

Table of Contents

Preface	VII
Table of Contents	XI
1 Procurement: the case for clout	1
1.1 It is a jungle out there	1
Extreme competition	2
Extreme volatility	3
Quest for sustainability	4
1.2 Getting more strategic after all	5
Strategic integration	5
Procurement-driven innovation	6
Bottom-line impact	6
Organizational setup	7
Emerging markets	8
Supply risk management	8
Talent management	9

2	From four basic strategies to 64 methods	11
2.1	Manage spend	15
	Demand management.....	16
	Co-sourcing	17
	Volume bundling.....	18
	Commercial data mining	19
2.2	Change the nature of demand	19
	Risk management.....	20
	Innovation breakthrough.....	21
	Technical data mining	22
	Re-specification.....	23
2.3	Leverage competition among suppliers.....	24
	Globalization.....	24
	Tendering.....	25
	Target pricing	26
	Supplier pricing review.....	27
2.4	Seek joint advantage with supplier	28
	Integrated operations planning	29
	Value chain management	30
	Cost partnership	31
	Value partnership	32
3	Using the Purchasing Chessboard	35
3.1	A company's fingerprint on the Purchasing Chessboard	38
3.2	Example of applying the Purchasing Chessboard.....	41

4	The Purchasing Chessboard	53
A1	Demand reduction	55
A2	Compliance management.....	57
A3	Procurement outsourcing	60
A4	Sourcing community.....	62
A5	Bottleneck management	65
A6	Vertical integration	69
A7	Core-cost analysis.....	70
A8	Invention on demand	73
B1	Contract management.....	77
B2	Closed loop spend management	80
B3	Mega supplier strategy	81
B4	Buying consortia	83
B5	Political framework management.....	84
B6	Intelligent deal structure.....	86
B7	Design for sourcing	88
B8	Leverage innovation network.....	90

C1	Bundling across product lines	93
C2	Supplier consolidation	95
C3	Master data management	97
C4	Cost-data mining	100
C5	Product benchmark	101
C6	Composite benchmark	103
C7	Product teardown	107
C8	Functionality assessment	108
D1	Bundling across sites	111
D2	Bundling across generations	113
D3	Spend transparency	114
D4	Standardization	116
D5	Complexity reduction	119
D6	Process benchmark	121
D7	Design for manufacture	124
D8	Specification assessment	126

E1	Global sourcing	127
E2	Make or buy	129
E3	Supplier market intelligence	132
E4	RFI/RFP process	134
E5	Visible process organization (VPO).....	139
E6	Collaborative capacity management.....	144
E7	Supplier tiering	146
E8	Value chain reconfiguration	148
F1	LCC sourcing.....	151
F2	Bestshoring.....	154
F3	Reverse auctions	157
F4	Expressive bidding.....	158
F5	Vendor-managed inventory (VMI)	160
F6	Virtual inventory management	162
F7	Sustainability management.....	164
F8	Revenue sharing	167

G1	Cost-based price modeling	168
G2	Cost-regression analysis	169
G3	Price benchmarking.....	173
G4	Total cost of ownership.....	175
G5	Supplier development.....	177
G6	Total life cycle concept	180
G7	Project-based partnership	183
G8	Profit sharing	185
H1	Linear performance pricing	186
H2	Factor-cost analysis	188
H3	Unbundled prices.....	189
H4	Leverage market imbalances	191
H5	Supplier fitness program	192
H6	Collaborative cost reduction	195
H7	Value-based sourcing.....	197
H8	Strategic alliance.....	199

5	The way forward	203
5.1	Application patterns	204
	Overview of cross-functional capabilities	205
	Core procurement cluster.....	206
	Controlling cluster.....	207
	Globalization cluster	207
	Entrepreneurship cluster.....	207
	IT cluster	207
	Statistics cluster	208
	Manufacturing cluster	208
	Engineering cluster	208
	Supply chain cluster.....	208
	Corporate strategy cluster	209
5.2	Innovative ways of using the Purchasing Chessboard	209
	Reverse application, using the Purchasing Chessboard as a creativity tool when developing a commodity strategy	210
	Using the Purchasing Chessboard to develop a vendor management strategy for large CAPEX programs	211
	Using the Purchasing Chessboard to plan and execute strategic corporate moves	211
5.3	Return on Supply Management Assets ROSMA.....	213
	Spend coverage	215
	Velocity	216
	Category yields	216
	Compliance.....	216
	Additional benefits	217

Appendix..... 221

About the authors..... 223
