

Contents

1	The Evolution of Frontal Sinus Surgery from Antiquity to the 21st Century	1
	Adil A. Fatakia, Alla Y. Solyar, and Donald C. Lanza	
2	Surgical Anatomy and Embryology of the Frontal Sinus	15
	Mohammad H. Al-Bar, Seth M. Lieberman, and Roy R. Casiano	
3	Radiologic Anatomy of the Frontal Sinus	35
	Ramon E. Figueroa	
4	Microbiology of Chronic Frontal Rhinosinusitis	45
	Subinoy Das	
5	Instruments for Frontal Sinus Surgery	51
	Vijay R. Ramakrishnan and Todd T. Kingdom	
6	Acute Frontal Sinusitis	63
	Ethan Soudry and Peter H. Hwang	
7	Chronic Frontal Rhinosinusitis: Diagnosis and Management	77
	Artur Gevorgyan and Wytse J. Fokkens	
8	Orbital Complications of Frontal Sinusitis	105
	Richard P. Manes, Bradley F. Marple, and Pete S. Batra	
9	CNS Complications of Frontal Sinus Disease	121
	Jonathan Liang and Andrew P. Lane	
10	Allergy and the Frontal Sinus	133
	Ansley M. Roche, Berrylin J. Ferguson, and Sarah K. Wise	
11	The Role of Fungus in Diseases of the Frontal Sinus	149
	Nathan A. Deckard, Bradley F. Marple, and Pete S. Batra	

12	Headache and the Frontal Sinus	169
	Charles A. Parker and Allen M. Seiden	
13	Frontal-Orbital-Ethmoid Mucoceles	189
	Raewyn Campbell, Ameet Kamat, Ioana Schipor, and James Palmer	
14	Pott’s Puffy Tumor	203
	Richard R. Orlandi	
15	The Frontal Sinus and Nasal Polyps	209
	Dustin M. Dalgorf and Richard J. Harvey	
16	Pediatric Frontal Sinusitis	221
	Kenneth D. Rodriguez and Charles S. Ebert Jr.	
17	Balloon Catheter Dilation of the Frontal Sinus Ostium	233
	Michael Sillers	
18	Balloon Catheter Sinuplasty for Children with Chronic Rhinosinusitis	243
	Andrew Terrell and Hassan H. Ramadan	
19	Primary Endoscopic Surgery	257
	David W. Jang and Stilianos E. Kountakis	
20	Image-Guidance in Frontal Sinus Surgery	271
	David Healy Jr. and Ralph Metson	
21	Office-Based Treatment and Management of the Frontal Sinus	285
	Praveen Duggal and John M. DelGaudio	
22	Revision Endoscopic Frontal Sinus Surgery	301
	Alexander G. Chiu, Gregg H. Goldstein, and David W. Kennedy	
23	The Supraorbital Ethmoid Cell	315
	Brett T. Comer and Stilianos E. Kountakis	
24	“Above and Below” FESS: Simple Trephine with Endoscopic Sinus Surgery	325
	Ankit M. Patel and Winston C. Vaughan	
25	Endonasal Frontal Sinus Drainage Type I–III According to Draf	337
	Wolfgang Draf	
26	Endoscopic Modified Lothrop Procedure	357
	Jastin L. Antisdell and Stilianos E. Kountakis	

27	Frontal Sinus Rescue	371
	Martin J. Citardi	
28	The Frontal Sinus “Box”: A Simple Anatomic Concept with Implications for Surgical Approaches	381
	Brent A. Senior, Adam Campbell, Anthony Del Signore, and Mohamed Tomoum	
29	Frontal Sinus Stenting	393
	Calvin C. Wei, Seth J. Kanowitz, Richard A. Lebowitz, and Joseph B. Jacobs	
30	Outcomes After Frontal Sinus Surgery	403
	Michael G. Stewart and Aaron Pearlman	
31	Complications of Frontal Sinus Surgery	419
	Scott Graham	
32	Postoperative Care	431
	Robert C. Kern and Akaber Halawi	
33	Frontal Sinus Fractures	451
	Jeremiah A. Alt, Robert T. Adelson, and Timothy L. Smith	
34	Frontal Sinus Cerebrospinal Fluid Leaks	469
	Bradford A. Woodworth and Rodney J. Schlosser	
35	Inverted Papilloma of the Frontal Sinus	485
	Kenneth Rodriguez and Brent A. Senior	
36	Fibro-osseous Lesions of the Frontal Sinus	495
	Kenneth Rodriguez, Mohamed Tomoum, and Brent A. Senior	
37	Frontal Sinus Malignancies	509
	Joanne Rimmer and Valerie J. Lund	
38	Extended Endonasal Approaches to the Anterior Skull Base with Emphasis on the Frontal Sinus	525
	Eric Mason, Hachem Jammal, and Clementino A. Solares	
39	Open Approaches to the Frontal Sinus	539
	Megan L. Durr and Andrew N. Goldberg
