29 Limb Salvage: Lower Extremity** 321
Gerald E. Wozasek and Lukas Zak
- 30 Foot and Ankle Trauma: From the Crush to the Missed and Neglected Injuries** 337
Justin Robbins, James A. Nunley II, Ian Alexander, and Nikolaj Wolfson
- 31 Spine Injuries in Mass Casualties** 357
Evalina L. Burger and V.V. Patel
- 32 Pelvic and Acetabular Trauma** 363
Marcel Winkelmann, Sebastian Decker, and Christian Krettek
- 33 Amputations in Disasters** 385
Nikolaj Wolfson, Moris Topaz, Alexander Lerner, and Eric S. Weinstein
- 34 Nonunion and Osteomyelitis Following Fractures** 411
Mehmet Kocaoglu, I. Levent Eralp, and F. Erkal Bilen

Part V Treatment of Orthopaedic Injuries: Pediatric Injuries

- 35 An Overview: Pediatric Trauma During Natural and Man-Made Disasters** 439
Leonid M. Roshal
- 36 Pediatric Trauma in Earthquakes: General Principles of Care in Pediatric Trauma During Earthquakes** 445
Olga Karaseva and Leonid M. Roshal
- 37 Anesthesiology and Resuscitation in Children During Earthquakes** 453
V. Amcheslavsky, V. Bagaev, and Leonid M. Roshal
- 38 Medical Care for Children with Skeletal Injuries After Earthquakes** 465
Razmik Keshishian, Leonid Puzhitsky[†], Denis Basargin, Sergei Nikishov, Denis Ratin[†], and Leonid M. Roshal
- 39 Crush Syndrome in Children** 479
Leonid M. Roshal, Razmik Keshishian, Valeriy A. Mitish, and Olga Karaseva
- 40 Amputations in Children with Severe Trauma** 489
Valeriy A. Mitish, Leonid M. Roshal, and Pavel Medinskiy

41	Spine Trauma in Children in Earthquakes	501
	O. Iskhakov, S. Mescheryakov, and Leonid M. Roshal	
42	Severe Fractures and Pediatric Orthopedic Trauma in Disasters and Mass Casualties.	513
	Keith D. Baldwin and John P. Dormans	
 Part VI Treatment of Orthopaedic Injuries: Continuation of Care		
43	Prosthetic Rehabilitation in Disaster Areas	533
	Israel Dudkiewicz, Nimrod Rozen, and Michael Heim	
44	Education and Training in War Surgery and Disaster Management	541
	Seema Biswas, Molly Sonenkler, Nathan Douthit, Sakal Kiv, and Nikolaj Wolfson	
45	Terminology and Resources for Disaster Orthopedics	553
	Nikolaj Wolfson and Guhanand Venkataraman	
	Index.	579
